Amazing experience with Easytruck. Arrived on time and were well organized. The move was fast and efficient. Will use Easytruck for any future moves.

Amazing! As always the guys at easy truck exceeded my expectations we have used them many time for full moves this job today was just a small move swapping all the furniture in one room to another... they were so quick and efficient they did Chip the wall but it was patched up perfectly before I even asked and they even re hung all my wonky paintings in the house that I tried to put up myself

Quick and quality work with excellent service! Timely service and reasonable pricing. Would highly recommend.

I have now used Easytruck 3 times over the years for all my moves and I couldn't recommend them enough! The team are always so friendly, helpful, and very efficient! Moving can be really stressful, but they take away a lot of the usual hassle. Thank you!

1. We Deliver your PODS straight to your front door
2. We Pack load and transport your PODS
3. We Store your PODS at our secure, A/C storage

We've turned traditional storage on its head by providing a simpler, cost effective, and safer way to store your

belongings.

Most self storage facilities have a number of drawbacks:

Our EasyPods are transportable, so we bring them to you. That means you only have to handle your property once, moving it into the POD, which we then take away and put into secure storage. When you need your property, you can access your pod at our site, or we'll bring it back to you.

The biggest advantage we have over our rivals is not the method of storage but the people who help to provide it. We take great pride in the high level of service we offer and we:

Tradition is great but not if it means providing an inferior service. So using our state-of-the-art storage pods and secure warehouse facilities, combined with excellent service, means your goods are safe, accessible when you need them and stored in a cost-effective manner. [Read Less](#)

Yes you can! Once you confirm your move with us with payment, we will happily deliver some materials & boxes so you can pack any personal items you wish to do yourself.

Absolutely! Our highly skilled team will dismantle and reassemble all large furniture items.

Yes we do! We will also get your TV on the wall and reconnect all your white goods as well.

In the unlikely event that we damage something, Easytruck offers an OPTIONAL individual item compensation we call 'EasyCover'.

It's not insurance, it's our damage repair or replacement guarantee. Upon selecting on your contract and paying for EasyCover prior to your move, Easytruck will compensate the customer for damages occurring due to negligence on the part of the company or any of its employees up to a maximum of AED3,000 total towards the cost of the repair or replacement of the damaged item(s).

Our team is always on time. We arrive at 8am sharp and generally have the first truck loaded by 10am. We move fast!

Yes, covered trucks are essential in this hot environment to protect your items from heat damage. Our trucks are covered and insulated with marine plywood.

The exact opposite! Mobile Storage is more affordable and much more convenient, because we take out many of the costs and hassles associated with traditional storage. Such as the need to hire labour and trucks. Plus, you only pay for professional packing and storing. Everything else is on us.

All our Mobile Storage PODs are made from top quality plywood. Why is this important? Because wood breathes and is proven as the safest way to store household items; protecting them from mold, mildew, and condensation.

Your POD will be delivered wherever you need it. Your home, office or any other location where your items need to be packed. Alternatively, our team can load them while they are still on our specially designed truck.

You're welcome to pack yourself if you'd prefer and would like to save on the cost. Alternatively for a small

fee, you can leave it to our professional packing team, who will professionally pack and load all your items for you.

Once your POD is packed and loaded, we'll hand you the keys and deliver it back to our safe and secure, air-conditioned warehouse for storage. We have a number of warehouses across Dubai – Al Quoz, Jebel Ali & Dubai Investment Park. Your POD will be available to you 7 days a week for free – just give us 24hrs notice! You can access your POD between 9am – 5pm 7 Days a week – we just need 24hrs notice so our warehouse staff are ready and available when you arrive. And because we write up a comprehensive inventory of the contents of each of your PODs, we'll always know exactly where everything is, for whenever you might need it. So there's no time wasted searching through your boxes for the things you need.

As short or as long as you want. And because we only charge by the day after your first month with us, you'll never have to pay for any storage time you don't use.

Naturally, for safety reasons, there are certain items you cannot store in your POD

It's recommended to book your move at least 4-6 weeks in advance. This allows us to plan and coordinate every aspect of the move, including customs clearance and shipping schedules.

We provide comprehensive services including packing, secure transport, customs clearance, and door-to-door delivery. We also offer insurance options and storage solutions if needed.

Our team has in-depth knowledge of global customs regulations. We handle all necessary documentation and procedures to ensure a smooth customs clearance process, minimizing delays and complications.

Yes, we offer comprehensive insurance options to protect your belongings throughout the entire moving process. Our team will help you choose the best coverage based on your needs.

Our professionals use high-quality packing materials and techniques tailored to each item. We handle all items with care, ensuring they are secure and protected during transport.

Yes, we offer secure, climate-controlled storage facilities for short-term or long-term needs. Your belongings will be safely stored until you're ready for delivery.

The duration of your move depends on various factors, including the destination country, customs clearance,

and shipping method. Our team will provide an estimated timeline based on your specific requirements.

We have a global network and can facilitate moves to most countries around the world. Contact us for specific details regarding your destination.

Costs are based on factors like the volume of items, destination, services required (packing, insurance, storage), and shipping method. We provide a detailed, transparent quote with no hidden fees.

We offer dedicated customer support throughout the entire process. You'll have a point of contact to keep you informed, answer any questions, and ensure a seamless experience.

Hiring some of our storage space in Dubai can be extremely helpful if you're moving house and your new home, for whatever reason, isn't ready for you to move in. Storage services in Dubai are also useful when decluttering your home as a place to store seasonal items or things you don't use very often.

For businesses, storage space for rent in Dubai can be used to store seasonal stock, equipment that's only used infrequently or documents that need to be archived, saving money on additional commercial space. In fact, the extra storage Dubai available through Easytruck can solve a lot of problems for domestic and commercial users.

When considering storage facilities in Dubai, there are several things you need to take into account:

We have over 2,000 EasyPods available and three warehouse locations to store them. That means we have a lot of capacity as well as great flexibility. The large numbers, however, don't mean you'll just be one among many because we believe in giving a personal service.

We always strive to do better, even though our current service level, according to our customers, is extremely good. If we do encounter problems, we don't ignore them but fix them as soon as possible. On the odd occasion when a customer isn't happy, we find out why and make sure we do better next time. We want all our customers to have the best possible experience, so they'll use us again and recommend others to do so.

We know your property is important to you, so we'll keep it safe, secure and easy to access at a competitive price. To experience all the benefits of our service, get in touch and arrange storage you can rely on. Read Less

3. We Store your PODS at our secure, A/C storage

We've turned traditional storage on its head by providing a simpler, cost effective, and safer way to store your belongings.

Born from a one-man and his van business, Easytruck developed over the years as a way to provide premium removal and storage facilities for those who want to protect and preserve their property using the most comprehensive of services.

Unlike many other companies in the industry, Easytruck takes care of the packing and storage – so you have fewer services to organise while moving property between locations. [Read More](#)

On top of that, we also provide the packing materials you need to ensure the safety of your items.

Our highly trained team is ready to help you pack up and load your property onto our truck. All items are stored in our purpose-built PODS, made from breathable and sturdy wood, allowing for the safe removal from your home, as well as safe storage in our humidity-controlled storage box.

Our team do all the heavy lifting, taking some of the stresses of moving from your shoulders, so you can concentrate on the other matters that need your attention during this time.

Accessing Your humidity-controlled Storage Box

At Easytruck, we offer a wide range of services – so whether you want a team of highly trained professionals to pack your home before a big move, or whether you want to store some beloved, personal items for safety and security, we can help.

While your belongings are stored with us, you are able to access them at a time that's convenient for you. As we keep all property stored within our PODS in a climate controlled storage area, we've perfected our system

to maintain the integrity of your property, while giving you the access you need.

You even get drive-up access to your POD door within the A/C controlled space, to maintain the perfect temperature while you access. To keep this system working perfectly, we ask that all visits to your POD are booked in advance, allowing us to ensure your PODS are available where you need them, and when.

Our experienced team prioritise the safety of your goods, working efficiently and taking great care to treat your property with respect. At the end of your visit to your POD, we're on hand to help you load items into your vehicle if required. If not, we'll return your POD to its storage location.

By using Easytruck services, you pay only for what you need. Other facilities charge by the room, meaning that you could end up paying far more than is necessary for the space you use.

Using Easytruck's POD system, we handle the logistics, so you only pay for exactly what you need. We keep our prices incredibly competitive through our Best Price Guaranteed for storage – so if you find a comparable service available for less, we'll beat the price by 5%.

You have convenient access to your PODS, with extensive inventory taken at the time of storage to ensure you always know where your property is – no more digging around in multiple boxes looking for that elusive item!

If you're looking for the best storage facilities available, you can receive an instant quote online by completing our easy-to-use online system. Do you have a home or business move coming up soon – and are you overwhelmed at the volume of packing

that needs done?

Gathering all your belongings for safe transportation, whether it's treasured sentimental items or bulky furniture...it can take a considerable amount of time to do the job well.

Consider the tales you've heard of other house movers and packers in Dubai. Yes, the property does get moved – but stories of breakage, damage, and loss are frequent enough that Easytruck decided to take the industry back to the drawing board.

Rather than focusing on squeezing as many removal services into the day as possible, we focus on the quality of our customers' experiences. We invest heavily into employee training to ensure your property is given the care and respect due to minimise the potential for damage.

Our house movers in Dubai offer the full package of services if necessary. From packing to setting up your TV in your new home, we're here to take the pressure from your move and help you get settled with the minimum of fuss.

Moving is a tough job. Everything takes time, and when you're feeling the pressure from multiple sources there's a risk that some of your items may be overlooked.

By outsourcing to Easytruck, you're guaranteeing yourself a hassle-free move. We can deliver all packing materials before your move, so you don't have to source any outside materials. Our packers in Dubai will come to your home or office and do all of the packing and all the handyman jobs you might need too.

Our packing materials ensure complete protection of your possessions – we even provide custom TV boxes that ensure your TV makes it through in one piece. Our trucks are insulated and covered, preventing damage en route from the weather, pests, dust, and sand.

Perhaps you have furniture that needs to be disassembled? Our highly trained team will not only take care of these tedious jobs for you – we'll also reassemble at the other end! Instead of spending the days after your move covered in tools and attachments, you'll have the time to savour the excitement fully and look forward to the positive future ahead.

Not to mention, after a long day that sees you move from one location to another, we'll even provide you with

a free pizza to celebrate your new property in style. Easytruck professional movers and packers in Dubai offer more than a simple A to B service, we offer you a whole new way to relocate with ease.

Whether you want a complete start-to-finish service with the help of our electricians, plumbers and handymen too – or whether you simply want a small load of possessions moved from one place to another, Easytruck is available to help.

We're a professional team, specialising in ensuring our customers don't have to lift a finger while we're there to take on the heavy lifting.

Your moving team will show up promptly, work efficiently, and keep your items safe from accidental damage. We'll disassemble, reassemble and get you some food to complete the stress-free move. Where else offers you such a relaxing move day?

Making websites accessible can help businesses and organisations reach a wider audience and enhance the user experience for all users, not just those with disabilities. When designing a new website, we prioritise ensuring that the website has a clear and intuitive navigation that is easy to use and consistent page structure. Additionally, we make sure that text is easy to read with sufficient contrast. We offer the option to align with varying levels of Web Content Accessibility Guidelines (WCAG) to ensure that websites are designed with accessibility in mind. View accessible websites in our portfolio.

If you're looking for a Gold Coast web design company, here's a few tips to consider. Have they been around for a while? We're constantly getting calls from people who's web design closed up shop and they can't get a hold of them anymore. Nobody wants that. Thrive has been around for over 16 years and have build a solid portfolio of work with businesses just like yours. Make sure the company you work with has a great reputation. We don't like to brag but let our customers tell you how great we are. With over 100 five star reviews on our google profile you can be confident that you're in safe hands. Lastly, make sure you call around. We're not only established and well regarded, we're also competitive. Contact us today for a detailed

website quote tailored to your needs.

At Thrive we stand out from other local Gold Coast web design agencies by prioritising a client-first approach to our work, ensuring that every website is customised to meet your specific needs and goals. We have a team of experienced and skilled designers in house who use the latest tools and technologies to create websites that are not only visually appealing but also built well and last. Because we offer a full range of services beyond web design, such as digital marketing, SEO, and social media management, we are a comprehensive solution for businesses looking to grow their online presence. We are committed to delivering exceptional customer service and building long-term relationships with our clients, so pick up the phone today and give us a call.

Each project we take on is unique so we ensure we provide accurate time estimates before starting the project. Generally, we allow for 2-3 weeks for logo and branding design and 6-10 weeks for the website design and build.

The project is broken up into these major phases:

Phase 1: Brand Design & Strategy

Phase 2: Web Design

Phase 3: Web Development

Phase 4: Content Population

Phase 5: Pre-launch checklist & SEO

This really depends on the site design and structure, so we can't provide accurate pricing until we learn more about the project. We specialise in high-end, modern, and custom-designed websites. We craft all our designs and code in-house without any pre-made themes or clunky templates. Once we have an idea of the scale and scope of your projects, we can provide a detailed pricing guide. Fill out our quote form and let's chat!

Thrive Web Design Gold Coast was founded in 2006 after Dean Oakley returned from working abroad in London. After a successful stint as a freelancer, it was time to scale up the operation and create his very own web design and development company and open a studio in Burleigh Heads on the Gold Coast.

Dean made several WordPress themes and plugins to help promote the Thrive website and in about two years,

the Thrive Digital site was ranking #1 for “web design” and “web design Gold Coast” locally. We have been extremely busy ever since!

It's our goal is to help other businesses thrive, as we have, with creative design, quality branding, and high-performance websites with effective digital marketing strategies.

Yes, our first web design office in Burleigh Heads opened in 2006! A lot has changed around Burleigh and the Gold Coast since then and we have enjoyed seeing the area change for the good and the bad.

Having a blog integrated into your web design is a great strategy for extending your website content without cluttering your site. Ideally, you will post interesting articles or tools that other websites can backlink to as a resource.

This content will have popular keyword phrases and be found in search engines, improving your site's traffic and general rankings. For example, you can post a regular newsfeed, give away useful resources and articles related to your field, show off media publicity or give away industry tips and tricks.

Blogs bring an added dimension to your website by allowing your customers to interact and engage with dynamic content on your website. We can also make it so you can add related blog posts to your existing core pages and content, so it takes the user on a complete journey, ending with a call-to-action.

All our web design projects come with a free SEO guide where we equip you with all the necessary tools to monitor search engine traffic and get the best possible search results. We also offer comprehensive ongoing SEO plans to help your website reach the top of competitive search terms in record time. To find out more, set up a meeting with our SEO manager today!

We build our sites so it's easy for you to add and edit your own content. This keeps our prices down and gives you more control and freedom over your site. We often copy some content or products from your existing site, but it's also a great opportunity to spring clean your copy and optimise it for the new site design. If you would like us to add your content or write new content, please request this as part of the quote.

We offer hosting and support packages from \$45 a month, including an SSL certificate and our ongoing support service so we can keep your site safeguarded and always be at hand to help you with any technical

issues. As part of our website hosting packages, we include premium plugins such as Gravity Forms, iThemes Security Pro, Updraft Backups Pro and of course Advanced Custom Fields. There may also be some commercial plugins needed for your site but these are usually minimal in cost.

Generally, WordPress is our go-to for custom websites and it's so user-friendly and highly customisable. It also has a large community of developers and users, which means there is ongoing development of the platform and many resources available for support. Additionally, WordPress is extremely SEO-friendly and has a variety of plugins and integrations available to enhance the functionality of a website.

Yes, our custom web designs include the ability to make updates and changes to all the content once the development is completed. We can provide support and help if needed. We do offer ongoing support and maintenance packages to help with major website updates and changes, but minor changes and fixes are included with our web hosting packages. We can also provide estimates if you need new custom sections or pages.

Increase your online visibility and reach more customers.

Page: Movers & Packers in Abu Dhabi: Top House & Furniture Services

For a limited time get your first month of storage for 1AED + Free insurance!

Leave the heavy lifting to us and enjoy fast, reliable and hassle-free moving services around Abu Dhabi with Easytruck™. Seriously, Moving Abu Dhabi has NEVER been this easy.

Amazing experience with Easytruck. Arrived on time and were well organized. The move was fast and efficient. Will use Easytruck for any future moves.

Amazing! As always the guys at easy truck exceeded my expectations we have used them many time for full moves this job today was just a small move swapping all the furniture in one room to another... they were so quick and efficient they did Chip the wall but it was patched up perfectly before I even asked and they even re hung all my wonky paintings in the house that I tried to put up myself

Quick and quality work with excellent service! Timely service and reasonable pricing. Would highly recommend.

I have now used Easytruck 3 times over the years for all my moves and I couldn't recommend them enough! The team are always so friendly, helpful, and very efficient! Moving can be really stressful, but they take away a lot of the usual hassle. Thank you!

1. We Pack your items while you sit back and relax
2. We Move your items safely from A to B
3. We Unpack your items while you sit back and relax (again)

Chances are you've been burnt by bad moving companies in the past. Everyone claims to "treat your items like their own" but what does that really mean? With Easytruck™, here's how we put you first on moving day.

From a small studio apartment to a 7-bedroom villa, our spacious trucks can fit everything that matters to you. Our award-winning moving team packs your items safely (so your TV isn't crushed under heavy furniture) and unpacks everything at your new home.

Check out our free moving calculator below and find the ideal truck load size for you. [Read More](#)

Moving home, or office, can bring a whole world of possibilities. It can help you feel more positive and

optimistic about the future. It can even help you experience more wonderful opportunities. But the price for this is the physical drawbacks of packing and moving.

Few people enjoy packing their possessions into boxes. And unpacking? Phew, it's a thought!

But luckily, you have the opportunity to put these jobs in the hands of the Easytruck team.

Our team of movers in Abu Dhabi is highly trained – with each member skilled in the art and science of safe packing techniques. Additionally, they are experienced in protecting items in transit whether fragile or bulky.

Alongside our punctual and efficient furniture movers in Abu Dhabi, you can also access the professional services of our electricians, plumbers and handymen for a comprehensive service that gets your new location move-in ready.

We will disassemble your furniture and reassemble it at the new location. We can remove and then install your shelving and plumb in your white goods, so you won't need to organise the services of multiple companies. By having all the moving jobs completed by Easytruck, you're working with one manager who will coordinate where employees need to be – removing the pressure from your shoulders.

Relying on our professional movers in Abu Dhabi guarantees your move will go seamlessly, leaving you to enjoy the experience and relax.

Beginning as a man and his van service, Easytruck founders discovered a need for a more personalised, reliable moving service in Abu Dhabi. Other companies often sacrifice diligence and care to improve efficiency. And since it's "just manual labour", very little thought or investment goes into ensuring the employees are equipped to provide a good value service.

As Easytruck has grown, we've invested more into ensuring our team is highly trained. We've invested in maintaining an air-conditioned storage warehouse, insulated trucks with adequate coverings, and custom packaging that protects your possessions far better than anywhere else.

Helping our customers have a pleasant and relaxing moving day is our goal. To do that we ensure that:

Damage and loss have come to be expected with moving companies as par for the course. But Easytruck sets the standards far higher – and shows how a real professional moving company can make all the difference to

your move.

You shouldn't have to settle for a subpar experience. But rather, you deserve the very best the moving industry has to offer.

Book with a team that offers comprehensive insurance to fully protect your belongings – the business that has enshrined accountability directly into its processes with extensive inventory sheets. Choose high-quality packing materials and insulated trucks to ensure the items are shielded from the potential damages of transportation.

Choose the furniture movers in Abu Dhabi that go the extra mile to get you set up and ready to go in your new location.

Choose a complementary meal at the end of a long day to celebrate a successful move.

Page: EasyCover Terms & Conditions - Easytruck™

For a limited time get your first month of storage for 1AED + Free insurance!

Upon selecting on your contract and paying for Easycover prior to your move, Easytruck™ will compensate the customer for damages occurring due to negligence on the part of the company or any of its employees up to a maximum of AED3,000 total towards the cost of the repair or replacement of the damaged item(s).

The damage compensation amount will be capped & shall not exceed a maximum of 3,000Dhs in total regardless of the number of items or the overall claim. For the avoidance of any doubt, Easytruck's liability shall not exceed a total of 3,000Dhs.

Damage Compensation Guarantee covers physical, visible damage to goods and does not include mechanical or electrical derangement or malfunction.

In the event damage occurs to individual item(s) the damage needs to be reported to Easytruck™ by phone call to 8003279 or email info@easytruck.net

Easytruck™ will employ its best efforts to ensure all items are moved without damage. In the event highly valuable items being moved, Easytruck™ always recommends taking a 3rd party comprehensive insurance policy covering all individual items to their total insured value during your move and is generally available at approximately 3% of the total value of your items. Easycover is limited to protect against minor visible damage for repair or replacement of individual items to a total & maximum value of 3,000Dhs regardless of the number of items damaged.

Whatever you're looking to move or store, let Easytruck take the stress and mess off your plate, so you can focus on what matters most. With a professional team and world-class facilities, we're your one-stop-shop for all your moving and storing needs.

Page: Terms & Conditions - Easytruck™

For a limited time get your first month of storage for 1AED + Free insurance!

These are the terms and conditions that will apply when you use the transportation services provided by Easytruck Removals & Storage LLC (“Easytruck”).

Easytruck will deliver the goods only to the place and (where appropriate) to the person that you have authorized in writing. If Easytruck is unable to deliver the goods to that location or that person, Easytruck may hold them and will charge you both a storage rate on a daily basis and a subsequent re-delivery charge once until you inform us that delivery can be made as instructed.

Easytruck will supply you with a quote before Easytruck provides our transportation services, however this will be an estimate only.

Prices are calculated according to the amount of trucks, crew & materials required. Any additional space or materials required due to items being added to the original Easytruck quote will require further payment on the day, calculated by the number of additional half truck loads that are required to provide the extra transportation services.

Transportation services are only provided between 8am and 6pm. In the event of the transportation services being requested outside of or required to exceed the standard operating hours, as detailed, an over-time rate will be applied. If the transportation services include a pickup or delivery address outside of the Dubai Emirate, you will be charged a fixed extra charge “Inter Emirate Charge” depending on the location as detailed in the quote.

Prices include crew (the size of which will be determined by Easytruck), loading, truck use and unloading to specified destination(s). Prices do not include insurance, handyman or unpacking, except where indicated in the quote. In the event of items being too large to fit in elevators, a stair carry fee will be applicable.

The Operators have warranted to Easytruck that they have all the necessary authorities, licenses and permissions in respect of the transportation services and that Easytruck can enter into this agreement with you as a third party.

If Easytruck is prevented from or delayed in providing the transportation services to you (except where the prevention or delay was the result of the actions of Easytruck), Easytruck may charge you a reasonable additional charge.

If you alter the agreed date for the provision of the transportation services, Easytruck may charge you a reasonable additional charge to compensate Easytruck for any additional expenses that arise because of that alteration.

Easytruck has its own professional packing & moving team and its own trucks,. All moving services are executed exclusively by us. On the rare occasion we are over booked, Easytruck may utilize the services of 3rd party "Operators". Easytruck staff are on hand to manage the transportation services provided by Operators whilst ensuring the highest levels of service, care and reliability are provided.

Use of the transportation services of Easytruck and the Operators is solely at your own risk. The Customer will assume all costs of repairing any damage or and replacing any lost goods that are to be transported by Easytruck and the Operators, whether or not such loss or damage was caused by Easytruck or the Operators or the contractors or employees or either. Without limiting the generality of the above, you bear all risk relating to the provision of the transportation services provided by Easytruck and the Operators.

Whilst Easytruck and the Operators take every possible precaution to protect your goods, some risks remain when transporting goods. Easytruck recommends that you buy your own total loss or comprehensive insurance policy to protect yourself and your goods.

Easytruck requires a non-refundable 100% advance deposit to secure your booking. Please make cheques payable to Easytruck Removals & Storage LLC for collection or bank transfers to: Emirates NBD: Account Name: Easytruck Removals & Storage LLC . Dubai Police Academy Branch/ Account: 101-4417210-701 / Swift Code: EBILAEAD / IBAN: AE83-0260-0010-1441-7210-701

We also accept credit card payments at our warehouse.

Easytruck requires a minimum 48 hours advance notice of cancellation of a confirmed booking. Any cancellations later than 48 hours will attract a 500Dhs cancellation fee.

In the event you are not contactable on the day of your move, we will deem the job as cancelled and a 500Dhs cancellation fee will apply.

These terms constitute the entire agreement between us with respect to its subject matter and they cancel and supersede any prior understanding and agreement between us regarding the subject matter.

There are no representations, warranties, terms, conditions, undertakings or collateral agreements between us other than as expressly set out in these terms.

These terms and the relationship between us will be governed by and construed in accordance with the laws in force in the Emirate of Dubai. If a dispute arises in relation to the provision of the transportation services (either during or after they have been completed), written notice of the dispute must be given to the other party within 7 days of the provision of the transportation services. Even if that notice is given, both you and Easytruck agree that they will continue to perform their obligations as set out in these terms (including the provision of payment by you).

These are the terms and conditions that will apply when you use the transportation and/or storage services provided by Easytruck Removals & Storage LLC hereinafter referred to as “Easytruck”.

By signing this Agreement you (the “Customer”) agree to the Quotation and the terms and conditions in this document (together the “Agreement”) henceforth it becomes a binding contract between the parties. This will include provision of services outlined in the Quotation which may include storage, transportation, freight, insurance, and inventory control, sale of packaging materials and any other related services or products (“Services”).

These terms along with the Quotation, Customer Data Sheet and Items in Storage Replacement Value Declaration constitute the entire agreement between us with respect to its subject matter and they cancel and supersede any prior understanding and other agreement between us regarding the subject matter. There are no representations, warranties, terms, conditions, undertakings or collateral agreements between us other than as expressly set out in these terms.

Any reference to the “Customer” herein shall mean the person who has executed /signed the Agreement

together with their successors, representatives, agents and assigns as notified to, and agreed by, Easytruck. “Items” means all property stored by the Customer in the Storage Space; “Equipment” shall mean all keys, access codes, locks, dollies, blankets, tape dispensers, straps, cartons and ramps; “Fee” shall include all charges payable by the Customer to Easytruck for the (Services) use of either Storage Space, Transportation or Equipment as well as any late charges, access fees, damages or other costs that may accrue and shall be free from any deduction or set-off; if the Customer fails to pay for any service provided to the Customer by Easytruck or any Operator for a period of thirty (30) days, this shall constitute an “Event of Default”. “Operator” shall mean any legal third party provider of “Storage Space” which shall mean any storage warehouse, container or parking area provided by Easytruck or the Operator; “Pledge” shall mean the pledge agreement signed and executed by the Customer in favour of Easytruck, as annexed hereto, the “Term” shall be the duration of this Agreement. Reference to the “Law” shall be to the law applicable to this Agreement and the Pledge, being of the laws applicable in the Dubai International Financial Centre “DIFC”. Unless otherwise stipulated in the Quotation, this Agreement shall have a 3-month Term commencing on the date shown on the front of this Agreement and continuing until terminated in accordance with this Agreement. Billing shall always be in one (1) months increments.

Easytruck is a moving and storage service provider with agreements with Operators of transportation services and storage facilities (collectively the “Operators”). Easytruck not only provides its own services, but from time to time it also promotes and manages the Storage Services provided by Operators whilst ensuring the highest levels of service are provided and maintained. Easytruck also has its own leased warehouse(s). The Items may be stored either at Easytruck’s facilities or those of an Operator.

The parties hereby agree that prices and Fee set out in this Agreement may be subject to change for any service or sale at any time. Any such change shall be notified to the Customer in writing. The Customer agrees to pay any VAT, taxes and/or duties arising under the Agreement or in relation to the Services.

Easytruck and the Operator will provide the Services upon receipt of the initial payment and a security deposit equivalent to a one-month storage Fee. This security deposit will either be refunded at the time of termination

or expiration of the Agreement, or adjusted against any further payments due for Services provided but not paid for under the Agreement. This Agreement does not constitute a lease or rental agreement.

The Customer agrees that Easytruck will not be in breach of this Agreement by exercising its rights under this Clause 7 or Clause 8 or under the Pledge and warrants that it shall have no right of recourse against Easytruck for taking any action to deal with the Items.

Use of the transportation or storage Services of Easytruck and the Operators is solely at the Customer's own risk. The Customer will assume all costs of repairing any damage and/or replacing any lost Items that are to be transported or stored by Easytruck and the Operators, whether or not such loss or damage was caused by Easytruck or the Operators or the contractors or employees of either. Without limiting the generality of the above, the Customer bears all risk relating to the provision of the Services provided by Easytruck and the Operators.

(the "Limit")

For the avoidance of doubt, nothing in this Clause 13.3 shall give the Customer any right to enforce, or entitlement to make a claim, pursuant to any insurance policy that Easytruck may maintain.

The Customer is required to notify Easytruck immediately of any changes to the Customer's name, address, contact information or account numbers, or any proposed assignment of this Agreement, or change of ownership or corporate structure of the Customer by calling 8003279 and emailing info@easytruck.net. If, as a result of the Customer's failure to provide Easytruck with updated information, Easytruck is unable to process any Fees or charges payable under this Agreement, or if Easytruck is unable to contact the Customer in the event of an emergency, Easytruck may deem the Customer's Items or property to have been abandoned, and dispose of any Items in accordance with Clauses 6, 7 and 8 above.

The Customer agrees that the Fee is being paid for the use of space only and Easytruck or the Operator assume no responsibility or risk for any particular Item that may be stored in the Storage Space. The Customer hereby disclaims any implied or expressed warranties, guarantees or representations of the nature, condition, safety or security of the Storage Space and is aware there is no compensation for lost, stolen or damaged items.

Website: easytruck.ae

Easytruck shall be relieved of its obligations in under this Agreement to the extent that it is prevented, hindered or delayed in carrying out its obligations under this Agreement at any time due to fire, storm, flood, tempest, explosion, industrial dispute or other risk or peril beyond the control of Easytruck or any Operator.

Amazing experience with Easytruck. Arrived on time and were well organized. The move was fast and efficient. Will use Easytruck for any future moves.

Amazing! As always the guys at easy truck exceeded my expectations we have used them many time for full moves this job today was just a small move swapping all the furniture in one room to another... they were so quick and efficient they did Chip the wall but it was patched up perfectly before I even asked and they even re hung all my wonky paintings in the house that I tried to put up myself

Quick and quality work with excellent service! Timely service and reasonable pricing. Would highly recommend.

I have now used Easytruck 3 times over the years for all my moves and I couldn't recommend them enough! The team are always so friendly, helpful, and very efficient! Moving can be really stressful, but they take away a lot of the usual hassle. Thank you!

1. We Deliver your PODS straight to your front door
2. We Pack load and transport your PODS
3. We Store your PODS at our secure, A/C storage

We've turned traditional storage spaces on its head by providing a simpler, cost effective, and safer way to store your belongings.

A lot more than you might think! We've designed our PODs to store everything from your fridge, sofa and dining table to your entire master bedroom. Our PODs are safe, convenient and organised! We write up a full inventory of all your items so when you need something we can have the correct POD ready for you to access 7 days a week. [Read More](#)

Most of us struggle for space at some time in our lives. Too many clothes, too much equipment, items we don't use very often. That's when our self storage service can help you out by providing extra space when you need it.

There are many instances when extra storage in the UAE can be extremely useful. We can help you at those times with our very versatile and resilient POD storage units, which are placed in our air-conditioned warehouse that is securely monitored on a 24/7 basis.

There are many ways you can benefit from using our self storage facilities:

Businesses can also make use of off-site storage to free up space. This can include archived documents that will only be needed occasionally, inventory items that are only sold during specific seasons and equipment that isn't used regularly. Moving these out to storage is much more cost-effective than extending or acquiring expensive commercial property.

To get the most from your self storage, you need to:

Our storage service aims to keep your property totally secure, make it available when needed, ensure it's safe from damage and all for an affordable cost. So, whether moving house or needing storage space for a period, contact us today and we'll be pleased to organise it. [Read Less](#)

[Book Online](#) or get in touch via [Live Chat](#), [Whatsapp](#), [Phone](#) or [Webform](#).

We'll be in touch for a pre-move survey to ensure everything is in order.

Leave the heavy-lifting to us.

The exact opposite! Mobile Storage is more affordable and much more convenient, because we take out many of the costs and hassles associated with traditional solutions. Such as the need to hire labour and trucks. Plus, you only pay for professional packing and storing. Everything else is on us. We take your mobile storage EasyPod to Dubai's leading storage warehouse (Ours!)

All our Mobile Storage PODs are made from top-quality plywood for the box structure. Why did we pick it? Because wood breathes and is proven as the safest way to store household items; protecting them from mold, mildew, and condensation. This is why we are one of Dubai's leading storage companies!

Your POD will be delivered wherever you need it. Your home, office or any other location where your items need to be packed. Alternatively, our team can load them while they are still on our specially designed truck. This all makes things easier than a traditional storage unit. Plus our POD's are lockable.

You're welcome to pack yourself if you'd prefer and would like to save on the cost. Alternatively for a small fee, you can leave it to our professional packing team, who will professionally pack and load all your items for you. We'll then take it back to the leading storage warehouse in the United Arab Emirates (Ours!).

Once your POD is packed and loaded, we'll hand you the keys and deliver it back to our safe and secure, air-conditioned warehouse for storage. We have a number of warehouses across Dubai – Al Quoz, Jebel Ali & Dubai Investment Park. Your POD will be available to you 7 days a week for free – just give us 24hrs notice to make sure its ready and access isn't blocked. And when you are ready to unpack, contact us to organise delivery to your home.

You can access your POD between 9am – 5pm 7 Days a week – we just need 24hrs notice so our warehouse staff are ready and available when you arrive at our Dubai Storage location. We are located in an industrial area, so advanced booking is required. And because we write up a comprehensive inventory of the contents of each of your PODs, we'll always know exactly where everything is, for whenever you might need it. So there's no time wasted searching through your boxes for the things you need, saving even more time than a self storage unit.

As short or as long as you want. And because we only charge by the day after your first month with us, you'll never have to pay for any storage time you don't use.

Naturally, for safety reasons, there are certain items you cannot store in your POD

We strive to deliver the highest quality furniture storage and general services options for all your stuff. No matter how much space you need to store, whether you rent and are moving or own and are remodeling, we have a solution for you when you need morespace. Our storage pods undergo pest control, and thorough cleaning services between uses to ensure your belongings are kept safely. We have various sq ft options for our pods to suit your needs.

Because our focus is on quality, we aren't the cheapest and we don't price-match.

Whatever you're looking to move or store, let Easytruck take the stress and mess off your plate, so you can focus on what matters most. With a professional team and world-class facilities, we're your one-stop-shop for all your moving and storing needs.

The company began as a professional moving company and branched into the storage business in 2011.

In 2013 they combined their expertise in professional moving services & storage to create an entirely new approach to the business – and mobile storage was born! Easytruck™ now operates Over 700PODs in 30,000sqft of air-conditioned warehouses conveniently located in the heart of Dubai.

Literally a man & a van service, Easytruck™ appeared on the moving market. However we quickly discovered that the real demand was in providing a full scale premium moving service. So we scaled up, hired the best movers in the business and focused on delivering exceptional customer service and refining our signature "stress-free move"

This was a big moment for us – well ...for Chris. Boys and their toys! We created our mascot, Ernie and began the paint the town yellow.

We were officially approved for comprehensive cover in relation to our professional packing standards for local & international shipping.

This warehouse has now been converted into our very cool corporate head office and has great coffee, so drop in anytime!

350 Mobile Storage PODs are built and 15,000 sqft of warehousing is secured to accommodate our growing storage business.

Partnered with Freedom Pizza, to offer our customers a "Free Pizza with Every Move!"

Increased our awesome team to 30 people.

to include business storage, racking, MiniPODs & on-site storage.

added our 9th truck to the fleet and expanded our warehouse space to 30,000 sqft.

Our enormous new warehouse holds up to 1000 PODs!

We launch our storage on-demand service, delivering our custom MiniPODs flat packed and collected once you've filled them.

In December 2018 we made the finals of the Gulf Customer Experience awards. On 22nd January 2019, we presented our “mobile storage” initiative to a distinguished panel of judges and were awarded runner up for the SME category!

High fives are flying everywhere after we won the International Business Excellence Awards for our innovative spin on self-storage! We are so proud of the hard work and dedication of our awesome team over the past 10years, and their ability to support and drive new ideas like Mobile Storage.

Our custom built 100% recycled plastic moving and storage boxes will make trees all over the world sigh with relief. #nomorecardboard

Whisper quiet and super clean, our brand new electric forklift is easy on the ears – and the environment.

Well that hurt! We're talking about 2020! Now here we are a year on. All our staff have had their COVID19 Vaccines and we are ready to take on 2021 full throttle!

We welcome John Nolan to The Big Chair. Bringing 25 years of Middle East experience in companies such as Almarai and Transguard Group. John also went to school with Chris - snap!

Book our services in 60 seconds from 2023 with our new online platform. Another industry first!

Wow, that went fast! One minute we're operating out of Chris & Natalie's Garage with a team of four and a truck. Then 'poof' we're 15 years in and have 60 staff, 14 trucks, 3 huge storage warehouses with over 2000 Storage PODs!

Whatever you're looking to move or store, let Easytruck take the stress and mess off your plate, so you can focus on what matters most. With a professional team and world-class facilities, we're your one-stop-shop for all your moving and storing needs.

If you're looking for a storage facility in Abu Dhabi, you generally want something that's absolutely secure, so you know your property is safe and won't be lost or damaged. You also want something cost-effective, easy to use and accessible when you need it.

Our storage units in Abu Dhabi tick all the boxes. But we're not just interested in ticking boxes because we want to provide a service that is as good as it can be and will ensure all our customers are completely happy so they'll use us again. We're confident we do that and have the references and reviews to prove it.

Why are we better than the rest? Because we're professional, friendly, cost-effective and efficient, and we provide a service that people need. Because we provide a method and a service that enable all our customers to get the most they possibly can from self storage units.

We do this by providing EasyPod mobile storage units that:

Our business is based on mobility, accessibility and security. That means you always have access to your property when you need it but know it will be safe at other times.

We help you as much as we can so we will undertake the packing, loading and unloading if you need it. We'll deliver and remove the pods at your convenience and will maintain an inventory of what they contain.

Because we're also a moving company, we have professional teams that are proficient and experienced in moving fragile and valuable property efficiently and safely. So, if your goods are being placed into temporary storage as part of a move or for any other reason, they're in good hands.

Our use of mobile storage avoids unnecessary handling and damage. Our secure storage facility keeps it safe and our professional teams ensure the best possible level of service. Contact us today to arrange the best self storage available. [Read Less](#)

Chances are you've been burnt by bad moving companies in the past. Everyone claims to "treat your items like their own" but what does that really mean? With Easytruck™, here's how we put you first on moving day.

From a small studio apartment to a 7-bedroom villa, our spacious trucks can fit everything that matters to you. Our award-winning moving team packs your items safely (so your TV isn't crushed under heavy furniture) and unpacks everything at your new home.

Ask anyone, one of the worst things about moving to a new home or relocating a business is the packing and the lifting. The first box is arguably exciting – the rest are an imposition.

And not to mention the organising. How many times have you moved and realised you've no idea where the kettle is?

A good system is key to a smooth move – and a lot of strong arms wouldn't go amiss either. That's where Easytruck comes in.

We understand that the business of packing and moving can take a long time – time that could be better spent on other, more important, tasks. Hiring a team of packers and movers frees up your time, saves your energy, and allows a team of highly trained professionals to look after your property, significantly reducing the chances of accidental damage.

Many companies in the industry focus on just one aspect of your move, meaning you then have to hire an additional service and entrust your property in the hands of more people. With Easytruck, our team members are highly trained in safely packing and moving items – whether they're small and fragile, or large and bulky.

We'll pack, physically move, unpack, and even put your shelves back up and plug in the TV. This is a comprehensive A to B service that you won't find anywhere else. If you need more than just movers and packers in the UAE, Easytruck also offers air-conditioned storage space to protect your property should you require it in the interim.

Using our services is incredibly simple – when we arrive, we can do all the laborious jobs so you don't have to. Our packing system is organised and focused on the safety and security of your belongings. We use our much-loved PODS to house your items during the move.

Once the PODS are full, we complete an extensive inventory, so you know which items are in each POD enabling you to find that kettle quickly and easily. The PODS are moved onto, and out of, the truck using a forklift – thereby reducing the chances of accidental damage.

Our PODS are crafted from breathable plywood, making them the perfect answer to the problems caused by mould and mildew. Additionally, they're almost infinitely reusable, reducing the amount of cardboard needed

to complete moves across the UAE.

If you want your home or business move to be completed with minimal fuss and maximum satisfaction, then Easytruck is the service for you. As winners of the International Business Excellence Awards and finalists in the Gulf Customer Experience Awards, we take our commitment to our customers seriously.

We prioritise customer satisfaction by focusing on completing each move safely and efficiently. We invest in team member training to ensure our high standards are maintained throughout each move.

You can get an instant quote today by completing our online form – give as much detail as possible to ensure the estimation is as accurate as possible.

You can then book your move with us by calling, using live chat, or by completing the online booking form. We'll confirm all the details with you before moving day to ensure your movers and packers UAE service is smooth and convenient from start to finish. [Read Less](#)

Leave the heavy-lifting to us.

Yes you can! Once you confirm your move with us with payment, we will happily deliver some materials & boxes so you can pack any personal items you wish to do yourself.

Absolutely! Our highly skilled team will dismantle and reassemble all large furniture items.

We've partnered up with Hitches & Glitches, who provide our customers with licensed electricians, plumbers and handymen at specially discounted rates.

In the unlikely event that we damage something, Easytruck offers an OPTIONAL individual item compensation we call 'EasyCover'.

It's not insurance, it's our damage repair or replacement guarantee. Upon selecting on your contract and paying for EasyCover prior to your move, Easytruck will compensate the customer for damages occurring due to negligence on the part of the company or any of its employees up to a maximum of AED3,000 total towards the cost of the repair or replacement of the damaged item(s).

Website: easytruck.ae

Our team is always on time. We arrive at 8am sharp and generally have the first truck loaded by 10am. We move fast!

Yes, covered trucks are essential in this hot environment to protect your items from heat damage. Our trucks are covered and insulated with marine plywood.

Whatever you're looking to move or store, let Easytruck take the stress and mess off your plate, so you can focus on what matters most. With a professional team and world-class facilities, we're your one-stop-shop for all your moving and storing needs.

One of the problems with most self storage services is that they are provided at a fixed location. You have to load up your property, take it to the location, then unload and put it into the store. When you need anything from the store, you have to go through the whole process again in reverse. That can take a lot of time and effort, and it can be very inconvenient if you need things quickly. It can also be harmful to your property due to the excessive handling that's necessary, so breakages are almost inevitable.

We've turned traditional storage on its head by providing a simpler, cost effective, and safer way to store your belongings.

At Easytruck, our solution to the problem is our custom-built EasyPod mobile self storage containers. These are made from high-quality plywood, and we have more than 2,000 of them at three convenient locations across the UAE. The advantages of these pods are:

Whatever your reason for needing storage, our mobile storage containers are an ideal solution. You may require them for interim storage when moving home, if you want to declutter your home or to store seasonal equipment that is not currently being used.

Whatever the reason, we can help you use your storage units to obtain maximum benefit. Our highly trained professionals will pack and unpack them during a move, will dismount and disassemble items before they go in, will prepare a full inventory so you know where everything is and then reassemble and remount at the new location.

Whatever we do, we'll do it carefully and efficiently. Our aim is to ensure that all moves into and out of storage go smoothly and that there is no damage to any of your property. If there is a problem, we'll fix it quickly and we'll always keep you fully informed of everything that is happening.

We often get asked, 'Do you really handle everything?' and the answer is always the same, of course we do! You literally don't have to lift a finger when you choose Easytruck Moving & Storage, because our expert team take it in all in their stride. We carefully organise, and pack your items into our own, secure packing boxes, to ensure the safe transition to their new home. Once arrived, we completely unpack, and our experts even install your electric goods, stock your fridge, and anything else you can think of. Once our hard work is over, and you're happy with the results, celebrate the occasion with dinner on us. That's right, we'll even bring you pizza so you don't have to think about cooking on your big day. What more could you want from movers in Dubai Marina?

Our moving services in Dubai Marina outshine all others because of our excellent customer service skills. Initially, you will receive a pre-move consultation, where we will discover your requirements, and the rest is truly up to us! Our communication is second to none, as we keep you informed every step of the way. As well as taking great care when handling your personal belongings, we also provide useful inventory sheets, so you can rest assured that each item will be accounted for, no matter how big or small. Another thing we excel in is being punctual, as we arrive dead on time, and usually have our first load ready by 10am. So, select home movers in Dubai Marina you can trust, and that's us at Easytruck Moving & Storage.

Were you aware that we also provide expert storage solutions? Head to our website to view our full range of impressive services, or better yet, simply input your details to receive an instant quotation. Want to speak to a member of the team? No problem, a friendly expert is only a phone call or live chat away. [Read Less](#)

Amazing experience with Easytruck. Arrived on time and were well organized. The move was fast and efficient. Will use Easytruck for any future moves.

Amazing! As always the guys at easy truck exceeded my expectations we have used them many time for full moves this job today was just a small move swapping all the furniture in one room to another... they were so quick and efficient they did Chip the wall but it was patched up perfectly before I even asked and they even re hung all my wonky paintings in the house that I tried to put up myself

Quick and quality work with excellent service! Timely service and reasonable pricing. Would highly recommend.

I have now used Easytruck 3 times over the years for all my moves and I couldn't recommend them enough! The team are always so friendly, helpful, and very efficient! Moving can be really stressful, but they take away a lot of the usual hassle. Thank you!

1. We Deliver your PODS straight to your front door
2. We Pack load and transport your PODS

3. We Store your PODS at our secure, A/C storage

We've turned traditional storage on its head by providing a simpler, cost effective, and safer way to store your belongings.

Originally, Easytruck started as a small removal service – just one man and a van. Over time, we noticed a service gap – all removals and storage companies offered the same services, but none offered a comprehensive service that prioritised the customer experience. [Read More](#)

And that's when we stepped up our game.

From packing to storage – and all the heavy lifting in between – our team is laser-focused on providing top-tier services to our customers.

You don't need to do any of the manual labour at all if you don't want to, freeing you up to take care of the other pressing matters that arise during a move.

As a local self-storage company, we were delighted to be an International Business Excellence Awards winner. And having our dedication to our customers recognised by the Gulf Customer Experience Awards lets us know that we provide the services people want from their removals and storage company. We've also received many 5-star reviews from past customers that show us we're on the right path.

It can be nerve-racking to place all of your property into self-storage. We've all heard the horror stories...and that's why we've kicked the whole process up a notch.

When you use multiple companies through a move, you're relying on a greater number of people to treat your property with respect. Accidents can happen when your items are not properly protected and – given local climate challenges – damage can easily occur in poorly managed facilities.

At Easytruck, however, your property is stored in our sturdy, yet breathable, PODS. Your PODS are assigned numbers, with an extensive inventory taken to keep track of every single item. These PODS are then placed in climate-controlled local self-storage.

Our A/C-filled warehouse is monitored 24/7 with always-on CCTV and a modern alarm system. All visits to the warehouse are supervised for even more security.

You can easily access your items once they are in our warehouse, using our drive-up area. Simply let us know in advance which PODS you would like to access, and when, and our team will make them available to you on time. Access is available from 8 am until midnight, with the warehouse securely locked and monitored overnight.

In days gone by, it could take a long time for a company to confirm the details of your move. These delays added extra pressure on – when, instead, your removals and storage team should be taking some of that pressure from your shoulders.

That's why we've created our convenient and fast online system to get an instant quote. Simply click the button and give us as much detail as you can and we'll give you our initial estimation of total cost. If you have a budget to stick to, you can amend the details as often as you like to find a quote that keeps your move within budget.

As Easytruck operates a precision logistics system, you only pay for the materials and space that you actually use – we don't have a standard room size that leaves you paying far more than necessary.

If you have any questions, please let us know. We're here to help you find the most convenient and practical solutions to your removal and storage needs. [Read Less](#)

It almost goes without saying that having a team of expert movers and packers in Silicon Oasis will make your transition the easiest one yet. But let us explain exactly what services you can expect from us at Easytruck Moving & Storage:

When you select our services, you don't even need to supply packing materials, because we provide all of this for you! We always take great care when packing your goods, but have additional precautions for those extra special items, such as custom TV boxes. We also dismantle large furniture pieces and disconnect your white goods.

We move your items from A to B, wherever that may be! Our trucks are covered and insulated, to ensure a smooth and safe transition.

We take the lead and carefully unpack and organise your belongings. Our experts are on hand again to reinstall your electrics, put up shelves and just generally assist with whatever needs doing. Expect a flawless finish when you partner up with our movers and packers in Dubai Silicon Oasis.

As we have been trading since 2009, we have mastered our skills in the moving industry, and we're proud of the service we provide to our customers. We are highly professional throughout your journey with us, ranging from our communication style to our timekeeping and smart uniform. We do our utmost to ensure the safety of your items, and we even provide an inventory to ensure everything is accounted for. We would be grateful if you took the time to read our reviews online, where you'll soon see that we put our money where our mouth is when it comes to being the best movers and packers in Silicon Oasis.

Didn't you hear? Here at Easytruck Moving & Storage, we even buy you a pizza once all the hard graft is over. No cooking or washing up on the first night in your new home? Yes, please! So, if you would like to find out more about our movers in Silicon Oasis, then please do drop us a line through our live chat function or contact us by phone. Leave the heavy-lifting to us.

Moving house can be an exciting time with the prospect of a new property and location. But it can also be extremely stressful because so many things can go wrong.

As a professional and experienced moving company in Dubai, we can take the stress out of your move. We believe we are one of the best moving companies in Dubai because we have a long history of providing a smooth and successful move for all our customers. And it's not just us saying that; our customer reviews and references testify to our excellent record.

As local movers in Dubai since 2009, we are well aware of the challenges facing people who are moving home. Although the ideal situation is to move out of one property and straight into another one on the same day, that isn't always possible. Your new home may not be ready, it may require some work or various other reasons may prevent a straightforward transfer.

To overcome this problem, we are one of the few specialist removal and storage companies in Dubai. That means we provide both removal and storage services, which you can use separately or together to make your move easier.

Using our services as professional storage and furniture movers in Dubai has plenty of benefits:

Our use of EasyPod storage pods for your property means it can be moved from your old home into storage, and then to your new home with no intermediate handling and complete security. That means you can be sure your furniture will arrive at your new home in the same condition it left your old one.

As some of the best professional movers in Dubai, we have established yet flexible methods to ensure everything goes smoothly, happens on time and avoids any stress for you. We will:

We are one of the most successful Dubai moving companies and it's not something we've achieved by accident. It's because we pay great attention to detail, we plan and prepare, we're transparent and communicative, and we take great care of all the property we handle. But, most of all, it's because we are completely dedicated to what we do, and we really care for and look after all our customers. So, for a smooth and stress-free move, get in touch and we'll start the planning process. [Read Less](#)

1. We Deliver your PODS straight to your front door
2. We Pack load and transport your PODS
3. We Store your PODS at our secure, A/C storage

We've turned traditional storage on its head by providing a simpler, cost effective, and safer way to store your belongings.

With Easytruck, you'll find a wide range of services available that cover packing up your property, moving it to storage for you, and providing next-gen storage techniques that keep your items safe from damage.

Our warehouse is fully fitted with A/C throughout, maintaining a climate-controlled environment that prevents problems caused by mould and mildew. Your property will be stored in our sturdy PODS that allow for neat storage and easy access, all while protecting against pests, dust, sand, and accidental damage from mishandling. [Read More](#)

Using the POD system for storage, we can easily complete an extensive inventory of your stored property, so you always know where every single item is located. It's often the case that property in storage needs to be accessed. In other business storage facilities, it can take time – and a lot of rummaging – to finally find the specific item(s) needed. But not at Easytruck.

Here, we keep an in-depth track of your property, so you have hassle-free access. To ensure this system runs perfectly, we request advance notice of when you would like to visit your PODS. In exchange, we will locate your POD and deliver it safely to an A/C-covered drive-up zone. Once you've finished with your POD, we'll return it to its secure storage location.

Access can be gained between 8am and midnight, with the storage warehouse securely locked and monitored overnight. We utilise the latest in security systems, with alarms and 24/7 CCTV helping us to protect your property.

Businesses today need storage for many reasons – some are already established and looking to relocate to larger premises, while others are just starting out and need a safe space to hold valuable merchandise for the foreseeable future. Easytruck provides services that cater to all business storage needs.

We operate short-term leasing facilities that mean you won't be tied into an expensive monthly charge for longer than you require. It also means that you can leave your property with us until you no longer need an outside storage facility.

By taking advantage of our unique POD storage system, you'll only ever pay for the exact space that you require – unlike elsewhere which charges a flat fee per room whether or not you need the paid-for space.

On top of offering comprehensive and sophisticated storage facilities, highly trained Easytruck team members can also help you pack your items into the PODS and transport them to the warehouse. Leave the manual lifting to us while you work on other important tasks for your business.

So, why choose us over other apartment moving companies in Dubai? Well, that's easy. Firstly, we're a highly professional and experienced team that has over 20 thousand moves under our belt. Nothing surprises us and we are ready to take on any challenge. We pride ourselves on our punctuality, and as well as always being on time, we turn up in a smart uniform that's always paired with a smile. We know just how meaningful your personal belongings are, so take great care when moving and handling your items. We even take a stock list to make sure everything is documented and looked after. With an impeccable service such as ours, it's really no wonder that we are winners of the International Business Excellence Awards.

If you're moving but don't know where to begin, then we sincerely recommend hiring apartment movers in Dubai, because we take care of everything, from start to finish. We pack up your home into our own moving supplies, taking extra precautions for those delicate items, and load them into our fully insulated trucks. Once we arrive at your new property, you can continue to relax while we unload, organise and unpack your belongings. Putting up shelves, hanging your TV and stocking your fridge? Consider it done. As well as providing a comprehensive service, we're also committed to maintaining competitive prices. Our pledge to you is that if you can find a cheaper quotation elsewhere for a comparable service, we will beat it by 5%. You heard us correctly, no other apartment moving companies in Dubai do it quite like Easytruck Moving & Storage.

What do you say? Are you ready to give Easytruck Moving & Storage a call? If speaking on the phone is not your thing, feel free to fire us any questions via our super easy live chat option, or alternatively, obtain a quotation via our website. It's quick and simple to navigate, and you'll get an instant response. As well as offering premium apartment moving services in Dubai, we also provide first-class storage solutions. Just like our moving service, we come to you, pack up your items within our PODS, and securely store your items within our safe storage centre. Say goodbye to tedious chores and hello to a simpler transition with Easytruck Moving & Storage. [Read Less](#)
