With Ecobox, you can:

Ecobox currently has outlets in Gauteng, Durban, and Cape Town, strategically located within all Xtraspace branches.

In addition to our convenient store locations, we offer reliable delivery and collection services.

We extend our delivery services within a 70-kilometre radius of our warehouses in Johannesburg (268 Commissioner Street, CBD), Durban (99 Chris Hani Road, Durban North), and Cape Town (27 Kiaat Road, Kraaifontein).

For more information about our outlets, kindly refer to our [Retail stores page](#).

Once you have ordered your ecoboxes and packed them, it's time to move to your new home or office.

We recommend using Wise Move to help you find the best local moving companies

Trolleys are available for a minimum rental period of 7 days.

We offer cardboard moving boxes in a wide range of sizes and are constantly expanding our range of products.

Currently, our smallest boxes measure 150 mm x 100mm x 100mm – these are suitable for heavier items.

Our largest cardboard boxes measure 500 mm x 400 mm x 780 mm, and are ideal for packing lighter items such as bedding, linen, clothes or soft toys.

The walls of a single-wall cardboard box consist of a corrugated sheet of cardboard, sandwiched between straight sheets of cardboard on either side. The corrugated cardboard is shaped into a series of S-shaped, parallel ridges, to add strength and rigidity to the box.

A double-wall cardboard box has two (instead of just one) melded layers, with two corrugated sheets sandwiched between straight sheets.

Single-wall cardboard boxes are a bit cheaper than double-wall boxes. They're ideal for reasonably light items.

Double-wall boxes are stronger. They're a good choice for transporting medium- to heavier-weight items.

Ecoboxes are an eco-friendly option and, because they're made of sturdy plastic, help protect items from damage during moves. They're also easy to stack and transport. They're available for rent only.

Our cardboard boxes are an inexpensive option if you want to buy moving boxes online – for example, if you're not sure when you'll be ready to unpack your items or want to store items longer term.

Some of our cardboard boxes are designed for specific uses. For instance, use our flat-screen TV box to move a TV or our wardrobe box to move clothing with minimal creasing.

If you need courier quotes for locations outside of the 50-kilometer warehouse radius, we're here to help! Just shoot us an email at [sales@ecobox.co.za](mailto:sales@ecobox.co.za), and we'll get you all the info you need from our reliable third-party partners. Let's get your packages moving!

Online payments to Ecobox are handled by Payfast – a secure, third-party payment gateway that's widely used and trusted in South Africa.

Ecobox won't ever sell or redistribute your information. Information about our privacy policy is available [here](#).

Yes, a Local Pickup option is available on checkout that gives you the option of collecting your boxes from one of our pickup locations.

Please note that collection of rental products is subject to a 48 hour waiting period for us to prepare your order.

Yes, but please give us a call on 010 595 5555 or send us an email at [sales@ecobox.co.za](mailto:sales@ecobox.co.za) to arrange this.

The products we offer online are available from a number of retail stores across Gauteng and KwaZulu-Natal, as well as in Cape Town.

Please note that rental products are not readily available at our retail outlets and need to be arranged minimum 48 hours in advance.

Ecoboxes are available for a minimum rental period of 8 days. The Ecoboxes are delivered and in your possession for 7 nights, we collect on the 8th day. Should you need to extend your rental we have standard pricing per day.

Available Ecobox kit:

Our Ecobox moving kits contain everything you need to pack and move a home or office – including a specific number of Ecoboxes, depending on the size of your move.

Ecoboxes are sturdy, sealable plastic moving boxes that:

stack uniformly to optimise moving truck and storage space  
nest neatly when empty  
protect even fragile or heavy contents  
won't buckle, break or be damaged by water  
are environmentally friendly.  
Each Ecobox we rent is thoroughly cleaned after each use and then reused, potentially hundreds of times – and it's fully recyclable. This makes it an eco-friendly packing choice.

If you fall within our delivery and collection radius (within 50km from our three warehouses), we'll collect Ecoboxes you've rented from the location you specify, on the collection date you specify.
