Page: Cape Town Mini Movers | Ox Box

We saw a gap in the market for a mini moving company that is easy to book, cost effective and of high quality. No need to provide long lists of furniture or deal with any complicated booking process. Just say what date and time you want us to be there and we will show up ready to move your stuff. You need to pay electronically at the time of booking and we understand this can cause some anxiety (especially given that we are a new company). If you want us to call and reassure you then click "Request Contact - Book Later" instead of "Pay by card" at the bottom of the web application. Also see our Google Reviews for evidence of our integrity and ability to perform high quality moves.

Our trucks are fully enclosed for your mini move (protected from both weather and prying fingers) and our movers can transport up to 10 cubic meters of goods. Each truck is staffed by a driver and his assistant. Two movers. We don't move items that need more than two men to carry. Items are moved at your own risk and we recommend you take out insurance accordingly. You can cancel your mini move and receive a full refund right up and until one hour before the move is due to start. After this time there will not be any refund for cancellation.

We are a Cape Town mini moving company who specialise in on demand moves. This means that we are available for your mini move at the click of a button. You don't need to talk to anyone to book a move with us - simply go to our website, give us your addresses, your date and time and pay online. We will then come and do your mini move as long as we service that area of Cape Town. All drivers and assistants work directly for Ox Box. We are not a bookings agent for private contractors. This ensures a standardised service performed at a high level. See our Google reviews for confirmation :)

Book a safe, affordable and quick move on our website in minutes:

- * 2 professional movers (work directly for OX BOX, not independent contractors) to carefully move your goods.

- *Fully enclosed truck (big enough for the contents of a 1-bedroom flat in a single trip!) to protect goods from weather and safe from 'falling off the truck'.

*Cancel anytime up to 1 hour before the move.

But what if there's not enough space on the truck? Simply book another trip on the spot and we'll keep working until your move is complete! You can also book multiple trips in advance if you like (and be refunded for any trips you don't use). Need to change your date or address? It's easy to log on and make any changes anytime before your move.

Simple, affordable, efficient solution from Cape Town's expert movers. If moving has been a pain for you in the past, instead of a joyous, easy experience, now's the time to OX BOX it.

The load box interior is:

H - 1,865m x W - 1,95m x L - 2,95m

This means that your items should be no taller than 1.85m.

Some items longer than 2.95m might fit if it can hang out the back.

The volume of the load box is about 10m³. For reference, this is approximately the contents of a 1-bedroom flat.

An example of a 10m³ list is:

queen bed, bedside table x2, desk, office chair, 3-seater couch, 2-seater couch, coffee table, side table, fridge, washing machine, boxes x15.

Alternatively, there are many cool tools you can use to calculate the size of your items, you can find them [here](#).

If your volume will be more than this, you can specify how many trips you need when creating a booking.

Knowing accurately what your volume will be can be tricky. Not to worry! If on the day you discover that not everything will fit in one trip, you can immediately book another trip and we will stay with you to complete the move.

Our fully enclosed 1-ton trucks can carry a load of up to 10m³ per trip (height 1.84m x length 2.93m x width 1.93m).

Also see 'Will my items fit in the truck?'

If you discover on the day that you need an extra trip, you can book it immediately and we will keep working until the move is complete (or the end of the work day).

If you booked extra trips and on the day those extra trips weren't required, you will be refunded for the trips not done. Eg, if you originally booked 3 trips and on the day we completed your move in 2 trips, you will be refunded for the 1 trip we didn't do.

Our teams are exhaustively trained on the importance of punctuality. If they are running late they will contact you one hour in advance to let you know the updated time.

Anywhere in the greater Cape Town area that is safe for our men to operate in. Type the address into the address box to see if we cover it.

We're a no frills on demand moving company. We don't offer box packing, item wrapping, or dismantling. If you need any of these services, we're not right for you. Sounds like you need the excellent services of Two Men and a Truck.

We don't offer hoisting, as we send only two well trained movers for your job. For hoisting needs we also recommend you contact Two Men and a Truck.

You can do this online by logging in to your profile. You need to adjust your move details at least one hour before your move time. Additional charges or refunds may apply.

Follow the steps on the web app on our home page, pay at the end and you are booked!

AddressesEnter your full address (eg, 1 Main Road, Newlands) for both pick up location and delivery location*. In the field provided below the address line, enter the complex name and unit number if applicable and make any notes that will be helpful for the movers on the day. If you have multiple stops, simply click the '+extra stop' button under the address fields. Make sure the order of stops is correct. You can click and hold the location pin next to each address and drag the addresses to make sure they're in the correct route order for your move. You can remove any address by clicking the orange box with white 'x' below the address field. You will need at least two addresses, a pick up location and delivery location.

*We don't service all areas. For areas we don't service you'll receive a pop up notification when you try to

enter the address in the address field.

Load sizeThe load box of the truck is 2.93m long x 1.93m wide x 1.84 m high. This is a volume of about 10m³. Typically, the contents of a 1-bedroom flat could be transported in one trip (dependent on how much stuff you have). Some unusually large items won't fit- an abnormally tall fridge, for example. A king-size mattress would also not fit.

(Optional) Do you need more than 1 trip?

Choose how many trips you think you'll need.

Date and TimeOnce you select a date for your move, the soonest available times will display. Simply click on the time that suits you. If you'd like a different time from the ones displayed, select your own time by clicking on the drop down menu and select your time. Times are offered in 30 minute increments so you'll have to choose from among these options. If the time you'd like is not displayed, it means that we are either unavailable at that time or we won't be able to complete your move within our operating hours.

PriceWhen you select your time, the price for your move will be displayed. By clicking on different dates and times, different prices will display and in this way you can find a price that suits you if you have date/time flexibility. In general, discounted off-peak prices are during times outside of month end.

PaymentYou can choose to pay via Visa / Mastercard or via Snapscan to book your move now. We don't accept any other payment methods. The only way to book and pay for your move is through our website. If you're not ready to book now, choose the option 'Request contact and book later'. Someone will be in touch to discuss your move and you'll receive an email with a link to secure payment that you can use when you're ready.

When you choose your payment option, you'll be prompted to create an account or login to your existing profile. To register, you'll need to enter your full name, email address, and cell phone number, as well as a password for your profile. We'll need your email address and phone number to contact you about your move and provide any updates. Once you've registered, you can book future moves by simply logging in to your profile. After registration (or login), you'll be directed to a payment page. If you selected card payment, you'll

enter your card details and click 'Book and Pay'. If you selected Snapscan, you scan the QR from your Snapscan app or smart phone camera. Alternatively, clicking on the QR code from your smart phone will open the Snapscan app on your phone.

Move Summary If payment is successful, you be directed to the Payment Success page. Review your move details on this page. You will receive an email confirming your booking. If you'd like to change any of the move details, you can use the link in the email or login into your profile and edit your move.

We don't have any sales or customer service consultants. That's one of the ways we're able to keep costs so low for our clients. You can edit your booking, including cancelling your move, through your profile on our website. On move day, you will be sent your movers contact details automatically in case you need to get hold of him.

You can cancel your move up to one hour before it is due to start and receive a full refund. After this time there will not be any refund for a cancellation. Simply log on to your profile and cancel the move there.

Our movers are highly trained and experienced experts. However, accidents can and do happen. It's important you understand that moving goods is risky and ensure that you have suitable insurance to cover you goods in the event of damage. We're not liable for any damage to your goods or property. Please contact your home insurance provider and enquire about coverage. It's up to you to make sure your goods and property are covered.

Great stuff! We have received your request. We will get back to you shortly.

Looking for secure storage options? [Click here](#) to get a quote.

Now, with A LOT more MEN and TRUCKS, we are better equipped than ever to handle your move. We are a furniture moving company specialising in local moves in the Cape Town and Johannesburg areas. Since 2013, we have been known for our careful, efficient, and trustworthy service.

We are different from other moving companies in that we:

TMT Guarantee - If we break or damage something, we'll repair or replace it.

(see our T's&C's)

Secure and Efficient Furniture Moving and Removals

Get your quote and book online with our one of a kind web application. We also will fix or replace anything that we are responsible for damaging on a move. Please see out terms for specifics on this. If you need a moving company in Cape Town or Joburg we are the movers you are looking for. We started in Cape Town in January 2013 with one vehicle and have grown to 17 moving vehicles in both Johannesburg (since 2019) and Cape Town.

Our goal has always been to provide a good quality service at a fair price in an industry which has historically not given fantastic customer service.

We can pack up your house for you. From kitchen to lounge to bedroom our we have box packing teams know exactly how to pack all your small items safely and neatly. We can also unpack all your boxes at your new home.

Wrapping services offer meticulous care in protecting your items during moves or storage. This involves our

Cape Town and Johannesburg moving company using high-quality materials and techniques tailored to each item's needs, ensuring they are shielded from scratches, dents, and other potential damages. Ideal for fragile and high-value objects, wrapping services provide peace of mind, safeguarding your belongings against the rigours of transportation and handling.

Hoisting services involve the use of specialised equipment and techniques to lift and move large or bulky items that cannot be easily carried through conventional means, such as stairs or elevators. This service is crucial for moving items like furniture or heavy appliances in situations where space constraints prevent standard methods used by moving companies. It ensures safety for both the item and the movers, and it's particularly useful in the urban environments of Cape Town and Joburg where there are narrow spaces or buildings without elevator access.

Dismantling services involve carefully taking apart large, complex, or bulky items to facilitate their move or storage. This process is key for items that cannot be transported in one piece, ensuring that each component is safely and efficiently handled. It not only simplifies the moving process but also minimizes the risk of damage during transport, with the added benefit of making reassembly at the destination more straightforward.

Box Delivery/Collection services streamline the moving process by providing an efficient way to get moving boxes delivered directly to your location before your move, and collected after you've unpacked. This service saves time and effort, making it easier to focus on packing at your own pace. It's ideal for those who need sturdy, reliable packaging for their belongings, offering convenience and reducing the hassle of sourcing moving supplies. Our moving company will deliver the boxes to your address in Cape Town or Johannesburg.
