A little history about us:

Totes was started 22 years ago to offer better moving service and professional movers to handle any move and help you, our future customers with a stress free move. As a locally family owned company, we provide a more personalized service than other franchises. Afterall word of mouth is the best advertising.

Totes is with the North Carolina Utilites Commission, A proud member of North Carolina Movers Association, Inc. & Accredited A+ member of BBB. We are licensed & bonded (General Liability, Cargo &

Workers Comp.) in North Carolina.

Our Services:

Totes specializes in Full Service Moves with our crews & trucks, Labor Only (We load/unload your rented trucks, trailers, portable containers, etc.), Deliveries, Office relocation, In-House, Junk Removal, as well as clean out services.

Having a stress free move starts with a good plan and not having to worry about your movers not showing up or getting a lot of extra hidden charges. When you call our office from start to finish, we help take the stress out of the move for you and you can call as many times as you like to ask questions. On moving day, you will get a text of our arrival time with a live real-time GPS to see the drivers' picture, company name and you can watch your items in route to your new home the whole way. As mentioned, we're family owned and a family who loves what we do! So, you get real movers, not day laborers like these big franchises just trying to make a quick buck. Now that you know all about us, call or text and let us know all about your move. We appreciate and thank you for trusting us on your important day!

We Cover All Major Cities in and around Charlotte - Concord - Lake Norman

"no copyright infrement is intended"we use glympse college hulks bellhopes two men and truck

I've used this company twice. Once for unloading our Uhaul. The second time we used their truck for full service. They are awesome! both times they arrived on time 5 stars

These guys were awesome! Communication was on point. They moved quickly and efficiently will use again Great people service. GPS was cool to see live with a pic of the mover. Nothing was broke so my best move yet

We Cover Charlotte - Lake Norman - Concord and Surrounding Area
