not legitimate

This company is not legitimate. They will quote you something and then charge you a completely different price when you get to the offloading destination. I should have called the police on the spot instead of paying their demanded fee to get my stuff back. Be warned. They also have bad reviews on BBB.

Best Movers treats like a family

Very easy booking, the lady on the phone extremely supportive .First time I saw a moving company who treats their customers like a family and makes the whole moving experience pleasant. The three men worked very quickly to load my things, including a large and heavy antique, and everything arrived and was unpacked

safely. They asked where I would like them to place each item, and made sure I was satisfied with the unpacking before they left. It was really a smooth process at a great price and Ill definitely be reaching out to them again for my next move.

Page: HomeStars | Reno Report 2023

It's fitting that a fifth anniversary is celebrated with wood, considering it is one of the most traditional and popular renovation materials. Since 2019, our annual Reno Reports have examined the behaviour, attitudes, trends and intentions of Canadian homeowners who have renovated in the last 12 months. It also looks ahead – to renovation plans in the next 12 months. Our comprehensive report has become a trusted resource for media, researchers and homeowners, alike, and we are thrilled to share our latest findings with you.

Sadly, Canadian economic conditions have worsened compared to last year. With homeowners experiencing intense household financial pressure. This is mostly due to inflation, which is somewhat lower but still persistent after two years of cost of living increases. In turn, the Bank of Canada has increased interest rates, which puts pressure on consumer borrowing for mortgages and other large loans, previously some of the go-to's for home renovation financing.

Despite this, our research shows that Canadians are still optimistic about renovations in general. Only one in three homeowners we surveyed were putting renovation plans on hold this year due to the increase in interest rates. On average, the Canadian homeowners we surveyed spent \$12,300 on renovations in the past 12 months. Anticipated spending in the next 12 months will likely be down however, at \$10,264 on average, not surprising considering the economic environment.

While the future of the Canadian economy is difficult to predict and somewhat uncertain, we did find that 73% of homeowners surveyed do plan to do at least one renovation in the next 12 months. This speaks to Canadians' overall continued desire to improve their living aesthetic and functionality.

Aside from the economy, there is another possible reason we are anticipating less spending and smaller

projects. Weather-related emergency repairs and renovations have been a priority so far this year. In the first half of this year alone, we have witnessed out of control wildfires burning across the country, in addition to catastrophic flooding on the East coast. Our survey found that 32% of Canadians, almost a third, were forced to do renovations as a result of severe weather, surely impacting where they had anticipated spending on their homes. We expect to see this trend grow over the next several years, unfortunately.

Another trend that is receiving attention is sustainable or “green” products. While Canadians seem to love the idea, they aren’t putting it into practice in a meaningful way. Read on for more interesting insights, including where Canadians would live if they could drop their home anywhere in the country, neighbour disputes over renovations, as well as their favourite house style - hint hint, it’s not mid-century modern.

Canadians continue to show their love of renovating, with 96% of those surveyed having undertaken indoor renovations in the last year and 73% planning to do so in the next 12 months. By far the most important motivator for renovating was to refresh the look and feel and improve the aesthetic and function at 59%, followed by improving outdoor space for better enjoyment at 32%.

Painting the interior, installing new appliances and renovating bathrooms were the nation's top jobs overall. In an emerging trend, exterior painting was up to 11% from 8% in 2022.

Outdoors, there is an upward trend in patios and decks, water features and pools since 2022. One-in-five homeowners in British Columbia have painted the exterior of their houses in the past year, nearly double compared to other regions. In the Atlantic provinces, homeowners installed new roofs and new HVAC systems about twice as often in the last year as in other regions, likely due to weather-related issues.

In terms of anticipated renovation spending, it is predictably down. Last year, Canadian homeowners had planned to spend \$25,222 on average over the following 12 months (close to double the amount in 2021), likely due to the renovation frenzy experienced during the pandemic. In reality our data shows that they ended up spending just under half this amount (\$12,300). This year, the anticipated household spend figure is significantly less at \$10,264 on average for the next 12 months, almost certainly due to inflationary and interest rate pressure. However, Canadians are still intent on spending; only just over one-third (34%) of the surveyed homeowners are planning to postpone renovations in the next 12 months due to rising interest rates.

The first half of 2023 will likely go down in history as one of the most tumultuous when it comes to weather in the country. According to Accuweather, 2023 is Canada's worst wildfire season by far, with over 34 million hectares burned. British Columbia had the highest number of individual fires while Quebec had the highest acreage destroyed by fire.

In July, excessive rainfall in the East coast caused the worst flooding in 50 years and contributed to "unimaginable damage to homes" according to Reuters. Over 151 homes in the Halifax area alone have been lost, according to Global national news.

One-third (32%) of surveyed homeowners, including two-in-five (41%) in Atlantic Canada, completed at least one emergency repair in the past year due to weather emergencies. Roofing repairs were the most common emergency, at 11% nationally and 17% among homeowners in Atlantic Canada.

Over half (55%) of homeowners are contemplating making changes in response to the rise in weather-related events, the most popular being tree-trimming to protect their property followed by putting aside an emergency

contingency fund for such events.

Moving to interior air quality, according to a recent news article, gas stoves burning natural gas can result in high levels of nitrogen oxides in the home. The article cited that 42% of children in homes with gas ranges can experience increased risk of asthma. When asked about this, surprisingly 55% of homeowner respondents classified the risk of poor air quality due to gas ranges as “negligible or non-existent”.

In a similar vein, only one in five homeowners classified the risk to air quality from wood burning fireplaces to be “severe or moderate”. One can only assume that interior air quality is simply not a top concern for Canadian homeowners, given that only one third of respondents (36%) use air purifiers in their homes. This is despite related stories becoming more frequent in the media. From a regional perspective, British Columbia leads the use of air purifiers with 41%, no doubt due to poor air quality because of wildfires.

With rising financial pressure in the country, how are Canadians financing their renovations? It turns out we are great savers as upwards of 79% of Canadians surveyed had the cash on hand to finance their renovations. The province with the biggest war chest was Alberta, with the vast majority (85%) of Albertans having the cash on hand, outpacing the national average.

Of the 21% of homeowners we surveyed looking for outside financing for at least part of their project, by far the most popular was a line of credit at 59%, followed closely by credit cards at 38%. Traditional bank loans ranked very low at only 4%.

Turns out Canadians share a lot more with their American neighbours than a border - they love the same home design too! When asked to choose their favourite house style, the Modern Farmhouse aesthetic reigned supreme at 23%! The style was most popular among the younger respondents (those aged 23-39) at 28% and least popular among the 60+ group at 16%.

A popular choice on home design shows, with its white board and batten siding, large black framed windows and covered porch, the updated classic was recently featured in the New York Times as the “house of the moment” and shows no sign of slowing down.

Coming in at a close second was Ranch/Bungalow style (22%), followed by Contemporary Design/Modern at

15%.

The least popular choice was a glass condo penthouse with just 3% of votes. Turns out skyhigh panoramic views and the prestige of the top floor weren't enough to entice people. Of course while there are many benefits to condo living, even the swankiest of suites come with some complexity, due to the bureaucratic nature of condo boards. Or perhaps, after years of living with COVID-19, the idea of residing in close quarters with shared amenities is less appealing and has shaped how we want to live.

If you could pull a real life "Up" and move your house to the geographical location of your dreams (without being tethered to a bunch of balloons, of course), where would you go? We asked Canadian homeowners just that and it turns out we love the water. Whether it's the calming sound of waves or the close proximity to water activities, lakeside living took the top spot at 30%, followed by oceanside living at 23%. Coming in a not-so-close third was living in a mountainous region at 11%.

When looking at the choices regionally, lakeside was most popular among respondents from Ontario, followed by Manitoba and Saskatchewan. Oceanside was the top pick for Atlantic Canada and British Columbia and the mountainous region was overwhelmingly chosen by residents of Alberta.

We may love the idea of sustainability, but are we putting our money where our mouths are? Sort of.

An impressive four in five Canadians, 79%, stated that sustainability was "important" when choosing building materials for renovating and making renovation decisions. However, only 59% who renovated in the past 12 months have used green products, the most popular being energy efficient appliances (30%), followed by low VOC paint (22%).

In addition, Canadian homeowners we surveyed indicated they were willing to slightly increase their budgets to ensure their renovations were "green" and/or sustainable with 55% saying they would pay at least 5% extra. But that's not all, 39% of homeowner respondents stated that they'd be influenced to hire a service professional if they had green credentials or experience with sustainable renovations. Does gender play a part? It seems that it does, with females far more influenced to hire a service provider with green credentials or

experience at 45% compared to their male counterparts at 33%.

Regionally, Albertans were both least willing to spend extra on green/sustainable renovations and also significantly less influenced to hire service professionals with “green” credentials (28%, compared to the national average of 39%).

Ontarians lead the pack when it comes to smart home technology with 72% owning at least one smart home product (a significant increase from the national average of 66%). Three-quarters of households with kids had smart home products.

Smart thermostats led the charge with 33% of national respondents having one installed in their homes, followed closely by Internet-based home assistant (i.e. Alexa, Google Nest) at 32% and Video doorbell/Security camera at 30%.

Last year, we witnessed a record-hot real estate market, but it has since cooled and according to the Canadian Real Estate Association, listings had fallen to a 20-year low from April to June. It is expected that buyers will wait on large purchases until there is a clear indication from the Bank of Canada on interest rates.

We have noted that for two years running now, only a small percentage of homeowners were planning to move within the next year. In 2022, 76% of homeowners did not intend to move and this year, we found that only 15% of Canadians had bought or sold a primary property in the last 12 months.

Regionally, British Columbians were most active on the real estate front, almost doubling Atlantic Canada (20% vs 10%).

There was also a significant shift in the types of homes purchased, with only 28% choosing a fixer-upper/property that needed renovations. This is a drastic decrease from the 2022 Reno Report findings which had 44% of respondents purchasing a home that needs work. New or renovated homes were most likely to be purchased by the highest income households (those over \$100k) where affordability was naturally less of a barrier.

In addition, among respondents who had purchased a property, around one-third (39%) sacrificed the area they wanted in order to get a larger home or one in better condition.

If given the choice, close to one-third (31%) of respondents would consider sacrificing some square footage if a smaller home or condo had higher-end, luxury finishes.

It seems that, for now, major renovations are out and move-in-ready is in.

Of the respondents across Canada, 16% own an income property with homeowners in British Columbia leading the way as landlords at 21%. British Columbians were also the most interested in laneway housing with 50% open to building a laneway home for personal use or extra income if space and money were not a concern. This is considerably higher than the national average at 36%.

Currently, the majority (82%) of homeowner respondents across the country live with their immediate family only, however, in the next 10 years one-quarter (25%) say they are likely to live in a multigenerational household. As these living scenarios are expected to rise in popularity, updates to the home are almost certain. Perhaps anticipating a demand, the federal government introduced a tax credit for multi-generational renovations last year, which provides a one-time 15% tax refund for renovation costs up to \$50,000.

The results also showed that in the next decade, families with older children are also aware and perhaps preparing for their brood to return, with 25% indicating they may have adult children move home due to financial pressure.

These findings are indicative of the ongoing affordable housing crisis we are experiencing where the cost of living has skyrocketed and both aging-in-place, as well as home ownership for the younger generation, is looking more out of reach than ever before.

Undergoing a renovation can sometimes be a stressful experience, between navigating unexpected costs, delays, or even unreliable service professionals. However, there is one more wild card that can sometimes come up when living in close quarters to others - and that is your neighbours.

Approximately one tenth (12%) of surveyed homeowners have been in a dispute or disagreement with a neighbour over a home project or renovation. Regionally, British Columbians and Ontarians were most likely

to find themselves in this scenario at 16% and 13%, respectively. The numbers are surprisingly low considering it seems like we all know someone who has taken issue with their neighbours, but maybe Canadians keep their gripes to themselves?

The most common issue for those who experienced disputes or disagreements was over property lines with respect to a proposed deck or fence at 46%. Coming in second was a lack of respect shown to neighbours property (27%) followed by mess and debris at 25%.

Of course, in an ideal world you avoid disputes entirely. The best way to do this is to communicate with your neighbours: Be clear, respectful and give significant notice so they can plan and prepare for any potential inconvenience.

Trust in professionals doing renovation work is essential to homeowners, as three-quarters (67%) are willing to pay more for services from a professional they trust. A reassuring 69% of homeowners say they are confident that they were charged a fair price by a professional they hired.

We found that over half (52%) of surveyed homeowners, including two-thirds (64%) under the age of 40, say they tend to put off completing home projects when there's uncertainty about the cost. Cash aside, sometimes contractors are hard to find. For example, over half of respondents in Atlantic Canada had trouble hiring a contractor, mostly due to long backlogs, which makes sense considering the high number of roof installations and HVAC system replacements that were required due to wet weather.

With over 830,000 reviews from coast to coast, HomeStars is Canada's largest network of verified and community-reviewed home service professionals. Each review is verified by a team to ensure accuracy, allowing homeowners to confidently hire right the first time, for every home renovation or repair project. HomeStars includes a Star Score rating on each business that takes into account the overall rating, recency, reputation and responsiveness. Another differentiator is the Verification badge, which means that the service professional has undergone criminal background and financial checks. With these safeguards in place, HomeStars helps Canadian homeowners with a free resource that allows them to hire confidently.

These are the findings of a survey conducted by HomeStars from July 20 to July 27, 2023, with a sample of n=1,105 Canadian homeowners aged 23 years or older (excluding Quebec) who completed at least one home renovation or repair in the past year. All respondents were members of the online Angus Reid Forum, and the survey was conducted in English. Regional boosts were added to reach a minimum of 200 completions each in Alberta and British Columbia, and 100 completes in Atlantic Canada.

The additional re-contact findings of the survey conducted by HomeStars from June 3 to June 8, 2022, with a sample of n= 985 Canadian homeowners (excluding Quebec) who completed at least one home renovation or repair in the past year. All respondents were customers of HomeStars, and the survey was conducted in English.

HomeStars is Canada's largest online marketplace connecting homeowners with trusted home service professionals. In 2022, 7 million homeowners visited HomeStars looking for a pro for their next home improvement project. HomeStars was created in 2006 to help homeowners make better hiring decisions. Ridiculously bad service

Okay:

We had two guys come yesterday to move the contents of our house. We hired them for four hours.

They arrived fifteen minutes late. They also never bothered trying to reach out about their timing.

When we were discussing the cost, the guys never indicated sales tax or some ridiculous service tax; what was originally quoted as \$360 ended up being \$450 plus. Not once during our conversation was tax or service fees ever discussed. Had I known about this, I wouldn't have hired them. I get that tax may be necessary, but the service fee was NEVER explained.

They damaged a cabinet door.

I never received a receipt.

I'm disappointed in their services, and rest assured, we won't be using MoD company should we be moving

We do not like to talk bad about our clients but this has to be an exception. This man was a very difficult client. The biggest issue we had with him was his refusal to wear a mask. In this pandemic and in a lockdown the customer refused to wear a mask stating he did not believe in it. Our crew and their families were put at risk by this man going against safety protocols and guidelines from the province. Our crew wore masks and proceeded to do the job but under fear of their lives. From then on he was agitated and very disrespectful to our crew.

Shame on you sir. He was asked to pay \$360 plus taxes and an insurance charge which ended up as \$442. No more money was requested from him. We never refused to give him a receipt. He does not seek a resolution because he is privileged and arrogant.

Shame on you sir for putting hard working men at risk and telling lies.

Moving company, Movers

I moved within the same apartment building. You'd think it wouldn't be a big deal.....WRONG!!!! They showed up late, and they broke my large screen tv, and refused to replace it, after talking about having the proper insurance, they offered me 200.00 on a 2800.00 tv. They broke numerous other small objects. You would think it was almost deliberate. DON'T HIRE THESE MOVERS!!!

BEWARE - Don't trust these guys or their Godfather on the phone

Thugs, Scoundrels,... there aren't enough words to describe how bad this company is. NEVER use them or they'll ABUSE you financially.

I used their services after seeing a pretty convincing ad. in Kijiji. What I got was two guys who took their own sweet time to move my items and then after the 5 hour move from my small condo to my new place a few mins. drive away, I get dinged with a hefty bill of nearly a grand + \$25 to pay by credit card because I didn't have enough cash.

They charge you extra for each flight of stairs going up and down. I got billed for five flight of stairs.

They charge you extra for each bulky item. They define what is bulky and what isn't.

They charge you extra for a sofabed.

They charge you extra for each heavy item. They again define what is heavy and what isn't. So for example with a sofabed, you get charged for a bulky item + sofabed + heavy item.

They charge you extra for service charge. What the #(&???

Plus all applicable taxes

They ripped my leather sofabed.

They broke my ikea closet.

They dumped practically everything in my ground-level basement room.

Never will I ever use their service again. I must have done something bad in my life to have been punished by these guys.

BEWARE -- save yourself the trouble of looking for something cheap (as I thought I did) and go with a reliable moving company.

2 Bedroom

The movers were respectful of my home, and I was especially impressed by how they managed to move larger furniture through tight spaces without any issues. The pricing was transparent, with no hidden fees, and their level of care and attention to detail made the whole process stress-free.

I highly recommend North Cost Moving to anyone looking for a reliable and smooth moving experience.

Thank you so much for taking the time to share your experience with our services! NorthCoast Moving greatly appreciates your feedback and is thrilled to hear that we exceeded your expectations.

Great service

Delivered the best moving experience I've ever had. Team were absolutely amazing!! They were professional, courteous, kind and took the stress out of moving by keeping things light and fun while getting the work done. Everything that had to be wrapped in blankets was done without me having to instruct them (unlike the movers I fired a day before them).

As a result, none of our items were scratched or damaged, nor were the walls or floors at the places we were moving between. This is because they rolled out mats to protect floors, removed their shoes when necessary without us having to ask, were respectful of our spaces and items, and asked us how we wanted things each step of the way. And all of their stuff was very clean, from the blankets to their truck. As they say, you get what you pay for. Thanks for the great move, I can't appreciate it enough!! Highly, highly recommend.

Second Experience Not Very Good

We first used this company to re-tile a small kitchen and laundry room, and it went OK with few hiccups. We decided to hire them again to replace the laminate flooring in our condo with Vinyl plank. At the last minute, I mentioned that we were going to have the place painted, and they wanted to do that also. We agreed and went through everything I needed done and agreed on a price. We were told it would take 3 and possibly 4 days. I had purchased a lot of plastic and asked them to cover everything (I have an autoimmune condition and allergies).

The first picture shows what we came home to, on the 4th day. There were mounds of dust on everything (I am still cleaning it weeks later); nothing seemed to have been covered. The expensive vacuum cleaner I had just bought was a mess inside, having been used to vacuum sawdust (it will have to be serviced since it is not working as well). The kitchen and microwave were filthy, with tea and coffee stains throughout. One of my prized pieces of furniture was damaged (second picture) but they insisted they did not do it. The flooring and

painting was mostly completed and I was satisfied with the quality of the work for the most part. There were few scratches and dents.

They stayed on the 4th day to finish the work and came back for a while on a 5th day. While working, Mikhail's partner kept complaining that there was too much furniture and "stuff", that he was not making any money, and that I should consider paying him more. He said that he loses money every time he returns to the condo.

As it stands, 1 closet remains unfinished (baseboards not changed and painting not completed), baseboards not painted in the laundry room, most of the caulking is not done, a damaged kitchen tile is not replaced, a door frame is not adequately repaired, one room's ceiling is not adequately painted, 1 transition piece is not installed (they also lost it), they made a mess painting over every electrical plate, they damaged one light switch so we cannot use the dimmer function, window screens were not properly replaced, back-of-door shelves were not replaced, some closet shelving was not adequately screwed into the wall, a cart full of garbage? was left in the corridor which prompted neighbours to complain, and there are 2 unsightly gaps in the floor, under door frames. They also damaged a costly step stool by getting paint all over it.

Despite agreeing to do 2 small, extra tasks for me, Mikhail's partner was, on the whole, quite rude and seemed unhappy to be there. He kept asking me to deposit everything I owed, less \$150 for 1 task that Mikhail was supposed to complete at a later date. I had already paid them most of what was owing, less \$1000. By my estimate, taking into account all the work left, which I will have to hire someone else for, and the damages incurred, I am in the hole about \$2000

Mikhail apologized for his partner's behavior at first but when I listed what had yet to be completed, he ghosted me. I will not be able to do anything about it due to my poor health but I can definitely say that I cannot recommend this company.

Kitchen tile

Amazing guys. Specially Michael. He suggest me a lot renovation staff in my kitchen which is really useful in my daily routine. Definitely recommended.

Full Backsplash/ Broken tile

This is the second time I have worked with Mikayil(Michael). He is totally amazing. From beginning to end he is a pleasure to work with. Mikayil arrived when he said he would, was impeccably tidy with his work, with excellent attention to detail and finished on time.

Would definitely recommend their services.

Delivery guys are useless

I bought a brand-new washer and dryer from Billa Appliance and paid for delivery, pick-up of old units, and installation.

Two guys come by and argues among themselves that they aren't going to pick-up the old washer and dryer. After convincing them that I had paid for that service, the finally agreed to pick it up.

Next, installation: They now turn to me start arguing that they are not going to do the install, even though the sales person said that they would. When they finally agreed, then told me that the dryer vent attachment would need to be replace for an additional \$25. I said okay, no problem. They then go searching for the right tools to fix the dryer. After borrowing my tools they turn around and tell me that they don't have any aluminium tape to seal the joints. Anyhoo, after the work was done, they dinged my an extra \$5 for the clamps and gaping holes in the dryer vent joints which I was left to fix. And in the process, they screwed around with the water hoses that till today is still dripping.

Finally, the cardboard boxes. They simply refused to take that with them citing that this isn't their job.

They guys are nut-cases on the loose. My new appliances appears to work fine, but the delivery guys

professionalism and work ethics lead me think otherwise.

BEWARE - Don't trust these guys or their Godfather on the phone

Total rip off - SCAM

I wish I had read these reviews prior to booking moving services with this company. Actually I booked it with Metropolitan Movers but I guess they subcontracted this Movers on Demand company.

When I made my reservation for the services I requested for the truck not to be late since I had the elevator reserved for 10a.m. The moving crew arrived only at 10:45a.m. and by that time I had already taken downstairs all the boxes - only the sofa, the mattress and two drawers were left.

The truck left to my new address and around 12:45 everything was done. My surprise came when one of the movers presented me with an invoice that had prices way more expensive than the estimate I had:

To start they were charging me for 4 HOURS - even though the moving took only 2 hours all together - of course I made the first leg pretty much by myself since they were late. They said they had a minimum 4 hours services fee, something that was never told to me when I did the booking.

They also charged me 80 dollars for STAIRS fee: 20 for each mover (2) for both homes. Detail: there were no stairs on my apartment and besides this cost was never quoted.

Website: [homestars.com](https://www.homestars.com)

Additionally, they came up with a 10% insurance fee on top of the HST, something that had not been quoted.

After reading the reviews on the website I was really expecting great service or at least something fair but all I got was a complete scam. I am sure those testimonials are all fake.

I did write to Metropolitan Movers afterwards to complain but they never responded, something that did not surprise me at all.

Moving 4 bdrm house

We had originally scheduled the move for Sat. Aug. 21, but cancelled it due to the rain, and wanted to move on Sun. Aug. 22, but cancelled again due to the rain. We then asked them to come at 1pm on Tues. Aug. 24 and the movers showed up at 1:20pm. When they brought out the contract I noticed some discrepancies between what we had previously agreed upon when I spoke to their boss through the phone. When I called their boss, he said those were standard conditions that were not negotiable. Once I realized he was trying to change our conditions, I told him that I would cancel the move and find someone else. After another 20 min. of wrangling, we agreed upon the original terms and I had his movers correct the contract and sign it with me. After that it was very smooth sailing. The movers were very cheerful and pleasant and worked efficiently. They set up everything the way I asked them too, and didn't waste any time. Many thanks to the other reviewers who used this company and noted that the contract was dodgy and one should read it before signing (I probably would have signed it without questioning anything if I hadn't read the reviews beforehand).

moving

Movers on Demand, or Mo Movers or whatever other alias they use are a complete rip off. I waited 2 and a half hours for them to show up, with NO apology. then they pulled out the four hour minimum. then they pulled the 'stair charge'. i had no choice but to pay most of it (they cut the stair charge in half). because i had to leave to pick up the key at the new place. they had A LOT of attitude the entire time i was dealing with them. then they charged me two extra hours of labour before they unloaded my stuff. and \$40 for a recliner that was no heavier than my dresser or anything. THESE PEOPLE ARE SCAM ARTISTS. DO NOT USE.

moving

As other reviewers have noted, there are serious discrepancies between what this company tells you on the phone and what they try to charge you for. When I talked to the manager about my move, he told me three-hour minimum plus one-hour travel. When the movers showed up they handed me a contract that called for a \$700 deposit (no deposit was mentioned on the phone), four-hour minimum charge plus travel, along with a bunch of additional costs (\$40 per heavy item, \$30 for stairs, etc). I called the manager to ask what was going on and after some haggling he came down to a \$200 deposit. Then he proceeds to call his men and tell them \$400. Clearly he is a rip-off artist (though not a particularly bright one) so I cancelled the job.

Moving Company

Although Movers on Demand (416-919-MOVE) claim their rate is \$40/hour, this company is a ripoff!!! The sales associate quoted me a fee of \$40/hour with a 3 hour minimum plus 1 hour transportation cost and GST for a total of \$168.00. The final cost was over \$400 for a one hour move - labour, transportation, stairs, GST and 10% service charge.

I hired Movers on Demand to move some office furniture from one location to another starting at 10:00 a.m. I received a call at 9:30 a.m., the day of the move, stating the truck is having technical problems so they won't be able to make it until 2:00 p.m. They claimed that's the time the technician estimates that it will take to fix the truck. I inquired about other trucks and was informed they were already on the road. I insisted on the movers trying to make it for 12:00 noon as 2:00 p.m. was too late. I received a call at 11:30 a.m. stating they would be at the location at 12:30 p.m. I asked them to call me back at noon to confirm the time. At 11:55 a.m. I received a call confirming the movers would be at the location at 12:30 p.m. Our receptionist went to the location to give them entry but the movers didn't arrive until 12:50 p.m. At 1:49 p.m. I received a call

from the receptionist stating they loaded the stuff and was on their way to drop it off. When the movers arrived, I was told the bill had to be settled before they unloaded the stuff. I disputed the bill because the labour charge was \$200 and I was told to speak with their boss. I called the boss but he didn't return my call and instead called his employee to find out what was wrong. I was told that the \$200 fee was for 2 1/2 hours X 2 of moving time. I questioned as to how it can be billed for 2 1/2 hours when they haven't unloaded the stuff and it only took them an hour to load the stuff. I was told they estimate that if it took 2 1/2 hours to load, it will take 2 1/2 hours to unload - even if it takes them only 1/2 hour to unload. I told them they loaded for less than an hour so why did they state they loaded for 2 1/2 hours. (They had to wait approximately 1/2 hour when they got to our building due to the fact that the gate was locked and there was some issues with unlocking the gate.) However, it still did not add up to 2 1/2 hours. When I disputed the fact that I was being charged for 4 hours plus transportation, I was told by the movers to read the contract and speak with the boss. Apparently, the movers had the receptionist sign the contract before they loaded the truck and she was unaware I was quoted 3 hour minimum charge, instead of the 4 hours written on the contract. The movers' boss (David) finally called me and I advised that his employees loaded for approximately 1 hour. I also mentioned the discrepancy of the minimum charge and was told it has always been 4 hour minimum charge plus transportation. There was also a quote of \$80 for stairs which I disputed because there was no mention of a charge for stairs. The bill was reduced a bit but there was still the issue of the stairs, which was resolved when the movers saw we had a freight elevator. There was stairs at the pickup location but there is a freight elevator at the drop-off location but, without even asking, we were being billed for stairs at the drop-off location. When adding up the amount - labour, transportation, stairs, GST - didn't add up to the figure on the bill. I was then told there is also a 10% service charge, which was never mentioned to me when I asked for a quote, but is included in the contract.

There were a couple of errors on our part - not getting a contract in writing beforehand and the receptionist signing the contract the day of moving. However, this moving company was trying to rip us off by trying to fudge the amount of time spent loading and unloading and billing us for stairs where a freight elevator is

located. Also, it was never mentioned there would be a 10% service charge. Therefore, I wouldn't suggest anyone use this company for moving purposes, based on a verbal quote, unless they had seen the written contract. Although their ad states they are professional and friendly, based on my experience, they are far from it.

moving

Started out with a low hourly rate \$45. made a mistake of not reading contract. No mention of added charges during booking.

after all extra charges min 5 hrs, 10%service fee, 45 travel time, plus extra ins. The actual movers were fine but company not so upfront. so after cost ended up over \$100/hour. will never use them or recommend them.

Very efficiently moved the contents of our house into containers to be put into storage. Did a great job and beat their time estimate. I will be using them again.

Really good service

I found Roadrunner based on Google and Homestars review. They are REALLY good. Brendon and his team done a really good job moving my 4 bedroom home.

Very professional!! very clear, laydown floor / stairs protection. nicely wrap up all the items.

ZERO damage to all my items / Wall / Floor / Stairs.

really a stress free move. Hats off to Brendon and his hard working team.

Hi Wilson,

Thank you for the kind words, and again for choosing RoadRunners moving for your move.

RoadRunners Moving & Storage

Very professional and efficient move experience

I recently hired RoadRunners Moving Company for a 2-bedroom apartment move from Scarborough to Oakville, and I couldn't be happier with the service.

Brendon and his team arrived on time and completed the move efficiently, including travel time as distance

Website: [homestars.com](https://www.homestars.com)

was quite a lot. They handled everything with great care, ensuring that all items were loaded and unloaded safely.

The movers were professional and attentive, placing each item in the desired room. Their commitment to quality and customer satisfaction truly sets them apart. I highly recommend RoadRunners for anyone looking for a reliable moving service.

The price I paid turned out to be less than the estimates done prior to move.

Thanks Brendon and team!

You guys rock!!

Hi Naveen,

Thanks again for choosing RoadRunners for your move. It was an absolute pleasure working with you.

RoadRunners Moving and Storage

3x Return Customer and Still Satisfied

This is the third time I've hired Road Runners to move me and they always do a fantastic job. They arrive on time, are clean and efficient, took care of all of my items including several large plants. I highly recommend them to anyone who needs to move in the GTA, and have heard similar praise from the four friends who have hired them based on my positive review.

Hey SS. Thanks for choosing RoadRunners moving and storage again. We truly appreciate it. We look forward to the next time.

Thanks,

RoadRunners

Amazing Service!

Our family has used RoadRunners 3 times in the last 6 months for various moves and they are amazing. Brendon and Paul are very efficient and careful with your items. They come prepared with supplies and tools for any situation.

We will be using them again in the near future. RoadRunners are now our go-to. Thanks guys!! You're the best!!

Thanks again, Merita, for choosing RoadRunners Moving & Storage. we do truly appreciate your confidence in us. Till next time.

Upright Piano Moving

The upright piano move was smooth and efficient. Brendon and Paul arrived on time and took a lot of care with packing and securing the piano. They had creative solutions for navigating stairs and made it look easy. I liked the fact that they thought through the situation first, came up with the plan of action and only then attempted to actually tackle the stairs. Communication and responses prior to and during the move was easy and smooth. Highly recommended.

Thanks, Shri. We appreciate the kind words. It's most definitely important to first come up with a plan before executing. Till next time.

Everything went smoothly

I asked Brendon to help with moving a commercial grade treadmill. They showed up on time, and everything went smoothly despite needing to navigate some narrow basement stairs. I would not hesitate to use them again.

Thanks Danny. We appreciate the great review. It was a pleasure working with you!

Move a desk from the second floor of our home the main floor

RoadRunners Moving and Storage were professional in handling all aspects of my move. They were scheduled to arrive at 2:00 pm. Paul texted me to tell me they would be just a little later than expected.

I needed a desk moved from the second floor of our home to the main floor. Paul and Brendan are very knowledgeable about dismantling furniture. They took their time in disassembling the desk, doing so very carefully; moved all parts of the desk down the stairs; and placed them on the main floor. Here they carefully reassembled the desk. They had even made a mental note of where all seven drawers belonged, replacing each one where it had been.

The top layer of the desk had pried up from the rest of the desk. Paul and Brendan provided me with a tip on how to rectify this problem: anchor the surface with wood glue and then nail it down to make it secure. Paul and Brendan are professional and personable. I had a very pleasant experience with them. I would definitely hire them again!

Hello Grace, It was a pleasure to meet you. Thank you for the great review! I hope we get a chance to work together again in the future.

Piano Moving and Workbench Removal

Everything was efficient and professional, we have hired Roadrunner before and would definitely use their services again!

We appreciate the review! Happy to help any time.

Page: Movers On Demand Review - Damaged our furniture | HomeStars

Damaged our furniture

We were told there would be 2 men and we expected that they would both move our furniture together, but they had one unload the truck and the other one carry and move the furniture into the new place. One person cannot carry heavy solid oak credenzas and triple dressers alone and move it into place. They left deep gouges in our oak table, broke off large splinters of wood on 4 other tables and left large scratches all over the hardwood floors. When we pointed out the damages to them, they started to carry the larger pieces of furniture together but the damage was already done. They offered us no discount or other compensation for the damages. They had also promised us that there would be no additional charges and then there was. And they came back to us 2 weeks before the move and wanted twice the amount of deposit as what we had already paid them. Definitely won't be using them again.

Inefficient + Damage my stuff

1. The estimated move was 5h from DT Kitchener to DT Toronto (1 bedroom, a sofa, a tv, a study desk, a queen size bed mattress without bed frame, a tea table, and a few packed boxes). However around 9:53-9:54pm we haven't even moved most of the things to the side of the elevator of the new apartment. Me and my friends don't plan to pay for extra 1-2 hours just for the movers to move my stuff from the elevator to

my apartment, and at that time we still have 4-5 min left until 5h, so I kindly asked the movers to help me just move the heavy stuff to my apartment and my friends and I would move the rest. However the movers said they couldnt because it already passed 5h threshold, they said they started the timer at 4:53pm. However Im confused why they arrived at 4:58pm while they said they started the timer earlier. Please find the screenshot of the phone call they made whenever they arrived. And after they refused to help me move, me and my friends paid them ~\$700, and moved the rest by our own.

2. A few scratches on my 4k resolution monitor and broken leg of my sofa, not mentioning a few items were dropped out of my packing box (luckily they were not broken).

3. If you dont keep an eye on them, theyll move very very slow. After moving to the new apartment, to speed up the moving, my friend and I moved the stuff from elevator to my apartment, and the movers moved the stuff from the truck to the side of the elevator. There are 2 rounds when my friends moved everything from the elevator to my apartment, and then we went down to the loading area, and found there was nothing to load to the elevator. It turned out the movers havent moved ANYTHING to the loading area from the truck. Im so surprised and shocked by their efficiency.

4. When we were moving out from my old apartment, there were 3 people used my reserved elevator for their two big sofa, and the movers just let them in and didnt stop them, that also largely slow down the moving process.

I'm sorry to hear that you had a bad experience. We'd like to clarify a few points based on our email communications:

Minimum Charge: We always inform customers that we have a minimum charge of 3 hours, and that the hours provided are estimates which may vary.

Travel Time: You traveled from Kitchener to Toronto, which typically takes around 1.5 hours by car. Considering that you were in a truck and traveling during the evening, the estimated time of 1 hour 45 minutes aligns with typical conditions and regulations.

Moving Process: We allowed you to ride with our movers in the truck, which is not our usual practice. Since you were present during the move, you would have seen that the movers worked diligently. You requested that the job be completed within 5 hours, and while we strive to accommodate our customers, we cannot be held responsible for any delays due to your request.

Couch Condition: Regarding the couch, we are only responsible for the items our movers handle. If it was damaged prior to the move or during your unloading with a friend, we were not aware of that.

We always aim to prioritize our customers and ensure their satisfaction, but sometimes it's challenging to meet everyone's expectations. Again, I apologize for your experience, and I appreciate your understanding.

Best,

Proactive Movers Inc

Condo to House: Book At Your Own Risk!

My recommendation is to never book this company, especially if you're moving from a building into a house. I booked based on the great reviews here but I was totally duped.

The booking itself was seamless and Maria was very responsive but everything changed on moving day. 3 movers arrived approx 25 minutes late. The move was from a 2 bedroom condo to a house in another town.

Unbeknownst to them, my husband understands their language so he could hear them say to each other no need to move fast here. They took an extremely long time between loads so I asked building security to check what was going on at the loading dock and I was told that the movers are sitting in the back of the truck on their phones.

My husband went to check as well the next time they went down with a load and, once again, they were just sitting in the back of the truck on their phones. He took photos and video but I will not post that here.

The move out from the condo wasn't supposed to take this long. We were scheduled to load at our storage location too but when I saw how slow these guys were moving, I decided not to go there. Still, I provided them with lunch on my dime and time because it seems they didn't come prepared.

After they loaded everything from the condo, they took 30 minutes longer to arrive at our house than they should have. I asked the office where they were, but I never heard back. When they finally showed up at our house, I told them to unload into the main floor only. The movers seemed relieved they didn't have to go to the second floor.

To top things off, their truck leaked hydraulic oil on my new driveway plus they billed me for more time than they actually took.

So to sum up, they moved very slow, took plenty of extremely long breaks, took a half hour longer to arrive at the destination than expected, leaked oil on my driveway, and then charged me more time than what was used!

There was no follow up from the company to ask how the move went. I think it's because they know that they ripped me off and ruined my driveway. It's unfortunate this company didn't live up to the other good reviews

here. We have more friends and family moving out of Brampton in the next few months and I've made sure they know NOT to book with proactive movers. I hope this review will serve as a warning to others.

Great Moving Experience

I had a great experience with Proactive Movers. They arrived early, worked efficiently, and nothing was broken or dirtied. They even brought everything up the stairs and successfully took apart some larger pieces of furniture and reassembled them. Highly recommend them!

Thanks for choosing us. We're grateful for the opportunity to serve you.

Home renovation

Had a great time working with them on moving my furniture. Customer friendly, keeping up with updates on pick up and delivery. Am sure to call them up again. Thank you so much.

Thank you for trusting us..we will be happy to serve you again in the future

Thank you Khayam for the review. Looking forward to working together again in the future!

Electrical Rewire

Drew picked up the phone promptly and I simply sent him some photos of the job needed to be done. He was able to give me a reasonable quote pretty quickly based on the photos I sent. Throughout the job, Drew and Russell paid attention to details and completed the rewiring meticulously. Godfrey assisted with the wire line

replacement and was pleasant to deal with. Without hesitation, I would recommend Drew, Russell and Godfrey for any electrical work. We are extremely pleased with the outcome and have found our go-to electricians! You will be happy you went with ELECTRICca Inc.!

Thank you Khalid for the review. We look forward to being your future electricians!

Panel Upgrade and Generator Panel Install

This was a very good process from start to finish. I wouldn't hesitate to recommend Drew and will definitely use him for future electrical projects. The job was completed as requested, and for exactly the price quoted.

Thanks Drew and Russel for a great upgrade to the house.

Thank you very much Jonathan for the kind words. We look forward to being your electricians for any future projects.

Electrical Panel Upgrade and EV Charger Install

Marcelle is a master electrician who produces very high quality work. He and his team upgraded my panel to 200A service and installed a Tesla Universal EV charger in my garage. They were very knowledgeable and provided clear direction and communication leading up to the installation date. During the install they arrived promptly on site and left the job site cleaner than it was before they came. I would highly recommend Electricca for any of your electrical needs. We will most definitely work with them again in the near future!

It was a pleasure doing these installs for you and we look forward to working together again in the future!

Pot light installation

They did a great job installing pot lights in my condo. Very happy with the work!

Thank you Jeremy for the review. We look forward to working together again in the future!

Outlet repair

Quick and efficient service! Drew was so friendly and professional. He answered all of my questions and took his time to address my concerns.

Hi Elizabeth, thank you for the kind words. It was a pleasure working with you!

INSTALLATION OF 120KG CHANDELIERS

I contacted Homestars for a licensed well qualified Electrician.

Drew responded with enthusiasm, promptness and positivity to do the job. He returned all my calls no matter what time I called offering to resolve all problems that arose regarding the lights.

I was very impressed with the professional electrical service Drew provided. Drew has several years of strong electrical education, is extremely intelligent, knowledgeable, quick, effortless grasping of his job and providing solutions to every problem we faced hanging these heavy lights, while working endless hours, tirelessly to finish.

He did an excellent job hanging all the 120 KG heavy crystals chandeliers, the designs of which were not only very complicated but came with no proper paper instructions.

His energy and strength is amazing. Quite an achievement for someone so young!

Drew is very sensitive to the needs of his clients and his patience throughout the few days he spent installing these big, heavy Chandeliers blew us away. No task was unachievable for him and he faced all challenges effortlessly. No complaints, no fuss, no negativity. Always happy and pleasant and with a yes I can do it.

His demeanor is very pleasant and friendly. No job or situation is difficult for him to overcome efficiently and diligently contributing what ever extra time it took without complaining. Always endeavoring to satisfy and

please the client.

I know that I am a tough task master, and quite picky, however no matter how difficult my demands were he finished them with perfection, installing these high ceiling Chandeliers that were very complicated and heavy to install along with reinforcing all light structures from the attic and ensuring they were safe to carry 150KG of weight without risk of falling.

He is a very likeable, pleasant, friendly person to work with. Very respectful, very patient and always endeavouring to please and work to the satisfaction of his clients no matter how hard or tough the job was and no matter how many extra hours he had to spend, he worked till we were satisfied.

We were blown away by his efficiency and knowledge and adaptation to all difficult situations and providing quick timely solutions. He works very hard and with a passion, knowledge and understanding of his job and what was required of him.

Drew is a very trustworthy honest person. I would never hesitate to call him again for any electrical work I have in the future. One will never regret calling him.

I wish him all the best in his future jobs.

Thank you so much for your kind words, it's very much appreciated. Client satisfaction is something we take very seriously and hold at a high standard. It was great working with you too and hopefully we can work together again in the future!

Needed new service for hybrid.

Needed a new service in the garage to plug in both hybrids at the same time for overnight charging. Some other minor fixes too. Quick response and booking. We had a miscommunication on the purpose of the new service. Needed some extra supplies. He stayed late to knock it out. Much appreciated. Would definitely recommend.

Thank you Connel for the review! We are glad you're satisfied and look forward to working together again.

Installation of recessed lights

Drew is a seasoned electrician who knows what he is doing. He is passionate about his work and thinks outside the box to find the desired results. I'll be using him for future projects and would easily recommend him.

Thank you very much for the thoughtful review. We look forward to working together again in the future!

A Smooth Move

Movers on Demand moved the contents of my apartment (2 bedrooms, 50-60 boxes and 5 wardrobe boxes) on February 29th. Mike and Tiko arrived on time (to the minute) and even texted me to let me know when they were on their way. They were pleasant, respectful and worked hard consistently. I was delighted, after having unpacked, to realize that NOTHING was scratched or damaged. Mike took the time to come and see the contents of the space before the move and we looked at the contract together. There was a professional dialogue of the company's Terms and Conditions. Having seen the contract, there were no surprises whatsoever. I did have one question which was addressed and I was satisfied with the outcome. Overall, my moving experience with Movers on Demand Inc was very positive.

They truly make the move "EZ"!

I was referred to Hamza and his team by word of mouth and am glad I went with the recommendation. His team's prices and services may be comparable to the sea of other moving companies out there, but the service and reliability we received were exceptional. And that's crucial for something as stressful as moving.

Hamza took his commitment to service seriously. His team were on-time and easy to deal with, quickly taking charge of the task. When one of them had to bow out on short notice, Hamza shifted his schedule to ensure we got the three men we'd asked for, at the time we'd arranged. His team lead, Alp, was friendly and organized. They made sure all parts such as bolts and screws travelled with larger pieces of furniture. Everything arrived at our new home safely. We were able to focus on other priorities that day with confidence things were well in hand. The team swiftly put things back together for us once at our new place. To top it all off, when there was a miscommunication in the final fee, Hamza handled it with integrity and honesty. All in all, EZ Movers really did make moving easy!

Alp the head packer was GREAT. Hamza, the owner/scheduler, was inconsiderate.

I contracted with Hamza weeks in advance, for noon on June 10, and paid \$99 deposit. He specifically said they would come at my convenience. The day before the move Hamza texted and asked to come 4 hours early, at 8:00AM. I responded immediately and said no, my wife has a chronic illness and needs her sleep. I offered to let them come at 10AM. He ghosted me for 6 hours. I texted multiple times and called him 3 times over 6 hours and he finally picked up in the evening and said he could do 10AM. Then he sent the movers at 8AM anyway. They woke us both up, I was asleep and at first said I'd try to be ready by 9AM, but then realized that

wouldn't work and texted Hamza saying tell them not to come until 10. He ghosted me. I texted and called MANY times. Nothing. (But both times the mover texted him he responded right away.... Hmmm...) The movers came at 9AM. The movers were GREAT. Alp (the head mover on my team) was a WIZARD at fitting everything in. He packed my 20 foot shipping container all the way to the ceiling, all the way back. There was hardly any air space in the container. I was INCREDIBLY grateful for his packing skills because otherwise a lot of my stuff would not have made it into the container. He was kind, polite, efficient, and incredibly talented. In short... Owner: Zero stars out of 10. Packers: 10 stars out of 10. So: if you don't care when they come, it's a good deal and talented packers. If you want decent communication and want the movers to come when promised, look elsewhere.

Best Moving company Ever and Best Price also!!

Total rip off - SCAM

I wish I had read these reviews prior to booking moving services with this company. Actually I booked it with Metropolitan Movers but I guess they subcontracted this Movers on Demand company.

When I made my reservation for the services I requested for the truck not to be late since I had the elevator reserved for 10a.m. The moving crew arrived only at 10:45a.m. and by that time I had already taken downstairs all the boxes - only the sofa, the mattress and two drawers were left.

The truck left to my new address and around 12:45 everything was done. My surprise came when one of the movers presented me with an invoice that had prices way more expensive than the estimate I had:

To start they were charging me for 4 HOURS - even though the moving took only 2 hours all together - of course I made the first leg pretty much by myself since they were late. They said they had a minimum 4 hours services fee, something that was never told to me when I did the booking.

They also charged me 80 dollars for STAIRS fee: 20 for each mover (2) for both homes. Detail: there were no stairs on my apartment and besides this cost was never quoted.

Additionally, they came up with a 10% insurance fee on top of the HST, something that had not been quoted.

After reading the reviews on the website I was really expecting great service or at least something fair but all I got was a complete scam. I am sure those testimonials are all fake.

I did write to Metropolitan Movers afterwards to complain but they never responded, something that did not surprise me at all.

Ridiculously bad service

Okay:

We had two guys come yesterday to move the contents of our house. We hired them for four hours.

They arrived fifteen minutes late. They also never bothered trying to reach out about their timing.

When we were discussing the cost, the guys never indicated sales tax or some ridiculous service tax; what was originally quoted as \$360 ended up being \$450 plus. Not once during our conversation was tax or service fees ever discussed. Had I known about this, I wouldn't have hired them. I get that tax may be necessary, but the service fee was NEVER explained.

They damaged a cabinet door.

I never received a receipt.

I'm disappointed in their services, and rest assured, we won't be using MoD company should we be moving

We do not like to talk bad about our clients but this has to be an exception. This man was a very difficult client. The biggest issue we had with him was his refusal to wear a mask. In this pandemic and in a lockdown the customer refused to wear a mask stating he did not believe in it. Our crew and their families were put at risk by this man going against safety protocols and guidelines from the province. Our crew wore masks and proceeded to do the job but under fear of their lives. From then on he was agitated and very disrespectful to our crew.

Shame on you sir. He was asked to pay \$360 plus taxes and an insurance charge which ended up as \$442. No more money was requested from him. We never refused to give him a receipt. He does not seek a resolution because he is privileged and arrogant.

Shame on you sir for putting hard working men at risk and telling lies.

moving 2 blocks

I contacted the company via a Craigslist ad which noted they offered flat rates advising that we needed 2 desks and a desk hutch moved from Bay/Dundas to Bay/Adelaide on April 3rd. I specified we required two lifters with truck and asked for pricing. The response I received was that it will cost \$180 for 3 hours. With GST, I expected a total cost of \$189. I agreed to this price and reconfirmed the details on the phone and setup a time of 1:30pm.

The movers called to ask if the move could be rescheduled to 12pm. We accommodated and then they showed up over 45 minutes late, at approximately 12:45pm.

They loaded the truck with the 2 desks, desk hutch, and approximately 5 small bankers boxes. When they arrived at the destination, they presented us with a bill for \$299. \$180 flat rate, 2 x \$40 = \$80 for 2 extra heavy items (desks), subtotal \$260 and GST for \$39 (which is more than 5%). They held the items hostage for payment, leaving no choice but to produce the funds of \$300, despite that we had agreed, in writing by email for flat rate of \$180 based on the listed items. We went to the upper level to get a copy of the paperwork, and the drivers drove off without notice that they were leaving.

We phoned the office and received a call back. We advised of the issues regarding the overall overcharge and the overcharge of GST and was told that someone would call us immediately back after talking to the drivers. This did not occur. We contacted the Better Business Bureau on the matter and they did not respond to them either.

WE INDEED GAVE THE CLIENT A RATE OF 180 FOR THREE HOURS BUT THEY FAILED TO MENTION THAT THESE WERE TWO HEAVY DESKS WEIGHING ABOUT 300 POUNDS EACH. OUR CONTRACT STATES THAT WE CHARGE EXTRA FOR ANY HEAVY ITEMS. THE CONTRACT WAS PRESENTED TO THE CLIENT BEFORE WE EVEN DID THE JOB.

Website: homestars.com

BY SIGNING THE CONTRACT THE CLIENT AGREED TO OUR TERMS AND CONDITIONS. ONE OF THE OTHER TERMS WAS THAT WE WOULD CHARGE GST PLUS A 10% SERVICE FEE.

WE NEVER HOLD ANYONES PROPERTY AS HOSTAGE THAT IS INCORRECT. WE TAKE FULL PAYMENT ONCE WE HAVE COMPLETED THE WORK.

WE HAVE THE CONTRACT DETAILS POSTED ON OUR WEBSITE FOR ALL TO SEE.

WE ARE PROFESSIONAL IN OUR APPROACH AND OTHER CLIENTS CAN TESTIFY TO THAT. MOVERS ON DEMAND HAS BEEN IN BUSINESS FOR MORE THAN 6 YEARS AND WE CONTINUE TO GROW DESPITE SUCH CLIENTS WHO WANT TO POST MISLEADING INFORMATION.

Incredible service- would recommend to EVERYONE!

Thank you to Nic and his team for helping me with my move from Toronto to Montreal. The price was very reasonable, his team went above and beyond the entire day and made it sooo much easier.

I've hired moving teams in the past, but this is by far the best I've used. So professional, knowledgeable and careful with all my things. The quality of service for the price is incredible. Thank you again!

We always love the opportunity to visit Montreal! Thank you for the opportunity to have a delicious poutine.

Moved my family from kitchener to mississauga

They helped me and my family move from Kitchener to Mississauga. New location has some tight spaces and they got everything in fast and without any damages.

Thank you for your review! We are pleased that your experience with us was as expected. You know where to find us if you need anything else!

390 River rs

They ONLY thing positive about my nightmare of a give was the guys that came to help me move. They were a lifesaver! They were so busy but were very compassionate when I explained what had happed and had 4 of their team come help me

I would recommend this moving company to absolutely everyone who need movers! Punctual, professional and just good people helping people. Thanks you guys!!!

Thank you for such a kind review! You can count on us!

Phenomenal Customer Service

We had great experience moving with You Move Me. Nic took the time to answer all our questions after the estimate and provided us with tips to help us get organized. Our crew leader took care of everything the day of the move, it was a nice touch to have a liason. Our furniture was protected and put together again at the new home.

Thank you for taking the time to leave a review! Means the world to us.

Good move!

Nic and his team were very professional and efficient. Price was fair and everything ran smoothly. Would recommend.

Thank you for keeping us in mind. If you need anything else, you know where to find us!

2.5 months with no resolution following issues

We contracted You Move Me to help with a move on May 18. We were initially satisfied with the quote and support in scheduling, and the team of movers who worked with us that day were hard workers. However, numerous things went wrong and we are still struggling for resolution.

(A) The move was quoted for significantly shorter amount of time than needed, and such misscheduling lead to exhausted workers who could not eat lunch until many hours after starting and who made poor choices by the end of a long day (note - not mad at the workers, but poor management).

(B) The poor choice led to significant property damage of a \$2000 couch, our basement wall, and a doorway

(again, if move had been managed properly.

(B2) The extreme underestimate also lead to a significantly higher cost than we were lead to believe, which I would not have an issue with were it not for these other issues.

(C) When I followed the company's instructions for filing a claim within 10 days of move, Nic (manager) responded immediately to say he would follow up with his team and then I have not heard from him since. I followed up once 34 days later, again 8 days after that (copying the general customer service and feedback emails as well), and finally filed a complaint with the Better Business Bureau 20 days ago and am still waiting for a response.

The scheduling was annoying, the damage was frustrating, but the lack of response and accountability is infuriating. Please do not respond to this review with a note to contact customer service as I have already done so, repeatedly.

Company office move

I cannot say enough good things about You Move Me Kitchener. Our company contacted Nic and his team with very short notice to move our office. They accommodated our schedule and was with me every step of the way. From the initial visit and through the process Nic was there to answer questions and accommodate last minute changes. On the day(s) of our move, the You Move Me team showed up to get the job done and worked very hard to take care of our furniture which was very delicate. They had the right supplies to help where we had fallen short.

To anyone looking for movers, look no further, they are the best in the business!

Thank you for the love!

It was a fun project, you and your team were a pleasure to work with!

Move Out

I was going through a particularly tough period and needed some help moving some items out of my apartment. Instead of trying to do it myself, I knew I had to call You Move Me. They were patient, gentle, and incredibly efficient. It took a large amount of stress off of me and the day and I would recommend their services to absolutely anyone.

Thank you so much for taking the time to write a detailed review! We take pride on being sensitive to the human aspect of moving. You know where to find us!

Great moving experience

Have had bad experiences with other moving services so was happy to finally find one that met my needs. Courteous service and felt like they actually cared about my possessions. My pods arrived right on time with my items packed safely. Would recommend.

Thank you for taking the time to write a review! Very glad to hear all went well with your relocation.

Above and beyond

Nics team went to unimaginable lengths to ensure the job got done. I had no damage done to the furniture or walls during the move. But most impressive, I had ordered an oversized couch that couldn't get in the front or back due to the stairwell shapes....nics team even dismantled the balcony railing and got my couch up and into the house via the second story balcony door. The guys were completely professional and never batted an eye regardless of how many hiccups occurred....and there were a lot, I thought I had packed everything until I realised I didn't....the guys helped pack up the last minute stuff and got me in my home with no delays.

Highly recommend!

Hi Jeremy,

Thank you for taking the time to write a review!

When you hire us, you hire us to have answers to your moving troubles... even if that means dismantling your balcony! Hope all is well in your new home.

Best,

YMM Guelph

Sameday Moving Service

The team at Maya moving helped us move our stuff from this weekend. I was really happy that they were able to offer same-day moving, as I had to change my other plans last minute. They provided cheerful service and reasonable quote. Although the crew was a bit late to the site, Juan (the owner) showed-up early to assure me the work was going to be completed on-time with his help. The crew made quick work to move our stuff within the time I had reserved the elevator for, making sure to carefully pack our items. Finally, they were able to move our stuff to the new location, working a little later into the night. We really appreciate their help and would recommend and use their service again!

Small move - excellently done

A small in-house move after renos, but Maya quickly booked us and the job was done carefully and skillfully by Berlin and Jefferson - and with good humour and interaction that made the whole experience an actual pleasure. The rate was competitive and reasonable and there was absolutely no attempt at upcharges or extras. Will use them again whenever we have a moving job.

Storage Locker Move

We finished our reno and it was time to move everything back to the house. It was easy to make an arrangement on short notice. Everyone was friendly and they did a great job. We had family heirlooms that required great care and we wanted to make sure the walls and trims didnt get scuffed or scratched. Some of the

pieces were quite large. Everything was moved with care and put in place without any problems.

Thanks for helping us out. I would recommend Maya Moving without hesitation.

We are so happy to hear you had a great experience. Your review made our day! Our whole team works very hard to keep our costumers happy

Moving During Covid

Crew were very careful with some vintage pieces and shrinkwrapped items. The move took longer than I anticipated but I also appreciate their consideration of my personal items. Great communication from start to finish.

Moving

Amazing! Moving is an stressful thing and this time I decided to get help and I must say this guys are very helpful, professional and caring for your stuff. They even have just a person to make sure your belongings are protected and well cared at all times. No hidden fees, easy to contact them, in just 3h everything was packaged and ready to move. I would definitely recommend them.

Great professional movers

Great professional movers that took care of my items while moving. Would highly recommend. Very satisfied with the knowledge that they had to transport my items from one place to another. Thank you kindly.

Thank you Mari. Always a pleasure! stay safe

moving furniture from apartment to long term care institution

The 2 movers were professional, polite, respectful, and efficient. What I liked the most was the the company was straightforward to deal with.

I paid for the actual time of the move; and they worked very quickly. They took special care not to scratch or damage anything.

Perhaps the best testimonial, is that I look forward I to calling the company again for another move I will require in the near future.

So nice of you, thank you very much for your words, they are very important to us.

it is true, we only charge the time that moving takes, after second hour the company policy is counting every 30 minutes, we do not charge an entire hour if you do not use it.

We are very happy you trust Maya Moving for your next moving.

Moving and Delivery

After trying to find a solution for a very small moving job, Maya was immediately responsive to my needs. They executed the work in a very professional and cost effective fashion. I would not hesitate to recommend Maya for any small or large moving job.

Anytime you need! Thanks for review our service, it means a lot to us.

Moved one wood twin bed

It was cheap and answered a last minute call (literally showed up 2 hours after I called to request movers). Hooray! It took them a bit more than an hour to move a captain twin bed (the ones with a lot of storage drawers underneath) down from an apartment from the 3rd floor to a storage room in a basement about 8

minutes away. Even with it taking a bit longer than expected, it saved the day for me that day.

It was our pleasure to helping you. Call us anytime you need. Thanks for review, means a lot for us!

Seniors Move

My parents recently moved out of their family home to a seniors residence in Toronto. We used Adam and the team at Littaie to move their household goods to the new place, take a number of items for donation and a number of things for disposal. Cheap for sure, but I didn't go with them because I thought they were cheap, I figured I'd give students a chance at earning some good summer money. Big mistake, though they were nice, they were completely under qualified. Next time I'll go with professionals for sure.

Excellent Service

I called these guys to come do a job and they instead gave me advice on how to manage it myself (free of charge). Said to save my money. So when we had a new problem later, I called them back and they showed the same level of professionalism and getting the job done quickly and it was cost effective. Highly recommend for any pests in your life! Thanks again.

Piano move

I needed to move an upright piano on short notice and Bob from quick moving called me back and walked me through the process and cost. They worked with my tight schedule to book me in at short notice and were transparent with the costs and the work. I ended up not requiring the service, but they were a pleasure to deal with.

Amazing and efficient services! Highly recommend

Our first time experience with hiring a moving company, and Quick Moving / HomeMore Services has been nothing short of Fabulous!

The moving team was super efficient, pleasant to interact with and on time.

They really made the moving process as smooth as possible!

Highly recommend them for moving services!

Thank you for providing a good feedback! We are happy to serve you.

Very Pleasant Experience

I had a small job that I was having a very hard time finding someone who would take it on. Businesses just don't seem interested in the small jobs, very unfortunate. But Bob, located in TO, was interested. He reached out very quickly and offered to send a crew over, at my convenience. He has a really wonderful crew in Calgary. He sent over a really great fellow and his son. They came in and went right to work. I was having a 2

piece sectional moved upstairs. They listened to my suggestion as to how to get it up the stairs and around the corner at the top. As soon as they arrived they went straight to work, listening to my suggestion. They worked hard until the job was done. Juan and I had a very nice visit while they worked. He is very personable and a pure pleasure to talk to. I really enjoyed the time that they were here. Any moving jobs I have in the future will be an automatic call to Bob. I would recommend them to everyone.

Hi Dianne thank you so much for giving us such a good feedback. Thank you for giving us a chance to serve you! Bob

Second Move in a Month

These guys are great! I've used them in the past and today's experience was wonderful, as per usual. These guys were so professional, courteous, efficient, careful with delicate items, and friendly. You can tell they take pride in their work. I would recommend them to anyone and everyone. I'll use them again if need be. Thank you for making today much less stressful than it should have been. Keep up the great work!

Dear Kelly,

We strive to provide excellent service, and we're thrilled to know we succeeded in making your move a positive one.

Moving from one condo to a new one

The crew were amazing they worked non stop for 6 hours. The two workers were from Mexico and they were pleasant and accommodating to all requests. The day was stress free as we knew we were in good hands!!

We're honored to receive such a positive review. Thank you for trusting us with your move, and we're thrilled to have exceeded your expectations.

Apartment Move

Danielle and the Miracle Movers crew were fantastic. Arrived on time, polite, calm and were machines. There was no need for a truck as we moved across the street. They didn't have an issue with this and worked with us for a quick and easy move.

Super happy with the service and price. Highly recommend

Dear David,

We're glad to have been a reliable partner in your move, and we appreciate your positive feedback about our services.

Ridiculously bad service

Okay:

We had two guys come yesterday to move the contents of our house. We hired them for four hours.

They arrived fifteen minutes late. They also never bothered trying to reach out about their timing.

When we were discussing the cost, the guys never indicated sales tax or some ridiculous service tax; what was originally quoted as \$360 ended up being \$450 plus. Not once during our conversation was tax or service fees ever discussed. Had I known about this, I wouldn't have hired them. I get that tax may be necessary, but the service fee was NEVER explained.

They damaged a cabinet door.

I never received a receipt.

I'm disappointed in their services, and rest assured, we won't be using MoD company should we be moving

We do not like to talk bad about our clients but this has to be an exception. This man was a very difficult client. The biggest issue we had with him was his refusal to wear a mask. In this pandemic and in a lockdown the customer refused to wear a mask stating he did not believe in it. Our crew and their families were put at risk by this man going against safety protocols and guidelines from the province. Our crew wore masks and proceeded to do the job but under fear of their lives. From then on he was agitated and very disrespectful to our crew.

Shame on you sir. He was asked to pay \$360 plus taxes and an insurance charge which ended up as \$442. No more money was requested from him. We never refused to give him a receipt. He does not seek a resolution because he is privileged and arrogant.

Shame on you sir for putting hard working men at risk and telling lies.

Damaged our furniture

We were told there would be 2 men and we expected that they would both move our furniture together, but they had one unload the truck and the other one carry and move the furniture into the new place. One person cannot carry heavy solid oak credenzas and triple dressers alone and move it into place. They left deep gouges in our oak table, broke off large splinters of wood on 4 other tables and left large scratches all over the hardwood floors. When we pointed out the damages to them, they started to carry the larger pieces of furniture together but the damage was already done. They offered us no discount or other compensation for the damages. They had also promised us that there would be no additional charges and then there was. And they came back to us 2 weeks before the move and wanted twice the amount of deposit as what we had already paid them. Definitely won't be using them again.

A Smooth Move

Movers on Demand moved the contents of my apartment (2 bedrooms, 50-60 boxes and 5 wardrobe boxes) on February 29th. Mike and Tiko arrived on time (to the minute) and even texted me to let me know when they were on their way. They were pleasant, respectful and worked hard consistently. I was delighted, after having unpacked, to realize that NOTHING was scratched or damaged. Mike took the time to come and see the contents of the space before the move and we looked at the contract together. There was a professional dialogue of the company's Terms and Conditions. Having seen the contract, there were no surprises whatsoever. I did have one question which was addressed and I was satisfied with the outcome. Overall, my moving experience with Movers on Demand Inc was very positive.

not legitimate

This company is not legitimate. They will quote you something and then charge you a completely different price when you get to the offloading destination. I should have called the police on the spot instead of paying their demanded fee to get my stuff back. Be warned. They also have bad reviews on BBB.

BEWARE - Don't trust these guys or their Godfather on the phone

Thugs, Scoundrels,... there aren't enough words to describe how bad this company is. NEVER use them or they'll ABUSE you financially.

I used their services after seeing a pretty convincing ad. in Kijiji. What I got was two guys who took their own sweet time to move my items and then after the 5 hour move from my small condo to my new place a few mins. drive away, I get dinged with a hefty bill of nearly a grand + \$25 to pay by credit card because I didn't have enough cash.

They charge you extra for each flight of stairs going up and down. I got billed for five flight of stairs.

They charge you extra for each bulky item. They define what is bulky and what isn't.

They charge you extra for a sofabed.

They charge you extra for each heavy item. They again define what is heavy and what isn't. So for example with a sofabed, you get charged for a bulky item + sofabed + heavy item.

They charge you extra for service charge. What the #(@&???

Plus all applicable taxes

They ripped my leather sofabed.

They broke my ikea closet.

They dumped practically everything in my ground-level basement room.

Never will I ever use their service again. I must have done something bad in my life to have been punished by

these guys.

BEWARE -- save yourself the trouble of looking for something cheap (as I thought I did) and go with a reliable moving company.

Moving company, Movers

I moved within the same apartment building. You'd think it wouldn't be a big deal.....WRONG!!!! They showed up late, and they broke my large screen tv, and refused to replace it, after talking about having the proper insurance, they offered me 200.00 on a 2800.00 tv. They broke numerous other small objects. You would think it was almost deliberate. DON'T HIRE THESE MOVERS!!!

Total rip off - SCAM

I wish I had read these reviews prior to booking moving services with this company. Actually I booked it with Metropolitan Movers but I guess they subcontracted this Movers on Demand company.

When I made my reservation for the services I requested for the truck not to be late since I had the elevator reserved for 10a.m. The moving crew arrived only at 10:45a.m. and by that time I had already taken downstairs all the boxes - only the sofa, the mattress and two drawers were left.

The truck left to my new address and around 12:45 everything was done. My surprise came when one of the movers presented me with an invoice that had prices way more expensive than the estimate I had:

To start they were charging me for 4 HOURS - even though the moving took only 2 hours all together - of course I made the first leg pretty much by myself since they were late. They said they had a minimum 4 hours services fee, something that was never told to me when I did the booking.

They also charged me 80 dollars for STAIRS fee: 20 for each mover (2) for both homes. Detail: there were no stairs on my apartment and besides this cost was never quoted.

Additionally, they came up with a 10% insurance fee on top of the HST, something that had not been quoted.

After reading the reviews on the website I was really expecting great service or at least something fair but all I got was a complete scam. I am sure those testimonials are all fake.

I did write to Metropolitan Movers afterwards to complain but they never responded, something that did not surprise me at all.

Moving

What a disaster this move became - I would never recommend this company. The truck was 4 hours late, and the wrong size with the slowest moving people I have ever seen. They couldn't fit everything in, they damaged every single piece with scratches and dents and gouges and I have been waiting three months to get repairs/replacements. There are several hidden charges so be sure to read their website before you book - everything heavy or every stair is an extra charge.

This entry did not meet HomeStars review criteria.

Why am I seeing this?

moving 2 blocks

I contacted the company via a Craigslist ad which noted they offered flat rates advising that we needed 2 desks and a desk hutch moved from Bay/Dundas to Bay/Adelaide on April 3rd. I specified we required two lifters with truck and asked for pricing. The response I received was that it will cost \$180 for 3 hours. With GST, I

expected a total cost of \$189. I agreed to this price and reconfirmed the details on the phone and setup a time of 1:30pm.

The movers called to ask if the move could be rescheduled to 12pm. We accommodated and then they showed up over 45 minutes late, at approximately 12:45pm.

They loaded the truck with the 2 desks, desk hutch, and approximately 5 small bankers boxes. When they arrived at the destination, they presented us with a bill for \$299. \$180 flat rate, 2 x \$40 = \$80 for 2 extra heavy items (desks), subtotal \$260 and GST for \$39 (which is more than 5%). They held the items hostage for payment, leaving no choice but to produce the funds of \$300, despite that we had agreed, in writing by email for flat rate of \$180 based on the listed items. We went to the upper level to get a copy of the paperwork, and the drivers drove off without notice that they were leaving.

We phoned the office and received a call back. We advised of the issues regarding the overall overcharge and the overcharge of GST and was told that someone would call us immediately back after talking to the drivers. This did not occur. We contacted the Better Business Bureau on the matter and they did not respond to them either.

WE INDEED GAVE THE CLIENT A RATE OF 180 FOR THREE HOURS BUT THEY FAILED TO MENTION THAT THESE WERE TWO HEAVY DESKS WEIGHING ABOUT 300 POUNDS EACH. OUR CONTRACT STATES THAT WE CHARGE EXTRA FOR ANY HEAVY ITEMS.

THE CONTRACT WAS PRESENTED TO THE CLIENT BEFORE WE EVEN DID THE JOB.

BY SIGNING THE CONTRACT THE CLIENT AGREED TO OUR TERMS AND CONDITIONS. ONE OF THE OTHER TERMS WAS THAT WE WOULD CHARGE GST PLUS A 10% SERVICE FEE.

WE NEVER HOLD ANYONES PROPERTY AS HOSTAGE THAT IS INCORRECT. WE TAKE FULL PAYMENT ONCE WE HAVE COMPLETED THE WORK.

WE HAVE THE CONTRACT DETAILS POSTED ON OUR WEBSITE FOR ALL TO SEE.

Excellent Service

Hudson Movers came through for me on very short notice when another mover let me down last minute. The men were experienced, accommodating, and good humoured throughout a rather lengthy move with a few complications. Their price was the highest of the three quotes I got, but I felt that it was worth the expense for their reliability and expertise.

We're very happy to help you out of your predicament. Thank you for the opportunity. Wishing you all the best in your new residence.

Hudson Movers were terrific all 4 moves!

Me, my fiancé, my sister and my parents have all used Hudson Movers in the last three years. Not a single issue had occurred; from the excellent communication of the movers while they're coordinating items to the timely delivery of the goods.

Even better; they don't overcharge hours. The quote I received was almost spot on to the hours needed. And my move included two pieces of heavy gym equipment (bike and treadmill).

I hope I'm not moving for many years, but will definitely search them out and hire them again whenever the time comes.

Hello Andrew, thank you very much for the kind words. We certainly appreciate all the support your family has given Hudson Movers over the years. We're thrilled to know that we've continued to meet your family's expectations. Thanks again for all the support and we wish you all the best in your new home.

Excellent Move

The move went perfectly. Couldnt have asked for better service.

Jeff, Zack & Luke were terrific. Everything seemed effortless and they could not do enough to make the move stress free for us.

And all this with a sense of humour.

From the first contact we had with Pat and the work of the moving team, we would not hesitate to recommend Hudson Movers to anyone.

Thank you so much for making our move successful.

Wow Peter! Thanks for the kind words. We're very glad to know your experience with the Hudson Movers team, from start to finish, met your expectations. We really appreciate the support, thanks for using Hudson Movers.

100% Satisfied

The movers were all professional and friendly. Happy to do anything to help with a smile on their face. I don't have enough nice words to say about them. Highly recommend.

Awesome, great to hear, thanks for the support!

Amazing local moving experience

Hudson Movers provided an exceptional moving experience. Pat completed our quote, and Sherry communicated the final confirmation details. The day of, we had Mike and his crew, who were beyond fantastic. Mike reportedly regularly completes long-haul moves. The crew ensured all of our belongings were

secure and protected (e.g., by wrapping items that required special care). They laid carpets to protect floors and had a ramp they could put in place out front of our house. They took extreme care not to damage floors, walls, and our belongings. Next time I move, I will hire Hudson Movers again. I highly recommend them.

Thanks Nicole, we are very happy to know you were pleased with all aspects of your move with Hudson Movers. Thanks again for your kind words & we appreciate your support.

Move from home to condo

We want to thank Hudson Movers for everything they did for us from packing, moving and unpacking. They were all very professional and friendly which helped to lower our stress levels. The move was a dream and I have been raving about their service. We want to thank Natasha and Susan for going above and beyond with the unpacking and putting everything away in an organized fashion. Many thanks once again and we will be recommending Hudson in the future to our friends

Ian and Gloria Douglas

Gloria & Ian, thanks very much for your support of Hudson Movers. We are very happy to hear that we managed to lower your stress levels on a particularly demanding day. We will pass along your kind words to Natasha, Susan and the rest of the moving team. Thanks again.

Great move and packing!

Moving is stressful. Team at Hudson was amazing. They packed with care and precision. Next day movers came (Mike et al). All very professional. And the estimate was bang on. I have recod this team to friends. I hope to never move again. But if I do, Im calling Hudson Movers.

Thanks very much Candace, we're very glad to hear we were able to help alleviate some of the stress of your move. Thanks for your support of Hudson Movers.

My wife and I recently called three moving companies to provide us with quotes for our residential move.

The friendly, courteous, personable staff at Hudson movers and the competitive price won us over!

Sherry at the head office and Paul the estimator are both professionals that have honed their collective skills over a number of years in the business.

The extremely hard working, none stop team of John, Eric, Joel and Mike worked with military precision. They were like a well oiled machine that carefully and respectfully wrapped, packed, loaded and unloaded our belongings. The team worked in such a timely fashion that they completed the move in two and a half hours less than the estimated time frame without any damage to our possessions.

Many thanks to Hudson Movers for alleviating the stress of moving!

My wife and I wholeheartedly recommend Hudson Movers to you, as they are second to none.

Great news Bruce, thanks for your support, glad to hear that John & his team met your expectations, and we

always appreciate some kind words for the office staff of Sherry & Paul who pull it all together.

The best moving experience I've ever had!

Mike and his team made us feel like family. They cared about our move as if it were their own. Sherry and Paul were also great. I would highly recommend Hudson Movers (request for Mike and team!). I will use them again at my next move. Thank you Mike, Dominic, and Bart!

Wow, thanks K, yours was a very large & complex move, nice to hear you were pleased with Mike and his team as well as Sherry & Paul in the office. Thanks for your support of Hudson Movers, its very much appreciated.

Excellent Movers

Steve, Donnie and Zander were amazing as were Paul and Sherry. Excellent service and great company to work with. Would highly recommend them and would personally use them again.

Hi Sharon, thanks very much for your kind words about Steve & his moving crew. We always love to hear great things about our sales and admin team as well, we certainly appreciate your support of Hudson Movers. Thanks again.

First Review

Emergency 24hr professional movers

Had to move out on a Friday by 10am. I have a spinal injury and didn't have much help, and a lot to move. The place I was leaving was considerate due to my injury. I had already taken 2 vans full and basically couldn't physically do any more. A friend promised me he would rent me a truck and help, but I guess they weren't what I consider a real friend does and would reciprocate if asked. So it's now Saturday night 11pm I'm physically incapable of doing the work (can't wait for surgery, I'm 6ft2 250 lbs physical stuff is nothing to me, but it is in my current condition) I had to get it done the day before, so I asked for help on the site, I said I need to move now asap. I still had more to pack and bring down. I got a call in like 4min after posting I needed help. The professionals that came I was super impressed they were ready at that moment if I needed to start, I wasn't until 5am. I still had packing and pain to push through. I gave them my keys and said please just take it in and up. They did four loads and solved all my problems and they were professional no funny stuff like a lost or missing item. Thanks guys you did a job I used to do as easy as if I was changing the channel on t.v. I was the guy my friends called when they were in that situation, a real solid what I consider a friend who needs help and what I have and would do for my friends. I guess my friends aren't like me. But the help I got was friendly and professional and I'm thankful at least I can rent a real solid friend. Wish I didn't have to but I'm happy I was able to get it done and done right.

Thank you so much for letting us know how our service was. We understand life isn't always predictable and strive to make ourselves available in all situations. We appreciate your feedback and hope to continue to grow. We wish you nothing but fast healing with your upcoming back surgery and happiness in your new home. Thank you again.

Moving company, Movers

I moved within the same apartment building. You'd think it wouldn't be a big deal.....WRONG!!!! They showed up late, and they broke my large screen tv, and refused to replace it, after talking about having the proper insurance, they offered me 200.00 on a 2800.00 tv. They broke numerous other small objects. You would think it was almost deliberate. DON'T HIRE THESE MOVERS!!!

How we became Canada's largest and most-trusted source for connecting with home professionals.

What sets our reviews apart from other websites is the fact that we have an entire team dedicated to ensuring the integrity of homeowners' honest reviews posted on site. All reviews, positive, negative or somewhere in between undergoing the exact same moderation process. We know 98% of Canadian homeowners read reviews before hiring so we take our guidelines seriously so that you can feel confident hiring based on the reviews you read.

We encourage you to Write A Review after the completion of any home improvement project, no matter how big or small, to contribute to our community and empower homeowners using your experiences with pros. Before you begin writing, please take a moment to read through our Homeowner Review Guidelines to ensure that your review will be approved and published.

HomeStars believes in empowering homeowners by sharing their hiring experiences with their neighbours online through reviews. Whether you're looking for a handyman or a general contractor, the reviews written by homeowners are essential in helping you find the right pro for your project. Here are some things to keep in mind to ensure your next review is published to HomeStars.

Here's what to include in your review to ensure it's approved and can help your neighbours hire better.

Remember that the companies you are reviewing are owned and operated by humans. Please be considerate in your feedback even if you had a very negative experience. The goal of your review is to explain your experience and how the project turned out.

It is important that Homeowners report any review anomalies, such as discounts offered in exchange for a review or other contractual agreements that may impact the integrity of a review. These anomalies prohibit the review author from leaving their honest and factual experience with a company. If you come across one of these, contact reviewverification@homestars.com

A/C assessment

Jon did a great job assessing the issue with our Air Conditioning unit. I know he was busy at was HOT out but he didn't rush through. We were happy with the service.

First Review

fence and more

Mike came highly recommended to us by our realtor. He started off with building a fence for us and then has gone on with several other projects including vent installation, garage fixes and more. We've been 110% satisfied with everything he he has done for us.

house move

Website: homestars.com

We normally always use the same movers but this time as we were only moving a few blocks, we decided to try one of the smaller companies. We found the initial contact a little up and down...it was their busy season so responses were slow. But the move couldn't have gone more smoothly. I highly recommend Arby and would use them again for a bigger move!

Excellent service.

After dealing with a difficult company which sells matching furniture to this store, we were very happy to find professionalism and friendliness from the woman who runs Rooms to Grow. The furniture is good quality for the price you pay. It's not expected to last forever but you generally don't need it to for kids stuff.

home inspection

This company did a great job on our home inspection for the new home we are buying. He gave endless tips on things that would be helpful, though not necessary. Couldn't ask for better. Inspection report was printed on the spot which was neat. Only note would be that their website price varies slightly from what we were actually charged so get a quote first.

Move in clean

The owner arrived at our EMPTY two bedroom condo for a move in clean. He texted a quote of 5-6 hrs for two people (so 10-12 hrs) and asked if we wanted windows done also. I agreed. I then got a bill for 16 hours, or almost \$700!! For an empty condo which had already been surfaced cleaned. There is no way the windows took an extra 4-6 hrs especially because they weren't fully cleaned (presumably they stopped at the height that they couldn't reach) and other . I emailed them about my disbelief and got no reply. I emailed again and a response in which he fabricated about what happened, in terms of timeframe and excused me of misunderstanding. I have the text and email proof, however, and he also said that he "assumed" I wanted it fully cleaned. I've attached a photo, does this look like a fully cleaned condo?

Dear Ms. Smith,

Thank you very much for your feedback and for the opportunity to clarify any miscommunication that may have happened during the process of you contacting BRILHO to perform a cleaning at your apartment.

BRILHO has been in business for nearly 8 years. We rarely receive complaints from clients and have enjoyed positive feedback from most of our clients.

During our first phone conversation, we agreed to schedule two people for 4-5 hours each and that once we arrived into the unit we would adjust the number of hours ; either more or less.

On June 6, 2012 at 9:30am, we did call Ms. Smith to let her know that the cleaning would take longer than the 4-5 hours agreed. We were unable to get in touch with Ms. Smith, hence we sent her a text message.

Ms. Smith did email us the next day complaining about the invoice. Since this is a busy time of the year for our business, my assistant thought that I had replied to her email and I thought that my assistant had done the same. We take full responsibility for the delay in replying to Ms. Smith's email and we have apologized for that. We learned our lesson, communication is the key.

Our goal at Brilho is to provide excellent customer service as well as to provide convenience and stress free service to all our clients.

On the other hand, our employees are not perfect and they do miss things here and there, this is why we have a post assessment and we request a feedback from our clients.

We have offered to return and fix what Ms. Smith is not happy with.

Our associates were there working and in accordance to the labour laws, they must be paid.

It is in our best interest to enjoy client's satisfaction; therefore, our offer to return and clean what was missed is still available.

I look forward hearing from you.

Plumbing

Brothers Plumbing was fantastic. They did an upgrade on the pipes and plumbing and it sure looked like a messy project at first. But by the time they were, everything was in perfect condition. Couldn't have asked for better.

Maintenance

Paul and his guys at Tall Man Construction were wonderful. Not only did they do a fantastic job with the work, they were quick, clean and respectful. Highly recommend for any job.

dimmer switch

Fantastic service. So glad I can get good recommendations through this website. We were having issues with our dimmer and they were fixed super easily and at a fantastic price. Thanks so much.

Water Meter Plumbing

Brothers Plumbing did some work in relation to the new Water Meter system and their work was top notch and they were really friendly. Would use them again for plumbing issues!

day bed, trundle and mattresses

Found this store online and they were wonderfully helpful. I was delighted to see the homestars sign hung up in their store saying they had done a good job in the past. Gave me confidence to go through with them!

Thanks for your kind words, we are glad things worked out well on your daybed and trundle purchase!

kitchen

We had just moved into a new place and the downfall was the kitchen. It was large enough but awkwardly layed out. Stacy and her team came to the rescue and we can now all enjoy socializing and eating in our kitchen.

bedroom carpet cleaning

We were convinced to try this company out after all the rave reviews on here and are we ever glad. They did an amazing job and we were not disappointed in the least. On time, quick and professional with good tips. Thanks!

thank you so much for the business and for taking the time and write us a review. we appreciate it very much and we look forward to be of a service in the future.

fall leaves clean up and maintenance

I'm not sure I want to even share this company...we want to keep them all to ourselves! This company provides amazing lawn care service at a great price. We found them through a referral from our neighbour so we had already seen their work and were extremely impressed. Extremely professional, quick and overall a job well done in cleaning up our lawn and taking care of the fall leaves. We look forward to using their services in the future.

fishtank

I like the location here and the helpful staff. I hadn't been here before since the Yorkdale one closed down but wish I had as they seem more caring for the animals. They really gave me good advice on what to buy for our fishtank.

walk-in closet

Overall happy with the final result of our closet design, functional and great quality. Only complaint is I really had to guide the designer whereas I had hoped he would guide us.

Thank you for your review. We appreciate your feedback. We are glad to hear you are happy with your new closet. We look forward to working with you again. Sincerely, California Closets Toronto.

new rugs

We came here in search of the perfect rug for our living room and found it. The staff were really helpful and when we couldn't decide between two, they were happy for us to buy both and let us return one when we went home, tried it out and decided.

My name is Andrew Metrick and I'm from Elte. My great grandfather started Elte in 1919, which makes my brother and I the fourth generation. I'm so happy to hear that you not only found the perfect rug but that your experience was as good as you described it. If you have a photo of your new rug set up in your living room, I'd love to see it! You can email me at ametrick@elte.com. Thanks once again for the review. If there's anything we can do for you in the future, be sure to let us know!

bathroom upgrades

We came here for bathroom upgrades and overall super impressed with selection and service. Downfall is they wouldn't honor "lifetime warranty" on part because the previous owner of our unit had purchased it.

art stetching and new artwork

We bought a painting in here and also brought in a canvas that we already had to be stretched. The initial visit was pleasant, although long winded. Also the lady dropped our artpiece which I've never experienced in another gallery but it was fine so not a big deal. They told us they'd phone us in a week when our piece was ready.

I tried phoning a couple times with no answer. Finally 3 weeks later got someone on the phone who was indescribably rude. We went the next day at 1pm to pick up the piece and the store was closed when it's supposed to open at 12pm. Not a big deal but then I called that evening to confirm that it'd be open at 12pm the next day since we had to borrow a car during our lunch hour to get it and didn't want to waste more time. She took a huge attitude when I mentioned I just wanted to confirm since they weren't open that day at 12pm.

Will never ever return here.

The positive is that they do have some interesting pieces.

crib

Got a crib from here and at first we were pleased but then it just started breaking apart. Screws, bubbling, etc. When we complained, they told us to just bring it in for an exchange, which we were happy about. Didn't question our warranty or anything. But while we were there, we noticed everyone else who was there was exchanging parts too. Basically just poor quality stuff. Didn't even last through our child's 1st birthday. So while they get points for their exchange policy, I wouldn't recommend them to anyone.

indoor plans

We've been here several times and always walk away with more than we plan to. The staff are knowledgeable and helpful. Their winter selection does lack for indoor plants though, most of the ones we looked at needed some "help".

I was unaware of the promo gift cards that other reviewers have written about that come with purchase, I'll have to look out for that next time!

screen and misc. repairs

Website: homestars.com

This store had a good selection and more importantly great customer service. I explained to the guy there that I had just moved to the neighbourhood and had a number of small repairs to do and he welcomed me and helped me find everything I needed. I went in for 1 thing and left with several. I'll definitely be back.

Move in clean

This company is excellent! Cleaning was thorough, reasonably priced and owner is professional, friendly and accommodating. You have the option to use their supplies or your own. I'd have no reservations about recommending this company to anyone.

crib set

There stuff is cheap price wise and for something we'll only use a few year, that's great. Customer service is up and down. But if you can suck that part up, you'll get a good deal.

condo painting

While they weren't all together horrible, I'd go elsewhere next time. The paint job itself was mostly fine (they didn't bother to paint behind all the outlet covers). The big issue was damage. They got paint all over one of our furniture pieces that was covered and in the middle of the room and all over books that were in a box (how did that happen?!?!) They took no responsibility for this and told me I should have removed all my furniture. How realistic is that? They did come back and repair one area on the wall though at no additional charge.

couch restoration

We had a leather couch recoloured with them and we were told that the results would be a like new couch. We provided a colour sample but the couch arrived a very different colour. Much much darker and as we later discovered, quite uneven in some areas. We weren't overly happy. They did offer some compensation to make up for it. So while the service wasn't as advertised, the price ended up being fair for what we got

regular condo cleaning

We've been using them for ongoing cleanings for awhile. The price is excellent for the service that they provide and they even bring their own supplies.

In terms of deep cleaning, they lack, but for ongoing maintenance, a perfect service to use.

moving office locations

Moving has always been a treadful time. We've had movers scam us left, right and centre...promising one rate and then holding our items hostage for another rate when we arrive at the location.

This company, however, was amazing. Professional, polite, fast and dare I say, made our moving experience even pleasurable. I would not hesitate to recommend them to anyone.

Thank you so much for your Feedback!

moving 2 blocks

I contacted the company via a Craigslist ad which noted they offered flat rates advising that we needed 2 desks and a desk hutch moved from Bay/Dundas to Bay/Adelaide on April 3rd. I specified we required two lifters with truck and asked for pricing. The response I received was that it will cost \$180 for 3 hours. With GST, I expected a total cost of \$189. I agreed to this price and reconfirmed the details on the phone and setup a time of 1:30pm.

The movers called to ask if the move could be rescheduled to 12pm. We accommodated and then they showed up over 45 minutes late, at approximately 12:45pm.

They loaded the truck with the 2 desks, desk hutch, and approximately 5 small bankers boxes. When they arrived at the destination, they presented us with a bill for \$299. \$180 flat rate, $2 \times \$40 = \80 for 2 extra heavy items (desks), subtotal \$260 and GST for \$39 (which is more than 5%). They held the items hostage for payment, leaving no choice but to produce the funds of \$300, despite that we had agreed, in writing by email for flat rate of \$180 based on the listed items. We went to the upper level to get a copy of the paperwork, and the drivers drove off without notice that they were leaving.

We phoned the office and received a call back. We advised of the issues regarding the overall overcharge and the overcharge of GST and was told that someone would call us immediately back after talking to the drivers. This did not occur. We contacted the Better Business Bureau on the matter and they did not respond to them either.

WE INDEED GAVE THE CLIENT A RATE OF 180 FOR THREE HOURS BUT THEY FAILED TO MENTION THAT THESE WERE TWO HEAVY DESKS WEIGHING ABOUT 300 POUNDS EACH. OUR CONTRACT STATES THAT WE CHARGE EXTRA FOR ANY HEAVY ITEMS.

THE CONTRACT WAS PRESENTED TO THE CLIENT BEFORE WE EVEN DID THE JOB.

BY SIGNING THE CONTRACT THE CLIENT AGREED TO OUR TERMS AND CONDITIONS. ONE OF THE OTHER TERMS WAS THAT WE WOULD CHARGE GST PLUS A 10% SERVICE FEE.

WE NEVER HOLD ANYONES PROPERTY AS HOSTAGE THAT IS INCORRECT. WE TAKE FULL PAYMENT ONCE WE HAVE COMPLETED THE WORK.

WE HAVE THE CONTRACT DETAILS POSTED ON OUR WEBSITE FOR ALL TO SEE.

WE ARE PROFESSIONAL IN OUR APPROACH AND OTHER CLIENTS CAN TESTIFY TO THAT. MOVERS ON DEMAND HAS BEEN IN BUSINESS FOR MORE THAN 6 YEARS AND WE CONTINUE TO GROW DESPITE SUCH CLIENTS WHO WANT TO POST MISLEADING INFORMATION.

hardwood floors

One problem after another with this company - there job was to resand and varnish our floors in our high-rise

condo building. Mis-quoted for the job by a long run. Didn't describe the process properly. While sanding the floors, they sanded into our baseboards and onto our other marble flooring. Painting job was extremely messy and blotchy. The floors looked pretty nice INITIALLY other than some spots that they "missed" until we quickly realized that every little thing scratches them even though all of our furniture has felt on it. The varnish also bubbled in a few ares. The contractor was nice enough but the guys actually doing the floors I wouldn't trust to do work in my condo again with a 10 foot pole. Some people think that just because they are aren't speaking English, other people can't understand them! Not always true!

Great company!!

Peter and his crew were efficient and very fast. They made the moving process easier than we had anticipated. Prices quoted were what we payed, no surprises. We have never met such patient and professional movers before. We could not be happier about our experience with Payless Moving.

Thank you. The client was organized and ready to for the move . We appreciate your business

Moving

Glad I went with Payless Moving. Moving can be very stressful to say the least however they did an amazing job, made it stress free for us. Peter and his crew were on time and safely moved all our items. They uninstalled the beds, wrapped everything and installed it back at the new place. They were friendly, respectful and made sure there were no damages whatsoever. Pricing was very competitive and as quoted. Will definitely recommend.

Professional movers

They are my families go to people for moving, pretty much everyone in my family has used them. Peter and his team deliver exceptional experience. Moving out of our 1 bedroom condo was a breeze with their expert handling. The team meticulously wrapped and protected all our belongings, arriving on time and conducting themselves with utmost professionalism. I highly recommend them to anyone seeking top-notch moving services.

It was a pleasure to work with you and we look forward to many more moves with your family

Thank you

Horrible Experience

EXTREMELY unprofessional, my family had a horrible experience. We have moved and hired movers many times but this was by far the worst experience. One mover in particular was extremely rude and mishandled many items. Even after examining and taking an estimate one week prior, the movers only moved half of our furniture/boxes and refused to take a second trip to move the remaining. We had to rent a truck for the rest of our things which was something we wouldn't have had to do if we hired better movers from a different company. At one point, one of the movers was throwing personal items from drawers on the floor with no care. I had asked him to stop and he rolled his eyes and continued to throw things on the floor. I repeatedly told him to stop and he would still not listen. I had to raise my voice because many of my expensive items were being damaged and he told me that I was crazy and then he told me to humble myself. I found this extremely rude and unprofessional. I was left with many damaged items and did not appreciate the way I was spoken to, which would not have happened if we hired better movers from another company. I would rate this place zero stars if I had the option. If you are considering to hire movers, from my experience with this company my best advice would be to hire from a different company, even if it costs more you will at least get the job done elsewhere. With Payless we were left with a half complete job, damaged items, we were spoken to so rudely and had to spend more money to rent a truck to move the rest of the stuff ourselves. Please save yourself from all the issues and hire different movers.

it's unfortunate and it tells you about the character of the person that wrote these fabricated lies just to make an effort to damage our reputation as great movers. our clients use our services multiple times and refer us on a daily basis, so they know that the claims you put up here is bogus. when you go low, we go high. and your attempt to take food out of our mouths as a small business will not work.

Highly Recommended

I am thoroughly impressed. Excellent work, on time and took well care of everything during the move.

Not a single item was damaged during the move. If you are looking for Movers, look no further I do highly recommend them. They literally put a smile on my face and took all the stress away. I am definitely going to hire them again in the future.

Moving

What a disaster this move became - I would never recommend this company. The truck was 4 hours late, and the wrong size with the slowest moving people I have ever seen. They couldn't fit everything in, they damaged every single piece with scratches and dents and gouges and I have been waiting three months to get repairs/replacements. There are several hidden charges so be sure to read their website before you book - everything heavy or every stair is an extra charge.

Excellent Service: Toronto-Ottawa Move

I am very impressed with the reliability and professionalism of the entire crew at Polanski Moving and am very grateful for their excellent service. From the onsite estimate visit to the final execution, they seamlessly managed a complicated move involving two cities and three properties - without the slightest mishap.

Not only were they conscientious and courteous, but also very efficient and considerate, exercising a great deal of care in their work. To ensure a stress-free experience, I urge you to entrust them with your next move.

I recommend them highly, without question.

The best moving experience I've ever had

I needed to move from Toronto to Niagara on short notice, and called Polanski Moving on the recommendation of a neighbour. I'm sure glad I did! It was literally the best moving experience I've ever had.

Chris came to my home and gave me a quote up front, and there were no extra charges or hidden fees at the end. They showed up right on time with a full crew and moved me out of a three bedroom apartment in under two hours, despite my own admitted disorganization due to the urgent nature of the move. Friendly, helpful, polite -- what a great crew! They were very careful with everything and nothing was damaged in the slightest.

I wouldn't hesitate to use them again and to recommend them to others!

Apartment move

When planning my move back home to Brantford, a dear old friend of mine recommended Polanski Moving.

Right from the start, the company was honest, forthright, and available, dealing with my many questions, concerns, and phone calls courteously and most efficiently. Very in spite of a looming snowstorm, they arrived in Brantford by noon. After methodical and prepared, they had the truck loaded within 2 hours, and unloading my personal belongings into a storage locker, they were on their way 45 minutes later. They took great care in handling all the boxes and furniture, especially when placing them into the locker. Thank you so much to Chris, Tom, and Logan and the boys (and my friend for the recommendation!). Your graciousness and professionalism turned what was already a stressful-enough situation into a wonderful adventure. Thank you SO much!!! Alina

Best Move Ever

If you are looking for a stressfree move - look no further. A professional, friendly, informative person comes to your residence and within 24 hrs gives you a fixed quote. A crew of experienced movers come exactly as scheduled, wrap everything that needs to be protected either in plastic wrap or blankets. The crew was so efficient. Nothing broken. Nothing scratched. Excellent experience

Polanski moving

Polanski moving helped me organize and talked me through the moving process while they came and quoted me. They provided me with moving boxes which made my packing and preparation easier. On day of the move they were on time and eager to get started. I noticed the leader of the crew gave a walk through to the employees and set everyone's role for the move to make it go smooth and fast. They took the time to plastic wrap and cover all my furniture with sheets to protect it during the move. They skillfully packed the truck where it looked organized and neat. I was very impressed. On the off load they quickly off loaded my belongings and placed everything to where I requested with Assembly. Everyone was polite and respectful

and carefull with my belongings. They made my move stress free. Will use there services again without hesitation.

Thank You for the glowing review! We are so happy we were able to assist you with your moving needs. We always ensure items are handled with the upmost care!

We hope to assist you again in the future and are thankful for choosing Polanski Moving.

Wishing you and your family all the best in your new home.

Thanks Again,

Best packers and movers I could have ever had

I hired Polanski movers to pack and move my belongings from one condo to another. They were one of three companies from whom I asked for quotes. They were the only company that came to my apartment for a walk through before providing a quote. Their quote was exact, not an estimate and reasonable. So I chose them. I could not be more pleased. They packed one day and moved another day. On the packing day, Polanski movers came with a large crew who were all professional, nice, gentle and personable and packed my entire apartment in less than three hours - every single plate, glass or dish was wrapped and then put in boxes. They took a TV and its bracket off the wall, dissembled the bed, put all cords with the right electronics and marked all boxes. On the move day, they again came with a large crew. The truck was loaded in less than two hours and off loaded at the destination in less than two hours. All boxes and furniture were dropped off in the right room, the bed was assembled, clothes were hung in the closets and all rooms were set up by the time they left. All I had to do was unpack the boxes. Nothing was missing and nothing was broken or scratched. Thank you to Polanski brothers and their entire crew for making a stressful situation go smoothly. You were all magicians.

Just like everything else in life you get what you pay for. Polanski wasn't the cheapest but they were well worth the money and our move was as stress free as a move can be. Pre move communication was great. On the move day, they showed up on time with exactly what had been commutated to us. The Crew was the best. The Crew was incredible fast and efficient. I will highly recommend Polanski to anyone that asks and if I ever move again, I'll be calling them.

Properly strapped and secured, used blankets to cover the body and fuel tank.

Would recommend my friends and bikers.

It was great to work with you, me and my Acme team are glad to have your review in here too.

Thanks.

First Review

3 Bedroom House + Garage

Aman and Acme Cargo team showed up at my place on time, and as discussed initially on hourly based pay rate, I didn't assumed they are wasting time.

They moved my already dissembled beds quickly and used blankets for other furniture stuff.

Rest stuff was mainly polythene and boxes, totes.

Overall, good experience and I am definitely recommending them to my family and friends.

Thank you for your review, Acme Cargo Inc would be happy to help you in future movings.

Thanks.

Moving

What a disaster this move became - I would never recommend this company. The truck was 4 hours late, and the wrong size with the slowest moving people I have ever seen. They couldn't fit everything in, they damaged every single piece with scratches and dents and gouges and I have been waiting three months to get repairs/replacements. There are several hidden charges so be sure to read their website before you book - everything heavy or every stair is an extra charge.
