Home for Homeless Dog was established in 2019 and is located in a remote village zone in Tai Po. The shelter aims to promote animal welfare in Hong Kong at a non-profit basis. They provide treatment and care for injured animals and try to promote adoption so the animals can find a home after recovery.

Learn more about HFHD [here](#).

Supporting Local SMEs Through Thick and Thin

Local businesses in HongKong are placed under pressure from the pandemic outbreak. The “Support Our SMEs” initiative aims to help SMEs overcome this obstacle, by offering SMEs a platform to promote their products and offer exclusive discounts. There are currently over 100 SMEs from different industries participating in the initiative and more are expected to join the movement.

Pet Delivery Surcharge Donation

To take us one step closer to a pet-friendly city, Lalamove has launched a Pet Delivery Surcharge Donation Campaign in collaboration with The Society for the Prevention of Cruelty to Animals (SPCA). Pet owners can share their love for animals in need, while taking their furry loved ones on a Lalamove ride.

Lalamove is donating the \$10 Pet Delivery Surcharge from every order with the pet ride option enabled to the SPCA. The funds will be used to support its important welfare efforts for homeless animals.

Empower Local Communities to Deliver Positive Change

We are stronger when we work together. Through our Deliver Care corporate social responsibility (CSR) initiative, we aim to empower local communities. We believe that when we work together, we can deliver positive change to build a better future in the local communities that we serve. At the same time, we are

committed to enriching the lives of our employees and driver partners through employment and training.

Nurturing the next generation through basketball

Lalamove has sponsored a youth basketball team Jat Min Turbo in partnership with local non-profit organization InspiringHK Sports Foundation under the Foundation's third WELL DUNK! Public Estate Basketball League and Training Programme, offering underprivileged teenagers professional basketball training for a duration of eight months and the opportunity to compete in a basketball league. The sponsorship seeks to bring together like-minded youngsters and inspire them with the spirit of endurance and sportsmanship.

As the world returns to normalcy bit by bit in the past year, Lalamove's effort to deliver care doesn't stop - we continue to contribute to various causes, from fulfilling needs for daily necessities, better living conditions, to simply delivering warmth and joy during festive seasons, to the underprivileged communities across our markets.

Massive thanks to our driver partners who took the extra miles to move things around to help those in need!

Lalamove has introduced a raft of initiatives to help people from all walks of life combat the fifth wave of pandemic. Since the launch of its non-government organisation support hotline, Lalamove has helped nearly 200 NGOs deliver epidemic prevention supplies to those in need. As Hong Kong begins to recover from its latest wave of covid, Lalamove looks to support small-to-medium enterprises to come out of the pandemic stronger. To date, 170 SMEs have joined Lalamove's "Support Our SMEs" campaign for exclusive free-of-charge promotion opportunities.

Deliver positive change the build a better future in the local communities that we serve

Committed to enriching the lives of our employees and driver partners through employment and training.

Platform. Delivery Partner agrees that Lalamove will not be responsible or liable for any actions, wrongdoing, losses or damages suffered by the Delivery Partner, except if such action is willful breach of this Terms of Use or gross negligence.

Delivery Partner agrees to defend, indemnify and hold harmless Lalamove, as well as its past and present successors, assigns, affiliates, officers, owners, employees, and agents (“Lalamove Indemnatee”) from any and all losses, actual or threatened suits, actions, proceedings (at law or in equity), claims, damages, claims for payment, deficiencies, fines, judgments, settlements, liabilities, costs, and expenses (including reasonable attorneys' fees, costs, penalties, interest, and disbursements) arising from or incurred in connection with claims asserted by a third party against a Lalamove Indemnatee arising directly or indirectly from, or as a result of or in connection with, Delivery Partner’s (i) breach of this Terms of Use; (ii) conduct with respect to the Platform, Services, and/or Shipment Delivery; (iii) violation or alleged violation of any law or the rights of any third party, including, without limitation, other Delivery Partners, Users, drivers, employees, subcontractors, assigns, and pedestrians; (iv) disclosure of “Confidential Information”; (v) ownership, use or operation of any vehicle used in the Shipment Delivery; (vi) failure to have proper insurance, licenses, permits or authorizations; (vii) any damages or losses as a result of Delivery Partner’s work and/or conduct, and/or Delivery Partner’s work with third parties and/or Users, including, but not limited to, damages to shipments; (viii) wrongdoing, violation of policy, violation of law or other misconduct and (ix) failure or alleged failure to pay all required taxes, withholding, insurance contributions or premiums. Lalamove reserves the right to lock-out, suspend or terminate access to the Platform for a Delivery Partner for any violations of this Terms of Use or any other conduct deemed inappropriate by Lalamove. In the unlikely event Delivery Partner’s status as an independent contractor is challenged and Delivery Partner is determined by a court, agency or arbitrator not to be an independent contractor, Delivery

Partner agrees to defend, indemnify and hold harmless Lalamove from all costs, penalties, back taxes, damages and attorney's fees associated with such a determination. Under Delivery Partner's duty to defend, Lalamove shall be entitled to use its own counsel.

Lalamove does not guarantee the quality, suitability, safety or ability of third party providers. You agree that the entire risk arising out of your use of the Services, and any service or good requested in connection therewith, remains solely with you, to the maximum extent permitted under Applicable Law.

Lalamove does not control, manage or direct any third party providers. Third party providers are not actual agents, apparent agents, ostensible agents, or employees of Lalamove.

Lalamove does not control, endorse or take responsibility for any Delivery Partner Content or third party content available on or linked to by the Services. Lalamove cannot and does not represent or warrant that the services or servers are free of viruses or other harmful components.

Lalamove also may stop providing the Services at any time, or create limits on use of the Services, whether specifically to Delivery Partner or generally. Termination will not limit any of Lalamove's other rights or remedies. The provisions of this Terms of Use shall survive any termination of services. Nothing in this

provision provides Lalamove the right to terminate Delivery Partner's ability to contact Users on its own and to provide Shipment Deliveries to Users, only the right to terminate Delivery Partner's use of the Platform.

Any provision of this Terms of Use which is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction and the application to such facts and circumstances, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof or the application thereof to other facts and circumstances, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

The failure of Lalamove or Delivery Partner in any instance to insist upon a strict performance of the terms of this Terms of Use or to exercise any option herein, shall not be construed as a waiver or relinquishment of such term or option and such term or option shall continue in full force and effect.

Except as otherwise set forth in these Terms of Use, these Terms of Use shall be exclusively governed by and construed in accordance with the laws of Hong Kong. Any dispute, controversy or claim arising out of or relating to these Terms of Use, or the breach, termination or invalidity thereof, shall be settled by mediation, arbitration or courts of Hong Kong as Lalamove deems appropriate.

These Terms of Use, and any rights and licenses granted hereunder, may not be transferred or assigned by you, but may be assigned by Lalamove without restriction. Any attempted transfer or assignment in violation hereof shall be null and void. These Terms of Use binds and inures to the benefit of each party and the party's successors and permitted assigns.

Lalamove Community Guidelines were developed to enable a great experience for users, drivers, walkers, riders, merchants and businesses of the Lalamove app, the API and Lalamove Plus (collectively referred to as "Lalamove Platform"), and for them to feel safe and respected, while ensuring service quality.

Our guidelines apply to everyone who uses the Lalamove Platform including, but not limited to, users, drivers, walkers, riders, merchants and businesses. It is also applicable for all the interactions anyone may have with the Lalamove employees and contractors, available through online support systems or over the phone.

In addition, in some instances, our guidelines apply to conduct outside of the Lalamove Platform that we become aware and have knowledge of, including, but not limited to, information received from other platforms, especially when such conduct may threaten the safety of the Lalamove Platform.

We warmly invite you to join us to support and provide a welcoming environment for everyone on the Lalamove Platform.

Our guidelines below will explain some of the positive community engagement on the Lalamove Platform, as well as the behaviors or circumstances that may cause your experience on the Lalamove Platform being affected. Lalamove reserves full right to change or modify or in any way update our guidelines (including our policies which are incorporated into our guidelines) at any time. You are strongly recommended to read our guidelines regularly. The following guidelines which we will update regularly provide the basis for behavior we expect from all those in the Lalamove community. Our guidelines are periodically reviewed and updated.

Understanding our guidelines are important. Not following any of our standards may be considered a material violation of the Terms and Conditions, and may result in your experience on the Lalamove Platform being affected, including a loss of access to the Lalamove Platform and/ or other consequences where applicable.

Everyone who uses the Lalamove Platform shall adhere to Lalamove's Community Guidelines.

Fostering positive communication and service during every experience is our main objective in our guidelines and policies.

Our team is committed to working constantly to make your experience when using the Lalamove Platform to be safer. Safety of our users, drivers and walkers are of utmost importance to us.

We expect everyone who uses the Lalamove Platform to do their part to strictly adhere to relevant laws and regulations where applicable.

We value your feedback, thoughts, and concerns and welcome your comments, provided they are expressed in a way that is respectful to us and our community. Our team is continually improving our guidelines and policies, and your feedback is important to help us to take appropriate action to keep our guidelines relevant to your experience on the Lalamove Platform.

Everyone in the Lalamove community shall behave like one would want to be treated—with respect, courtesy, and compassion. The approach you take while using the Lalamove Platform can leave an impact. That is why courtesy matters and why you are expected to exercise good judgement and behave decently toward other people when using the Lalamove Platform and interacting with others in the Lalamove community—just as you would in any public place.

Late deliveries are a problem for both the recipient and the sender, therefore always try to be on time to pick up or drop off your delivery. As safety is our top priority, you should always drive carefully within the speed limit and adhere to local traffic rules. You are strictly prohibited from contacting recipient or sender after the trip for any personal reasons. Even in a dispute, do not take matters into your own hands by yelling, using abusive language or slamming doors.

You are strictly forbidden from committing any form of sexual offence. You should never involve in any sexual assault and misconduct related to sexual conduct or behavior at all times.

Do not touch anyone you just met while using the Lalamove Platform unnecessarily. However, there are exceptions that are permitted for people needing or requesting physical assistance for the parcel to be delivered. Any kind of physical force is strictly prohibited.

Respecting personal space and privacy is something we all cherish. Having a casual talk would be fine as long the other party is comfortable chatting with you. Do not inquire about other people's personal lives or pass judgement on their appearance.

The following list provides examples of inappropriate conduct; however it is important to note that they are not exhaustive, sexual assault and misconduct can include any conduct. These may seem stricter than other platforms but that is because we want to keep you as safe as possible when you use the Lalamove Platform.

Do not ask personal questions as personal questions and infringing into personal space are generally deemed inappropriate (for example, about relationship status, monetary or sexual orientation)

Bear in mind that harassment differs according to societal and personal norms — for example commenting on appearance may be offensive to others. This includes both derogatory or “complimentary” comment

Do not make explicit comments or gestures as non-verbal gestures may constitute sexual harassment if the behavior is sexual in nature and make others uncomfortable (for example, slurs, or graphic or suggestive messages)

Do not flirt with anyone (for instance, non-verbal, being frisky, or being in too close proximity)

Displaying indecent material is not permitted (for example, sexually suggestive objects or pictures)

We strongly advise you to respect the privacy and personal space of other users. Texting or calling recipient or sender outside of professional grounds is both a form of harassment and a breach to his or her entitlement to personal security and data protection

Content that is pornographic, sexually explicit, or involves sexual violence or assault should not be shown

Avoid violent and aggressive behaviour at all times as Lalamove does not condone any form of violence or aggression. Everyone must not engage in aggressive behaviour, such as arguing verbally, using obscenity or innuendo, or making threats or physical violence

Angry or rude outbursts, aggressive or harassing behaviour are strictly prohibited. Avoid using abusive language or making gestures which condones any form of violence, aggression, disrespectful and inappropriate. Do not share graphic images (sexually explicit or depict physical violence) with others in the Lalamove community; this includes sharing or distributing such images through Lalamove’s online support systems or in connection with a Lalamove Platform experience. While you might have different ideas or perceptions on topics such as religious belief and political choice, it may be a good idea to stay away from getting involved in such topics which can potentially be divisive. Everyone must not show any aggressive or rude behaviour, including getting into verbal disputes or vulgarity or making threats or physical assault. In the event of the situation getting out of hand, never take matters into your own hands or escalate the tensions (i.e.

harasses or make threats whether the ride is ongoing or has ended). Always opt to notify the Lalamove Platform as soon as feasible if a problem arises. We intend to serve all parties fairly and will take appropriate measures.

Users, drivers and walkers should maintain valid and effective communication methods to facilitate smooth delivery. Any contact and communication should end once the trip or delivery is completed. Contacting or stalking users after delivery is completed for any reasons online or offline is a form of infringement of personal space and privacy, and you could be subject to legal consequences including but not limited to criminal liability. Lalamove will not be responsible or share any responsibility for your action., For any return or lost item, the user can contact Lalamove via apps. Unwanted contact, such as texting, calling, social media communication, visiting, or attempting to visit someone in person after a trip or delivery has been completed, can be considered harassment. The safety and security of everyone matter to us, hence do not share any unnecessary contact information. Unauthorised disclosure of personal contacts or information or delivery details is strictly forbidden.

We work to make sure you always feel safe and welcome. We will not tolerate unlawful discrimination conduct or harassment of any kind, including toward the Lalamove Customer Service team and Driver Operations team. In some jurisdictions, it is against the law to discriminate against someone because of:

Discrimination can be seen in the following ways:

You shall not refuse to provide services based on a person's race, religion, nationality, disability, sexual orientation, sex, marital status, gender identity, age or any other characteristic protected under law. This type of action can lead to a loss of access to the Lalamove Platform. It is disrespectful to make derogatory or discriminatory remarks about a person or group whether or not the other party belongs to the group. Certain jurisdictions' laws may demand and/or permit the providing of services to and for the benefit of a specified group of people. Services that are needed or allowed by these laws and the relevant applicable terms are permissible under our guidelines in such jurisdictions.

Discriminate on the basis of these traits or on the basis of a pick-up or delivery location are not tolerable. If

you intentionally reject or cancel requests, or use features on the Lalamove Platform to cancel trips or delivery requests, solely for the purpose of avoiding a particular neighbourhood or the people or businesses in the neighbourhood, it can lead to a loss of access to the Lalamove Platform.

The user must take extra care to ensure there is packing and protection of the document/parcel before handling it to the driver or walker for the delivery service. This may include protecting your package from impact damage during delivery with bubble wrap or non-movable foam padding.

Users should avoid requesting delivery using a service type that does not fit the item volume or capacity limit. Drivers and walkers have the responsibility to ensure the fulfillment of the order would not exceed the vehicle weight or volume capacity and/or pose a safety risk.

During the delivery process, the driver or walker is not permitted to damage, open, or unwrap any parcels or documents. Any loss or damage of products (parcel/document) during delivery is the responsibility of the driver or the walker. Drivers and walkers should offer photographic confirmation of delivery whenever required, so that others on the Lalamove Platform can see it.

When a user does not receive items or receives wrong items, it can lead to a bad and poor experience. Businesses should be careful to include the correct items in a Lalamove order.

High cancellation rates leave a negative experience for Lalamove Platform users.

Follow the requests of the order communicated through the Lalamove Platform wherever possible. If any deviation is necessary, please ensure communication is made to the user.

We believe that everyone has a role to play in helping to achieve and promote a safer and friendlier experience. Thus we have standard requirements on account sharing, account holder age, and more.

Only you are permitted to access an account registered in your name. Account sharing is not allowed. To use the Lalamove Platform, you must register and maintain an active account. Activities performed on your account are your liability. Do not let another person use your account, and you may not share your account, password or photo of yourself with anyone. Never share your personal information used in connection with your account to access the Lalamove Platform. You are responsible for maintaining your own confidentiality

and you are responsible for all uses of your information, even if you do not authorize them. Security of your account is your responsibility.

Driver or walker must complete all parts of the delivery themselves—including any handling after the order is picked up from the user up until final delivery to the recipient—with no exception.

If you are an individual, you must be at legal age or older to have an Lalamove account. Account holders are not permitted to request service for anyone under the legal age who will not be accompanied by the account holder or another adult during the ride or when submitting or collecting the delivery. These age restrictions apply unless our local guidelines, terms, or other policies change.

Maintain the condition of your vehicle (including but not limited to any bikes, motorcycles, and scooters) in compliance with industry safety standards and local regulatory regulations. Except for walkers, make sure you only use the vehicle that is registered with Lalamove. To have a smooth and easy delivery, the Lalamove Platform gives users identifying information about drivers and walkers and their vehicles, which may include vehicle plate number, model, profile picture and name of the rider. It is your responsibility to update and resubmit your documents when they expire.

Only permitted vehicles must be used to accomplish trips and deliveries by drivers and walkers. At all times, you must have a valid national driver's license and any other permits or license that the relevant authorities may require. You and your vehicle must also be covered with valid insurance as stipulated by local regulations and authority.

Drivers and walkers are expected to keep their vehicles in good and safe working condition to use the Lalamove Platform. You cannot be safe no matter how well you drive unless your vehicle is in good working order. You should preserve the condition of your vehicle by having it properly serviced. If it is not, your vehicle may fail you at a crucial time.

Read your vehicle's owner's manual thoroughly to learn about the maintenance plan and requirements for your vehicle. Maintenance schedules differ greatly from one vehicle to the next.

Conduct a 360-Degree Vehicle Inspection regularly, including to check for correct tyre inflation, clean

windows, headlights, and mirrors, fluid leaks, and windshield wiper blade wear as you go around the car. This simple practise will ensure a safe drive and will just take a few minutes of your time.

When seat belts are provided, we recommend that you always wear them, whether you are in the front or back seats, as it can be the most effective way to save lives and reduce injuries during a crash.

Find a helmet that fits well whether riding a bike, motorcycle, or scooter for your safety. These helmets will keep you safe and protected while riding if you follow the manufacturer's directions, which include fitting snugly under your chin and sitting low on your forehead. In addition, a helmet protects you from the environment you are riding in to protect your skull or head.

Installing and using a dashcam are recommended, which can be used to record rides and provide evidence to Lalamove, law enforcement, or insurance companies in the event that something goes wrong on a ride to help determine cause or fault. Please be aware of the following:

Sharing or streaming personal data captured through your interaction with us, our user, our rider, in-vehicle audio and/or video recording during a ride (such as your image or voice or both, and its related metadata) on social media or in other digital or physical public locations is a violation of our guidelines and may prompt further investigation by our safety team.

Operating a motor vehicle while drowsy puts you and other drivers on the road in danger. You must do your share to keep yourself and others safe, which includes keeping your eyes on the road, staying well rested, avoiding operating for long hours, avoiding sleep-inducing medications or consuming alcoholic beverages, so you can react swiftly to any scenario.

You must be aware of the importance of safety as a safe driver. Accidents can be significantly decreased or even avoided if you have a good understanding of defensive driving. Defensive driving is a type of driving that employs a variety of approaches and tactics in order to keep you safe and avoid difficulties caused by other road users.

Defensive driving entails:

Community emergency preparedness relies heavily on planning. Lalamove may take additional measures to

try to alleviate and preserve the safety of our platform during public emergencies, including but not limited to natural disasters, public health emergencies, strike and public crisis situations.

For instance, if Lalamove receives notice from a government authority that anyone at all using the Lalamove Platform may present a potential harm to the public at large, we may temporarily suspend the individual's access until and unless it is reasonably safe to allow the individual to resume using the Lalamove Platform. Similarly, we may prevent individuals in an entire city or region from using part or all of the Lalamove Platform or impose other requirements to comply with guidance from authorities during a time of public health emergency, natural disaster, strike or other public crisis situation, or when the continued availability of the The Lalamove Platform may pose a grave and dangerous threat to the community.

Lalamove users should exercise good judgment and behavior around drivers and walkers and make them feel welcome. They should also provide a secure location for order pickups; for example, to avoid violent occurrences on the premises that jeopardise the safety of riders.

Alcohol deliveries can only be ordered and received by Lalamove users who are of legal drinking age or older and are not inebriated. Illegal narcotics, open alcohol containers, and weapons are prohibited. Please alert Lalamove and the authorities if you have reason to suspect the nature of the contents of your parcel to be goods and/or services that are not part of Lalamove's offerings, or are suspected to be unlawful and/or dangerous goods.

Everyone must comply with applicable laws and regulations and also with Lalamove terms and conditions, and policies. It is specifically forbidden to use the Lalamove Platform to perpetrate any crime, including drug trafficking, money laundering, sexual harassment, or to break any other legislation.

Avoid committing traffic violations or driving recklessly that may endanger the lives of yourself and other road users and pedestrians. This includes complying with regulatory or traffic laws, speed limits, obeying road signals and traffic lights. You should always wear a seatbelt or a helmet whenever required by the laws.

If you are a driver or a walker, do not drink or use drugs while on the job; you can not drive or ride a bike while inebriated. Driving or biking while under the influence of alcohol, drugs, or any other substance that

affects your ability to operate a vehicle safely may be against the law. Illegal substances, open containers of alcohol and weapons are not permitted in your vehicle. If a user or member of the public believes you may be under the influence of drugs or alcohol, they have the right to end the booking immediately and alert Lalamove or the authorities. Drug use and open containers of alcohol are never allowed while using the Lalamove Platform.

Users and their recipients, as well as drivers and walkers, are strictly prohibited from carrying firearms while using the Lalamove Platform, to the extent permitted by applicable law and regulation.

Deception can weaken trust and also be dangerous. Intentionally falsifying information or assuming someone else's identity, for example when signing in or undergoing a security check, is not allowed. It is important to provide accurate information when you report incidents, create and access your Lalamove accounts, dispute charges or fees, and claim for credits. Claim only the fees or refunds to which you are entitled and use the offers and promotions only as scheduled. Do not intentionally carry out invalid transactions.

Fraudulent activities may also include, but are not limited to:

To ensure that each experience is as safe as possible while remaining compliant with local laws (if any), all trips on the Lalamove platform must be organized via the Lalamove application.

Drivers and walkers are forbidden to accept a payment outside the platform that is not authorized for delivery on the Lalamove platform.

For cash orders, users must remember to bring the exact amount to cover the cost of delivery.

Drivers and walkers must always pay Lalamove's service charges on cash orders in a timely manner.

Act of stealing is not only not tolerated when using the Lalamove Platform; it is also a criminal offence. This includes, without limitation, deliberately depriving or misleading other parties on the platform for material or financial purposes.

Do not use Lalamove's trademark or intellectual property without authorization. Where local regulations require the display of Lalamove-branded items, drivers and walkers shall use only Lalamove-branded items obtained from Lalamove. Drivers and walkers should not present themselves as driving or delivering with

Lalamove if they do not have access to the Lalamove Platform. Drivers and walkers should return items bearing the Lalamove mark (if applicable) to Lalamove if they lose access to the Lalamove Platform. The use of unauthorized or third-party items, such as lights, plaques, signs or similar items bearing the name or trademark of Lalamove, may create confusion among users.

Our team continually refines our guidelines, and your feedback is important to ensure our guidelines remain relevant as our technology evolves. Please assess your experience upon completion of each trip or delivery. Honest feedback helps ensure that everyone is accountable for their behavior. This contributes to building a respectful and safe environment.

If something happens, such as a road collision, you may report it by tapping Help in the app so that our Customer Service team or Driver Operations team can investigate and offer timely support when necessary. Before contacting Lalamove in the event of an emergency or if you find yourself in immediate danger, contact your local authorities or emergency services.

Users, merchants, drivers and walkers may all leave and receive ratings, as well as provide input on how the journey or delivery went. This feedback method increases accountability and contributes to the creation of a respectful, safe, and transparent environment for all. The app allows drivers and walkers to view their current rating. By opening the app and pressing the profile, riders can see their rating listed under their name.

Drivers, riders, walkers, and users who do not meet the city's minimum average rating may lose access to the Lalamove Platform. It is beneficial to be courteous and respectful to all individuals while using the Lalamove Platform and interacting with others in the Lalamove Community if you want to keep your average rating high. Most drivers and walkers provide outstanding service, and most drivers, walkers, and users are kind and considerate, therefore most deliveries go successfully. Individual ratings will not be removed if you contact the Lalamove Customer Service team or the Driver Operations team. We understand that sometimes a trip or delivery does not go as planned, which may cause a lower rating.

Provided you are a driver or a walker who has lost access to the Lalamove Platform due to poor ratings, you may be able to reclaim it if you meet the qualifying conditions and show proof that you have completed a

quality improvement course.

To ensure a seamless operation of our system for all drivers, walkers and users, you are strongly advised not to cancel orders unless absolutely necessary (eg. Car breakdown / accidents). If you are unable to pick up or deliver a parcel due to an emergency, please call the sender/recipient immediately. Honour a booking you have made / accepted. This is very important in building confidence and encouraging more users, drivers and walkers to use the Lalamove Platform. More users means more jobs for drivers and walkers; more drivers and walkers means faster matching time for users, as a whole. If you regularly cancel successive trips or orders as a walker, a driver or a user, your experience on the Lalamove Platform may be affected. In the event that drivers cancel orders frequently or violate Terms and Use, Lalamove may restrict drivers' access to Lalamove Platform for a certain period of time.

Yes. We understand that there can be many drivers and vehicles under a fleet. You can go to the Driver List on the Fleet portal and pair your drivers to the vehicles you want them assigned to (as long as they are under the same vehicle type).

When changing a driver's vehicle, first ensure the following conditions: 1. Driver appears as ""off duty"" in the Driver app and Fleet portal. 2. Driver do not have an ongoing order. From this, you can then pair or unpair drivers from vehicles!

Each driver can be paired to any verified vehicles that are within their registered vehicle type. For example, a drivers who is registered and verified for a vans will be able to see a list of vans in the "Select Vehicle List". Other types of verified vehicles (i.e. Trucks) will not appear in the list.

Drivers who have an ongoing order and marked as "On Duty" cannot have their vehicles removed until they complete their order mark themselves as "Off Duty".

Only verified vehicles with that driver's vehicle type will appear in the pairing list. If your vehicles still appear in the "Pending" tab on Vehicle List, they are not ready for pairing.

As drivers will need to first mark themselves as "Off Duty" in the Driver app before any vehicle change can be updated, it is recommended to notify your drivers beforehand in order to ensure a smooth transition.

A pop-up and push notification will soon be available in the Driver app where drivers will be notified every time a vehicle is assigned or removed, so that they are aware of the change.

Download our app now to get your deliveries going places.
