GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of

the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery!

Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquired about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it

was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquired about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

Acceptance of the Terms and Conditions.

Binding Agreement; Description. GoShare, Inc. (“GoShare,” “we,” “us” or “our”) provides and makes available its marketing tools, including its payment processing capabilities, scheduling tools, website located at www.goshare.co (the “Site”) and its GoShare mobile application (the “App”) and its API (the “API”) (collectively, the “Service”). All uses of the Service are subject to the terms and conditions in this End User License and Terms of Service (this “EULA”). Please read this EULA carefully. By accessing, browsing or otherwise using the Service, you acknowledge that you have read, understood, and agree to be bound by this EULA. If you do not accept this EULA’s terms and conditions, you may not access, browse or use the Service.

AS FURTHER DESCRIBED BELOW, THIS EULA REQUIRES THE USE OF ARBITRATION ON AN INDIVIDUAL BASIS TO RESOLVE DISPUTES, RATHER THAN JURY TRIALS OR CLASS ACTIONS, AND ALSO LIMITS THE REMEDIES AVAILABLE TO YOU IN THE EVENT OF A DISPUTE.

Changes to this EULA. You understand and agree that GoShare may change this EULA at any time without

prior notice; provided that GoShare will endeavor to provide you with prior notice of any material changes. You may read a current, effective copy of this EULA at any time by selecting the appropriate link on the Service. The revised terms and conditions will become effective at the time of posting. Any use of the Service after such date will constitute your acceptance of such revised terms and conditions. If any change to this EULA is not acceptable to you, then your sole remedy is to stop accessing, browsing and otherwise using the Service. The terms of this EULA will govern any updates GoShare provides to you that replace and/or supplement any portion of the Service, unless the upgrade is accompanied by a separate license or revised EULA, in which case the terms of that license or revised EULA will govern. Notwithstanding the preceding sentences of this Section. No revisions to this EULA will apply to any dispute between you and GoShare that arose prior to the effective date of such revision.

Privacy Policy. Your access to and use of the Service is subject to GoShare's Privacy Policy located at www.goshare.co/privacy-policy ("Privacy Policy"), which is incorporated herein by reference.

Eligibility. THE SERVICE IS NOT FOR PERSONS UNDER THE AGE OF 13 OR FOR ANY USERS PREVIOUSLY SUSPENDED OR REMOVED FROM THE SERVICE BY GOSHARE. IF YOU ARE UNDER 18 YEARS OF AGE, YOU MUST NOT USE OR ACCESS THE SERVICE AT ANY TIME OR IN ANY MANNER. By using the Service, you affirm that you are at least 18 years of age.

The Service.

Description. The Service provides independent delivery professionals ("Delivery Professionals") with a network through which Delivery Professionals can provide delivery services (each such delivery service is a "Project"). Any person who accesses and/or uses the Service to connect with a Delivery Professional is a "Customer." GoShare does not provide professional services. GoShare offers tools, information, and a method for Customers to obtain services, but does not, nor does it intend, provide such services.

Limitations. GOSHARE DOES NOT PROVIDE TRANSPORTATION SERVICES. WE ARE NOT A TRANSPORTATION CARRIER OR A MOVING OR HAULING OF FREIGHT CARRIER. IT IS UP TO CUSTOMERS AND DELIVERY PROFESSIONALS TO OFFER AND PROVIDE THE PICK-UP, CARRY, AND DELIVERY SERVICES THAT MAY BE SCHEDULED THROUGH USE OF THE SERVICE. GOSHARE OFFERS INFORMATION AND A PLATFORM TO FACILITATE ARRANGEMENT OF PICK-UP, CARRY, AND DELIVERY SERVICES, BUT DOES NOT, AND DOES NOT INTEND TO, PROVIDE TRANSPORTATION SERVICES OR ACT IN ANY WAY AS A TRANSPORTATION CARRIER OR A MOVING OR HAULING OF FREIGHT CARRIER. WE HAVE NO RESPONSIBILITY OR LIABILITY FOR ANY PICK-UP, CARRY, OR DELIVERY SERVICES PROVIDED TO YOU THROUGH THE SERVICE.

Mobile Services. The App may offer the Service via a mobile phone, tablet or other wireless device (collectively, “Mobile Services”). Your mobile carrier’s normal messaging, data, and other rates and fees will apply to your use of the Mobile Services. In addition, downloading, installing, or using certain Mobile Services may be prohibited or restricted by your mobile carrier, and not all Mobile Services may work with all carriers or devices. Therefore, you are solely responsible for checking with your mobile carrier to determine if the Mobile Services are available for your mobile device(s), what restrictions, if any, may be applicable to your use of the Mobile Services, and how much they will cost you. Nevertheless, all use of the App and the related Mobile Services must be in accordance with this EULA.

Registration.

Accounts. To use the Service, you must create an account (an “Account”). The information required to create an Account may vary depending on if you create an Account as a Delivery Professional or a Customer. If you create an Account as a Delivery Professional, you will also be required to agree to the Agreement for Delivery

Professionals to engage GoShare for its Services and other terms that will be made available to you during the Account creation process. You are solely responsible for maintaining the confidentiality and security of your username and password, and you will remain responsible for all use of your username and password, and all activity emanating from your Account, whether or not you authorized the activity. If you use the Service on behalf of a company, entity, or organization (each an “Organization”), then you represent and warrant that you: (i) are an authorized representative of that Organization with the authority to bind such entity to the EULA and (ii) agree to be bound by the EULA on behalf of such Organization.

Theft of Credentials. If your username or password is lost or stolen, or if you believe that unauthorized third parties have accessed your Account, then notify GoShare immediately at customerservice@goshare.co, and change your password at the earliest opportunity. GoShare will not be liable for any loss or damage arising from unauthorized use of your credentials prior to you notifying GoShare of the unauthorized use or loss of your credentials.

Rules for Customers. The terms in this Section 4 apply to Customers and not to Delivery Professionals.

Requesting Projects. In order to request a Project, you will have to specify certain information about the Project, which may include: the pick-up address, the destination address, the items you are requesting to be lifted, delivered or moved (“Items”), contact information and the date and time of pick-up. Using the address you provide, GoShare will use commercially reasonable efforts to connect you with a Delivery Professional to perform the Project for you and will provide them applicable details regarding the Project. If no Delivery Professionals are available, GoShare will notify you that there are no Delivery Professionals available to perform the Project, at which point we will have no further obligation to attempt to connect you to a Delivery Professional for the applicable Project.

Prohibited Items. YOU MAY NOT, UNDER ANY CIRCUMSTANCES, HAVE ANY OF THE

FOLLOWING TRANSPORTED: accounts, bills, debts, evidence of debt, letters of credit, passports, documents, railroad or other tickets, notes, money, securities, currency, bullion, precious stones, jewelry and/or other similar valuable articles, items valued at more than \$100,000 (one hundred thousand dollars), paintings, statuary and other works of art, manuscripts, mechanical drawings, live animals, tobacco, cigars, cigarettes, stolen items, people, grandfather clocks, fireworks, drugs, guns, weapons, extremely heavy and bulky items such as pianos, hot tubs/saunas, billiard tables, concrete slabs, gun safes, any item considered illegal according to federal, state or local laws, non-ferrous metal in scrap and/or ingot form, or furs and skins. Some states including Georgia do not allow the transportation of used goods from home to home. Users must refer to and comply with GoShare's Hazardous Materials Policy prior to shipping any hazardous materials or substances.

A DELIVERY PROFESSIONAL HAS THE RIGHT TO OPEN AND INSPECT ANY BOX AND MAY REFUSE TO PERFORM THE PROJECT, OR TO INTERCEPT, HOLD, OR RETURN ANY ITEMS, WHEN, AMONG OTHER REASONS, THE DELIVERY PROFESSIONAL, IN HIS OR HER SOLE REASONABLE DISCRETION, DETERMINES THAT IT IS UNSAFE OR ECONOMICALLY OR OPERATIONALLY IMPRACTICABLE TO PERFORM THE PROJECT, OR THAT THE SERVICE IS BEING USED IN VIOLATION OF FEDERAL, STATE, OR LOCAL LAW, OR FOR FRAUDULENT PURPOSES. THE SERVICE IS NOT INTENDED TO BE USED FOR THE DELIVERY OF ANY PROHIBITED GOODS AND GOSHARE WILL COOPERATE FULLY WITH ANY LAW ENFORCEMENT INVESTIGATION REGARDING ANY PROHIBITED GOODS DELIVERED THROUGH USE OF THE SERVICE.

Fees. The estimated Fees, per minute rates, and the estimated Project duration for each Project will be displayed to you on the Service, and include expenses that may be incurred by the Delivery Professional in the normal course of completing your Project, including, without limitation, the equipment requested. Road toll costs are not included and may be added to the total Project cost when applicable. (collectively, "Fees"). If the actual total Project duration exceeds the estimated Project duration, an additional per minute fee may be

charged per Delivery Professional until the Project is complete. If special equipment is needed to complete the Project but not requested (e.g. Lift Gate or Appliance Dolly) an additional equipment Fee may be added by the Delivery Professional. The Project will begin when Delivery Professional begins loading cargo at the first address and the Project will end once Delivery Professional has unloaded all cargo at the last address. The Delivery Professional will confirm that the Fee is correct through the functionality provided via the Service. If you dispute the accuracy of Fees charged, GoShare will investigate and in its sole discretion determine if the Fees were calculated correctly. If you cancel a Project with more than 24 hours notice before the project start time you will be charged a \$10 fee per delivery professional. If you cancel a project with less than 24 hours notice from the project start time you will be charged a cancellation fee based on the vehicle type and the number of delivery professionals requested. These cancellation fees are designed to compensate delivery professionals for any time or gas spent toward meeting the obligations of the now-canceled project. The cancellation fees are: Courier: \$15, Helper: \$20, Pickup Truck: \$25, Cargo Van: \$40, Box Truck: \$70. If you have requested two delivery professionals, you will only be charged for canceling if both parts of your project have been accepted. **ALL FEES AND CANCELLATION FEES ARE NON-REFUNDABLE.**

Payment. GoShare accepts credit cards through our third party payment processor unless otherwise agreed to in writing by GoShare. Fees are due immediately following the applicable Delivery Professional's confirmation of completion of your Project.

Insurance and Liability. Your maximum claim for damages of any or all Items to be delivered for a particular Project will be the lower of the declared value of the Items that you specified when requesting the Project or \$40,000 (in aggregate) for any verifiable damage to the Items that occurred during performance of the applicable Project. If a project is to transport home goods as defined by the NMFTA are used, (used in this case would mean opened or unoriginal packaging for the cargo and/or transporting the cargo to/from a residential dwelling), GoShare will cover up to \$.60/lb for the entire cargo shipment. New cargo (new in this scenario means unopened original packaging being transported from the original business the product was purchased at) will be covered at actual cash value. A misrepresentation after a loss as to a single material fact

will forfeit the entire insurance contract. Once caught in a small fraud, Customer will not be entitled to payment for any part of the damage claim. GoShare will make commercially reasonable efforts to collect any money owed to Customers from Delivery Professional(s). Used items other than household goods will be reimbursed at the current depreciated value. In no event shall Carrier be liable for loss of profit, income, interest, attorney fees, or any special, incidental or consequential damages. As a condition precedent to recovery, a claim for any loss or damage must be filed in writing with GoShare within nine (9) months after delivery. Claims must be filed on GoShare's website <https://goshare.co/accident-report/>. If you or someone you designate, who is not an active GoShare Delivery Professional, assists in the delivery (including but not limited to loading, unloading, and moving) of the cargo that becomes damaged during a Project, the Delivery Professional will be responsible for only half of the damage claim amount related to replacing or repairing the damaged item(s) or property.

Undeliverable Items. Delivery Professionals will make commercially reasonable efforts to deliver Items for Customer. If Delivery Professional is unable to safely deliver Items to Customer's selected destination the Delivery Professional will attempt to return items to the Customer's chosen pickup location at the Customer's expense. If Delivery Professional is unable to return item to the pickup location and Delivery Professional is forced to hold onto Customer's Item then the Customer will be charged a storage fee of \$100 per calendar day until the item is able to be delivered to Customer.

Payment Processor

Users make their contracts directly with other users, not with GoShare. Fees (including Base Fees) for using the Service will be processed via GoShare's third party payment processor. Our payment processor may require you to read and agree to its standard terms and conditions.

GoShare reserves the right, in its sole discretion (but not the obligation), to (i) place on hold any payment, or (ii) refund, provide credits or arrange for our payment processor to do so. Users are liable for any taxes (including VAT, if applicable) required to be paid on their use of the Service or on any related payment

received (other than taxes on GoShare's income).

GoShare will authorize and place a hold on customer's credit card at the time the order is received by GoShare. The authorized amount will be for a minimum of \$100.00 or the higher end of the estimated delivery cost if the estimate is greater than \$100.00.

Intellectual Property Rights

Other product and service names located on the Service may be trademarks or service marks owned by third parties (the "Third-Party

Trademarks,” and, with the GoShare Trademarks, the “Trademarks”). Nothing on the Service or in this EULA should be construed as granting, by implication, estoppel, or otherwise, any license or right to use any Trademark displayed on this Service without GoShare’s prior express written consent for each individual use. You may not use the Trademarks to disparage GoShare or the applicable third-party, GoShare’s or a third-party’s products or services, or in any manner (using commercially reasonable judgment) that may damage any goodwill in the Trademarks. The use or posting of any of the GoShare Content on any other website or in a networked computer environment for any purpose is expressly prohibited. In addition, you also may not attempt to derive the source code of, modify, or create derivative works of the App, any updates, or any part thereof (except as and only to the extent any of the foregoing restrictions are prohibited by applicable law). If you violate any part of this EULA, then your right to access and/or use the GoShare Content and Service will automatically terminate and you must immediately destroy any copies you have made of the GoShare

User Content.

Definition. “User Content” means any content that users upload, post or transmit (collectively, “Post”) to or through the Service including, without limitation, literary works, photographs, audiovisual works, artwork and any other work subject to protection under the laws of the United States or any other jurisdiction, including, but not limited to, patent, trademark, trade secret, and copyright laws.

Screening User Content. GoShare offers users the ability to submit User Content to the Service. GoShare does not pre-screen any User Content, but reserves the right to refuse or delete any User Content in its sole discretion. In addition, GoShare has the right, but not the obligation, in its sole discretion to refuse or delete any User Content that it reasonably considers to violate this EULA or be otherwise illegal or inappropriate. GoShare does not guarantee the accuracy, integrity or quality of any User Content, and under no circumstances will GoShare be liable in any way for any User Content, including liability for any errors or omissions in any User Content or for any loss or damage of any kind incurred as a result of the use of any User Content uploaded, posted, emailed or otherwise transmitted via the Service.

Intellectual Property Rights. YOU RETAIN OWNERSHIP OF ANY RIGHTS YOU MAY HAVE IN YOUR USER CONTENT AND SUBMITTING YOUR USER CONTENT TO THE SERVICE DOES NOT TRANSFER OWNERSHIP OF YOUR RIGHTS.

Waiver of Rights to User Content. By Posting User Content to or through the Service, you waive any rights to prior inspection or approval of any marketing or promotional materials related to such User Content. You also waive any and all rights of privacy, publicity, or any other rights of a similar nature in connection with your User Content. using, selling, offering for sale, importing, and promoting commercial products and services that incorporate or embody Feedback, whether in whole or in part, and whether as provided or as modified.

Dispute Resolution.

Generally. In the interest of resolving disputes between you and GoShare in the most expedient and cost effective manner, you and GoShare agree that any dispute arising out of or in any way related to this EULA or your use of the Service will be resolved by binding arbitration. Arbitration is less formal than a lawsuit in court. Arbitration uses a neutral arbitrator instead of a judge or jury, may allow for more limited discovery than in court, and can be subject to very limited review by courts. Arbitrators can award the same damages and relief that a court can award. This agreement to arbitrate disputes includes all claims arising out of or in any way related to this EULA or your use of the Service, whether based in contract, tort, statute, fraud, misrepresentation, or any other legal theory, and regardless of whether a claim arises during or after the termination of this EULA. YOU UNDERSTAND AND AGREE THAT, BY ENTERING INTO THIS EULA, YOU AND GOSHARE ARE EACH WAIVING THE RIGHT TO A TRIAL BY JURY OR TO PARTICIPATE IN A CLASS ACTION.

Exceptions. Despite the provisions of the Section entitled “Generally” directly above, nothing in this EULA will be deemed to waive, preclude, or otherwise limit the right of either party to: (i) bring an individual action in small claims court; (ii) pursue an enforcement action through the applicable federal, state, or local agency if that action is available; (iii) seek injunctive relief in a court of law; or (iv) to file suit in a court of law to address an intellectual property infringement claim.

Arbitrator. Any arbitration between you and GoShare will be governed by the Federal Arbitration Act, and governed by the Commercial Dispute Resolution Procedures and the Supplementary Procedures for Consumer Related Disputes (collectively, “AAA Rules”) of the American Arbitration Association (“AAA”), as modified

by this EULA, and will be administered by the AAA. The AAA Rules and filing forms are available online at www.adr.org, by calling the AAA at 1-800-778-7879, or by contacting the GoShare. The arbitrator has exclusive authority to resolve any dispute relating to the interpretation, applicability, or enforceability of this binding arbitration agreement.

Notice; Process. A party who intends to seek arbitration must first send a written notice of the dispute to the other party by U.S. Mail or electronic mail (“Notice”). GoShare’s address for Notice is: customerservice@goshare.co. The Notice must: (i) describe the nature and basis of the claim or dispute; and (ii) set forth the specific relief sought (“Demand”). The parties will make good faith efforts to resolve the claim directly, but if the parties do not reach an agreement to do so within 30 days after the Notice is received, you or GoShare may commence an arbitration proceeding. During the arbitration, the amount of any settlement offer made by you or GoShare must not be disclosed to the arbitrator until after the arbitrator makes a final decision and award, if any. If the dispute is finally resolved through arbitration in your favor, GoShare will pay you the highest of the following: (A) the amount awarded by the arbitrator, if any; (B) the last written settlement amount offered by GoShare in settlement of the dispute prior to the arbitrator’s award; or (C) \$15,000.

Fees. If you commence arbitration in accordance with this EULA, GoShare will reimburse you for your payment of the filing fee, unless your claim is for more than \$15,000 or as set forth below, in which case the payment of any fees will be decided by the AAA Rules. Any arbitration hearing will take place at a location to be agreed upon in New York, New York, but if the claim is for \$15,000 or less, you may choose whether the arbitration will be conducted: (i) solely on the basis of documents submitted to the arbitrator; (ii) through a non-appearance based telephone hearing; or (iii) by an in-person hearing as established by the AAA Rules in the county (or parish) of your billing address. If the arbitrator finds that either the substance of your claim or the relief sought in the Demand is frivolous or brought for an improper purpose (as measured by the standards set forth in Federal Rule of Civil Procedure 11(b)), then the payment of all fees will be governed by the AAA Rules. In that case, you agree to reimburse GoShare for all monies previously disbursed by it that are

otherwise your obligation to pay under the AAA Rules. Regardless of the manner in which the arbitration is conducted, the arbitrator must issue a reasoned written decision sufficient to explain the essential findings and conclusions on which the decision and award, if any, are based. The arbitrator may make rulings and resolve disputes as to the payment and reimbursement of fees or expenses at any time during the proceeding and upon request from either party made within 14 days of the arbitrator's ruling on the merits.

No Class Actions. YOU AND GOSHARE AGREE THAT EACH MAY BRING CLAIMS AGAINST THE OTHER ONLY IN YOUR OR ITS INDIVIDUAL CAPACITY AND NOT AS A PLAINTIFF OR CLASS MEMBER IN ANY PURPORTED CLASS OR REPRESENTATIVE PROCEEDING. Further, unless both you and GoShare agree otherwise, the arbitrator may not consolidate more than one person's claims, and may not otherwise preside over any form of a representative or class proceeding.

Modifications to this Arbitration Provision. If GoShare makes any future change to this arbitration provision, other than a change to GoShare's address for Notice, you may reject the change by sending us written notice within 30 days of the change to GoShare's address for Notice, in which case this arbitration provision, as in effect immediately prior to the changes you rejected, will continue to govern any disputes between you and GoShare.

Enforceability. If the Section entitled "No Class Actions" is found to be unenforceable or if the entirety of this Section 10 is found to be unenforceable, then the entirety of this Section 10 will be null and void and, in that case, the parties agree that the exclusive jurisdiction and venue described directly below will govern any action arising out of or related to this EULA or your use of the Service.

Choice of Law; Venue. This EULA will be governed and construed in accordance with the laws of the State of California, excluding its conflicts of law rules. For any lawsuit or court proceeding permitted under this EULA, you and GoShare agree to submit to the personal and exclusive jurisdiction and venue of the courts located in San Diego County, California.

Limitation of Liability and Disclaimer of Warranties.

TO THE FULLEST EXTENT PERMITTED BY LAW, GOSHARE, ITS AFFILIATES, AND THEIR RESPECTIVE OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS (COLLECTIVELY, THE “GOSHARE PARTIES”) MAKE NO WARRANTIES OR REPRESENTATIONS ABOUT THE SERVICE AND ANY CONTENT AVAILABLE ON THE SERVICE, INCLUDING BUT NOT LIMITED, TO THE ACCURACY, RELIABILITY, COMPLETENESS, TIMELINESS OR RELIABILITY THEREOF. THE GOSHARE PARTIES WILL NOT BE SUBJECT TO LIABILITY FOR THE TRUTH, ACCURACY OR COMPLETENESS OF ANY CONTENT OR ANY OTHER INFORMATION CONVEYED TO ANY USER, OR FOR ERRORS, MISTAKES OR OMISSIONS THEREIN, OR FOR ANY DELAYS OR INTERRUPTIONS OF THE DATA, OR INFORMATION STREAM FROM WHATEVER CAUSE. TO THE FULLEST EXTENT PERMITTED BY LAW, AS A USER, YOU AGREE THAT YOU USE THE SERVICE AND ANY CONTENT AT YOUR OWN RISK.

TO THE FULLEST EXTENT PERMITTED BY LAW, THE GOSHARE PARTIES DO NOT WARRANT THAT THE SERVICE WILL OPERATE ERROR FREE, OR THAT THE SERVICE AND ANY CONTENT ARE FREE OF COMPUTER VIRUSES OR SIMILAR CONTAMINATION OR DESTRUCTIVE FEATURES. TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

Definitions

“License” shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

“Licensor” shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

“Legal Entity” shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, “control” means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

“You” (or “Your”) shall mean an individual or Legal Entity exercising permissions granted by this License.

“Source” form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

“Object” form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

“Work” shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

“Derivative Works” shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work

and Derivative Works thereof.

“Contribution” shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, “submitted” means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as “Not a Contribution.”

“Contributor” shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this

License for that Work shall terminate as of the date such litigation is filed.

Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

You must give any other recipients of the Work or Derivative Works a copy of this License; and

You must cause any modified files to carry prominent notices stating that You changed the files; and

You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and

If the Work includes a “NOTICE” text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted

for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an “AS IS” BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims

asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

END OF TERMS AND CONDITIONS

APPENDIX: How to Apply the Apache License to Your Work.

To apply the Apache License to your work, attach the following boilerplate notice, with the fields enclosed by brackets “[]” replaced with your own identifying information. (Don’t include the brackets!) The text should be enclosed in the appropriate comment syntax for the file format. We also recommend that a file or class name and description of purpose be included on the same “printed page” as the copyright notice for easier identification within third-party archives.

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it

was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

This is a great service. We booked online and the request was accepted within minutes. A few hours later our driver picked up our couch at Home Sense with no issues and delivered on time at our home shortly after. Such a great no hassle service and our delivery guy was great!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery!

Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

I have found pieces of furniture at Home Goods in the past but neglected to purchased due to not having the right truck to transport- yesterday I found 2 gorgeous pieces to use in our rental home at the beach & was so happy to see the advertisement right there on top of the tv cabinet I wanted- I signed up while waiting in line & just had both pieces delivery by Henry! Very professional & punctual! Love this service & will ask for

Henry in the future!

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquired about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

Page: GoShare Safe Driving Guidelines for Delivery Professionals

Last Updated: May 27, 2021

GoShare has established these guidelines to promote the safety and well-being of delivery professionals and customers using the GoShare platform.

Careless driving and/or reckless behavior may result in costly damage to vehicles and cargo. Even more critically, accidents may result in serious injury and or death to delivery professionals, customers and others. It is important that all GoShare delivery professionals utilize the following safety procedures when using GoShare.

We expect that all delivery professionals using the GoShare app will be safe and courteous when behind the wheel of a motor vehicle. It is the driver's responsibility to operate their vehicle in a safe and responsible manner. Delivery professionals are required to employ defensive driving techniques and follow all applicable local and federal motor vehicle regulations.

This includes, but is not limited to:

All delivery professionals using the GoShare platform must maintain an excellent driving record, which is verified by GoShare through driving history and background screening checks.

Distracted driving is not permitted while using the GoShare platform. All delivery professionals must utilize a hands-free device or Bluetooth technology when using a mobile phone while driving or pull off the road to a safe area if they do not have a hands-free device or Bluetooth technology. Delivery professionals are not permitted to use headphones while driving.

Delivery professionals are not to be accompanied by any other persons, other than platform employees or other active GoShare delivery professionals while operating the vehicle. Delivery professionals should never allow customers to ride in their vehicles.

Delivery professionals must not drive when under the influence of any drug, alcohol, or controlled substance that could impair your driving ability. Delivery professionals should not attempt to drive when their ability to do so has been impaired by illness, fatigue, injury, or other physical, mental, or medical conditions.

No delivery deadline is worth risking the safety of delivery professionals using the GoShare platform. Do not proceed with scheduled projects when extreme weather conditions make it unsafe to do so.

Severe weather can create a risky situation that increases the likelihood of an accident or damage to a customer's cargo. In these situations, delivery professionals are advised to immediately contact GoShare's customer service team so that we may assist you in canceling the project or rescheduling for a safer time.

Delivery professionals should never load their vehicles beyond the manufacturer's recommended payload. Do not load cargo in such a way that obscures the driver's field of vision through the front windshield or side windows to the left and right of the vehicle's operator seat.

Delivery professionals are responsible for ensuring all cargo should be securely tied down. Cargo that has not been properly secured may be damaged by moving inside a covered vehicle or falling off a pickup truck. This may cause damage, injury, or death if the cargo strikes another vehicle or pedestrian. In addition, the fallen cargo becomes dangerous debris in the roadway, increasing the likelihood of accident and injury for other motorists.

Unsecured cargo may also cause unsafe driving conditions, even if it does not become detached from the vehicle. Cargo that is not secured may shift while the vehicle is in motion, causing changes to the vehicle weight distribution. An unbalanced vehicle is more difficult to drive and, in extreme cases of unbalanced weight distribution, has a higher likelihood of tipping.

All vehicles must be previously inspected and approved by GoShare. All vehicles must have a valid registration and valid insurance on file with GoShare. Delivery professionals are only permitted to use approved vehicles when conducting projects through the GoShare platform.

Delivery professionals are required to maintain their vehicles in a safe condition so they do not pose a hazard to the public. Vehicles must be able to pass a standard 21-point safety inspection at all times.

In the event of a vehicle accident, all attempts should be made to limit further damage or injuries. This includes calling for medical aid (if necessary) and reporting the accident to the proper local authorities and to GoShare.

Even when damage is limited, vehicle accidents can create highly charged and stressful situations. Despite this, delivery professionals should remain calm and professional. It is never appropriate to engage in arguments or use aggressive language or violence directed at others when present at the scene of the accident. Once the safety and well-being of all involved have been secured, report the accident to GoShare. Accident reports to GoShare must be made using this link <https://goshare.co/accident-report>. If the accident was caused by a failure to abide by local traffic regulations, including excessive speed, it may result in removal from the GoShare platform. Failure to report an accident or traffic incident may also result in removal from the GoShare platform.

This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery!

Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquired about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

Independent Contractor Agreement for Delivery Professionals to Engage GoShare For Its Services

Last Revised: 8/20/2024

This Agreement for independent contractors, also known as Delivery Professionals to Engage GoShare For Its Services (this “Agreement”) constitutes a binding contract between you (“you”, “Delivery Professional”, “Contractor”) and GoShare, Inc. (“GoShare”, “us”, or “we”) governing your use of the Service for marketing, sales, and other services for delivery service entrepreneurs. Delivery Professional hereby agrees: (a) to engage GoShare to provide the GoShare Services; (b) to comply with this Agreement; and (c) that Delivery Professional has read, understands, and agreed to (i) the GoShare End User License Agreement and Terms of Service located at www.goshare.co/terms-of-service (“EULA”), and (ii) the GoShare Privacy Policy located at www.goshare.co/privacy-policy (“Privacy Policy”), each of which are incorporated into this Agreement by reference. To the extent there is a conflict between this Agreement and the Privacy Policy or EULA, this Agreement will govern with respect to such conflict.

Capitalized terms used but not defined in this Agreement have the meaning specified in the EULA. The parties hereby agree as follows:

1. GoShare Services. GoShare will make commercially reasonable efforts to provide the following services to you (the “GoShare Services”):
 - a. Site Listing. GoShare may list your services via the GoShare Service, which may include your biography and other information provided by you and approved by GoShare. GoShare will share your first name and phone number with Customers.
 - b. Engagement Service. GoShare will provide a Web and mobile based engagement system via the Service, through which Customers that use the Service can engage you to perform a Project. You may accept, reject, or ignore any available Project within the days, times, and locations for which you have indicated you have availability to complete Projects (“Availability”) at your sole discretion.

c. Record Keeping Service. For payment processing and administrative purposes, GoShare will maintain general records of Projects performed by you for Customers.

d. Administrative, Management, and Technology Services. GoShare will provide miscellaneous administrative and management services to facilitate your business, including the technology and operations necessary to communicate with you and your Customers.

e. Billing Service. GoShare will provide an online billing and payment system for you to bill your Customers. GoShare uses Ratable, Inc. ("Ratable") to process payments from a Customer to a Delivery Professional. Ratable receives personally identifiable information from the Customer about the Delivery Professionals that they pay. Ratable also receives personally identifiable information directly from the Delivery Professional and the Delivery Professional's financial institution. By using the GoShare Service, you, the Delivery Professional, direct and authorize us to transfer your personal and financial information to Ratable. You direct and authorize Ratable to transfer your personal and financial information to the relevant financial institution. Your personal and financial information will be transferred, stored, and processed by GoShare in accordance with the GoShare Privacy Policy, and by Ratable in accordance with the Ratable Privacy Policy. You agree that the Ratable's Terms of Service apply to your use of the Ratable payment processing services.

f. Customer Service. GoShare will provide operators to field your Customers' complaints, communicate with you, and refund requests as appropriate.

g. Active Delivery Professional. An Active GoShare Delivery Professional is an independent contractor who is authorized to receive Projects through the GoShare Service. GoShare reserves the right to deactivate your account for violating the terms of this agreement including our Delivery Pro Dealbreakers or our Anti-Sexual Harassment and Anti-Discrimination Policy

2. Exclusions from the Service. The Service only relates to the GoShare Services described above. The Service does not include anything related to picking-up or delivering objects. You are solely responsible for all of your own tools, equipment, training, licensing, materials or requirements related to picking up and delivering cargo

in connection with Projects. GoShare is not, and will not be, responsible for any liability arising out of the pick-up or delivery services you provide, including, but not limited to, injuries to Customers or traffic accidents occurring during a Project. GoShare will also not have any input into your work schedule, time off, or other control over your performance of your work. The Service is not available to any person previously removed from The Service by GoShare.

3. Your Responsibilities. You will supply GoShare with a copy of your current driver's license, other applicable licenses, and any relevant professional certifications. If you elect to use a Car (as defined below) to perform Projects, we may also ask you to provide additional information. You may be required to provide other information we need in order to verify your identity or capacity as an independent delivery professional with your own business. You represent that all information you provide is accurate and complies with relevant law, and, during the term of this Agreement, will immediately notify GoShare of any change in contact, certification, licensing, or insurance information. You assume complete responsibility for all services provided to each Customer and for compliance with all laws, regulations, hours of service, and standards pertaining to your services. You represent that you are (a) free to enter into this Agreement and perform each of its terms, (b) not restricted (contractually or otherwise) from entering into and performing this Agreement, and (c) not subject to, and will immediately notify GoShare of, any suit, action, claim, arbitration, or legal, administrative, or other proceeding, or government or professional investigation, pending or threatened or affecting your ability to perform services under this Agreement.

a. As an independent delivery professional working with GoShare, you acknowledge and agree to maintain your vehicle to ensure the safe transportation of cargo and the timely completion of deliveries. This includes regular inspections, adherence to recommended maintenance schedules, and the implementation of necessary repairs or upgrades to maintain the optimal working condition of your vehicle. You further understand that any negligence or failure to properly maintain your vehicle may result in potential damage to the cargo or delays in the delivery process. By committing to these obligations, you demonstrate your dedication to providing exceptional service and upholding the high standards of GoShare's customer-centric approach to last

mile delivery.

4. Projects; Payment

a. **Projects.** If a Project becomes available in your Availability, you may be notified of the opportunity via the Service. If you accept a Project, and your acceptance is confirmed by GoShare, you will notify GoShare, through the functionality provided via the Service, when you arrive at the Project, when you start the Project and when the Project is completed to enable GoShare to perform the GoShare Services, including payment processing. The Project will begin when Delivery Professional begins loading cargo and the Project will end once Delivery Professional has safely unloaded all cargo and confirmed the GoShare Fee is correct through the functionality provided via the Service. GoShare is not responsible for any actions performed by Delivery Professional that occur after the Project is complete. All Delivery Professionals within the applicable zone of service may get the opportunity to accept the Project. The first Delivery Professional to respond with acceptance of the available Project and to have that response confirmed by GoShare will be confirmed as the provider of that Project.

b. **Payment.** The Projects that you will be notified of via the Service are those for Customers who have agreed to accept the fees calculated by the Service based on the specific Project details submitted by the applicable Customer (the “Base Fee”). You may receive reimbursed fees or gratuities from Customers. You are responsible for any expenses incurred in the normal course of completing your Project, not including any road tolls that are incurred from the pickup address to the drop off address which you may submit to GoShare to be reimbursed for. On a weekly basis, GoShare will transfer to you, through the payment account you specify via the Service, the Base Fee for all eligible Projects completed during the prior week, less the charge for your use of the Service, which will be set forth on the Service (the “GoShare Fee”).

c. **Expenses.** Except as otherwise specifically provided herein, you and GoShare will each bear your own expenses relating to this Agreement and performance under this Agreement.

d. **Claims.** If a claim is filed against you with GoShare’s insurance provider or GoShare is otherwise required to pay for damages caused by you, in GoShare’s sole discretion, GoShare may charge you any or all of the

deductible or other out-of-pocket expenses GoShare is required to pay as a result of that claim.

e. Cancellations. If a Delivery Professional cancels 2 or more projects they have accepted or does not show up to complete 1 or more projects as scheduled, GoShare may at its discretion impose penalties and fines that include: (a) temporary suspension of your GoShare account; (b) monetary fines not to exceed \$30 per cancellation and \$50 per no show occurrence; (c) permanent deactivation of your GoShare account. Monetary fines will be due the same day of the cancellation. GoShare is authorized to collect these fines by charging the credit card on file or deducting from future payments for Services provided to GoShare customers. Learn more about our driver cancellation policy.

f. Nonpayment/Disputes. If a customer disputes the Project being complete, disputes the cost of service as reported by you or any other fees that a Delivery Professional has submitted to GoShare, the payment to you may be temporarily withheld pending the outcome of an investigation by GoShare to determine if the fees are appropriate. If GoShare determines that the fees are accurate GoShare will attempt to collect any fees owed by the customer. In the event that a customer refuses to pay the Fees, GoShare will pay the Delivery Professional(s) the amount owed up to \$500 per professional, per project. These payments may be issued through our automatic direct deposit, or manually, through PayPal or a paper check. In order to receive a payment in this scenario, the following conditions must be met. (1) Delivery Professional must provide valid proof of delivery, including a signed bill of lading or an image of the delivered item at the drop off location after the project is complete. An image of the item in the vehicle is not acceptable. (2) There can be no pending damage claims or damage claims settled in the customer's favor on the Project. If a damage claim is settled in the Delivery Professionals favor, you are eligible for payment. (3) No fraudulent manipulation of the final price, including running the clock to increase overtime pay or adding unnecessary fees. (4) No platform rules were violated during the Project, including our zero-tolerance harassment policy or accepting off-platform payments for GoShare projects. (5) Project must have been booked on or after March 1, 2021. We are unable to provide payment protection retroactively for past projects. (6) This policy does not apply to tips or Projects that are canceled or not completed. Delivery Pros may be eligible for cancellation fees in the

event of a canceled project.

5. Representations and Warranties; Indemnity. You represent, warrant, and covenant to GoShare that: (a) you are at least 18 years of age; (b) you possess a valid driver's license and are authorized to operate a motor vehicle; (c) you own, or have the legal right to operate, the motor vehicle(s) or bicycle(s) you intend to use or do actually use for Projects (each, a "Car"), and maintain all legally mandated registrations and insurances for such vehicle; (d) in the event of any claim or accident, you will be solely responsible for reporting that accident in compliance with applicable law and your insurance policy; (e) you are solely responsible for any and all liability that results from or is alleged as a result of the operation of the Car you use during a Project, including, but not limited to personal injuries, death, and property damage; (f) if you lift or otherwise move any Item, you do so at your own risk and GoShare has no liability for any claim, loss, or damage related thereto; (g) you will not make any representations regarding GoShare or the Service; (h) you will not, under any circumstances transport any items that would violate local or federal laws (i) you will not discriminate or harass anyone on the basis of race, national origin, religion, gender, gender identity, physical or mental disability, medical condition, marital status, age or sexual orientation in violation of any applicable law, rule or regulation. You will indemnify GoShare from and against any damages resulting from your performance of Projects, including any personal injury, property damage, or death.

6. Your Business. You affirm, under penalty of perjury, that you operate a licensed pick-up and delivery business and had clients for whom you performed pick-up and delivery prior to entering into this Agreement.

7. Confidential Information. Contractor acknowledges that it will receive certain technical, business, and economic information which GoShare deems proprietary and confidential, including any and all information or data, whether in oral, audio, visual, written or other form, communicated to Contractor which is either identified as confidential or which by its nature is generally considered proprietary and confidential, regardless of whether such information is specifically labeled as such (collectively, "Confidential Information"). Confidential Information includes, without limitation: (i) information and data concerning GoShare's business; (ii) financial information that has not been disclosed publicly by GoShare; (iii) customer names, addresses,

and contact persons; (iv) rates, rating methods, and billing practices; (v) vendors names, addresses, and contact persons; (vi) marketing and financial plans; (vii) the names, addresses, and information pertaining to GoShare employees or other contractors; and (viii) methods, formulae, systems, data, processes, designs, technology, tables, calculations, letters, agreements, documents, and know-how.

a. Contractor agrees that it shall maintain the confidentiality of all Confidential Information it receives or otherwise obtains and that it shall not disclose such information or transmit any documents or copies containing such information to any other party, except as permitted under the terms of this Agreement. Contractor shall use at least that standard of care with respect to protecting the Confidential Information that it accords its own proprietary and confidential information, but not less than a reasonable degree of care.

b. Contractor further agrees that at no time shall it use or knowingly permit any other person or entity to examine, use, derive any benefit from, or otherwise exploit the Confidential Information without GoShare's prior written consent or as permitted under the terms of this Agreement. Contractor shall not disclose any Confidential Information to anyone other than Contractor's employees, agents, and representatives authorized by GoShare: (i) who have a reasonable need-to-know such Confidential Information in connection with the business relationship or transaction to which this Agreement relates, (ii) who have been advised of the confidential nature of the information, and (iii) who have agreed to be bound by the terms of this Agreement. Contractor shall be responsible for any breach of this Agreement by its employees, agents, and representatives.

c. The duty of non-disclosure shall not apply to information when: (i) such information was in the public domain at the time it was communicated to Contractor or subsequently enters the public domain through no fault of Contractor; (ii) Contractor can prove such information was independently developed by Contractor or was already known to Contractor at the time of receipt; (iii) such information was communicated rightfully to Contractor free of any obligation of nondisclosure and without restriction as to use; or (iv) such information is required to be disclosed by Contractor pursuant to judicial order or other compulsion of law, provided that Contractor shall provide to GoShare prompt notice of any such order and comply with any protective or similar order imposed on such disclosure. In the event of unauthorized disclosure of Confidential Information

by Contractor, Contractor shall bear the burden of proof of demonstrating that the information falls under one of the above-described exceptions.

d. The purpose of this Agreement and its confidentiality and non-disclosure obligations is to protect GoShare from harm through misappropriation of its trade secrets, proprietary information, and materials, and other forms of unfair competition. Nothing in this agreement prohibits Contractor from reporting an event that Contractor reasonably and in good faith believes is a violation of law to the relevant law-enforcement agency, or from cooperating in an investigation conducted by such a government agency. This may include disclosure of trade secret or confidential information within the limitations permitted by the Defend Trade Secrets Act (DTSA). Contractor is notified that under the DTSA, no individual will be held criminally or civilly liable under Federal or State trade secret law for disclosure of a trade secret (as defined in the Economic Espionage Act) that is: (A) made in confidence to a Federal, State, or local government official, either directly or indirectly, or to an attorney, and made solely for the purpose of reporting or investigating a suspected violation of law; or, (B) made in a complaint or other document filed in a lawsuit or other proceeding (including arbitration), if such filing is made under seal so that it is not made public. Further, an individual who pursues a claim for retaliation for reporting a suspected violation of the law may disclose the trade secret to the attorney of the individual and use the trade secret information in the proceeding, if the individual files any document containing the trade secret under seal, and does not disclose the trade secret, except as permitted by order of a court of competent jurisdiction or an arbitrator presiding in a dispute between Contractor and GoShare.

e. Unless specified below or otherwise agreed in writing by GoShare, Contractor shall use the Confidential Information solely in connection with its performance of Services contemplated by this Agreement and for no other purpose(s).

f. All Confidential Information shall remain the exclusive property of GoShare, and nothing in this Agreement shall be deemed to grant Contractor any rights in or to the Confidential Information, or any part thereof.

g. Contractor shall not make copies of any Confidential Information, except as may be strictly necessary to carry out the purposes stated herein. Contractor agrees that any copies made shall bear a clear stamp or legend

indicating their confidential nature. Contractor agrees not to remove, overprint, or deface any notice of copyright, trademark, logo, or other notices of ownership from any originals or copies of Confidential Information.

h. Upon completion of the purposes stated above, termination of the contractor relation with GoShare, or upon GoShare's earlier request, Contractor shall promptly return all materials incorporating Confidential Information and all copies of the same, and shall cause any third parties to whom disclosure was made to do the same, except any third parties expressly authorized to possess such materials.

i. Nothing in this Agreement shall be deemed to permit access by Contractor's affiliates to Confidential Information provided pursuant to the terms of this Agreement without GoShare's prior written consent. An "affiliate" is any entity which controls, is controlled by, or is under common control with Contractor. For purposes of this definition, an entity shall be deemed to control another entity if it owns or controls, directly or indirectly, more than fifty percent (50%) of the voting equity or assets of the other entity (or other comparable ownership interest for any entity other than a corporation).

j. In providing Confidential Information hereunder, GoShare makes no representation, express or implied, as to its adequacy, sufficiency, or freedom from defect of any kind, including freedom from any patent infringement that may result from the use of such Confidential Information provided hereunder.

k. In the event of Contractor's breach of this Confidentiality and Non-Disclosure Provision, GoShare shall have the right to: (a) demand the immediate return of all Confidential Information; (b) recover its actual damages incurred by reason of such breach, including, without limitation, its attorneys' fees and costs of suit; (c) obtain injunctive relief to prevent such breach or to otherwise enforce the terms of this Agreement (as more specifically described in the Arbitration Provision, as addressed below); and (d) pursue any other remedy available at law or in equity.

8. Nature of Relationship. Neither this Agreement, GoShare's provision of the Services and performance of the GoShare Services, nor your performance of Projects will create an association, partnership, joint venture, or relationship of principal and agent, master and servant, or employer and employee, between you and GoShare.

You will be solely responsible for all tax withholding or payment in connection with the fees paid to you by GoShare. The relationship between GoShare and the Delivery Professional is that of an independent contractor and Delivery Professional agrees that it has not and will not hold itself out as, nor will Delivery Professional or Delivery Professional's contractors, partners, affiliates, employees (collectively, "Delivery Professional Personnel") be deemed to be, an agent or an employee of GoShare. Delivery Professional and Delivery Professional's Personnel shall be free from the direction and control of GoShare. Delivery Professional assumes full responsibility for the acts and omissions of Delivery Professional and Delivery Professional's Personnel. Consistent with the nature of the Services: a) Delivery Professional may set their own hours and location of work; and b) Delivery Professional shall provide their own tools, vehicles and equipment to perform delivery services, not including any proprietary materials in connection with the Service.

10. Termination and Term. Either party may terminate this Agreement by giving the other party notice. Notwithstanding the foregoing, Sections 5 – 13 and any liabilities or payment obligations that have accrued prior to termination will survive termination. This agreement will become effective on the first date that Delivery Professional uses the GoShare Services (the "Effective Date") and will continue for thirty (30) days following the Effective Date (the "Initial Term"). Following the Initial term, unless either or both parties elect, in their respective discretion, to terminate this Agreement by written notice to the other party, it will continue

on a month-to-month basis until terminated with or without cause, by either party.

11. Changes. Except for changes in the calculation of Base Fees and GoShare Fees (which GoShare may, in its sole discretion, amend from time to time), changes to this Agreement will be binding upon a party who confirms that change in writing, including via electronic mail, if that writing specifically refers to this Agreement.

12. Dispute Resolution. All disputes under this Agreement must be resolved in accordance with the dispute resolution provisions set forth in the EULA. In the interest of resolving disputes between you and the GoShare in the most expedient and cost effective manner, you and GoShare agree that any dispute arising out of or in any way related to this EULA or your use of the Service will be resolved by binding arbitration.

You acknowledge that no statements, representations, warranties, or covenants have been made to you or upon which you have relied that are not set forth in this Agreement, Privacy Policy, or EULA.

c. Amendment; Waiver. Except as expressly provided in this Agreement, this Agreement may be amended

only by a written agreement signed by both parties. A provision of this Agreement may be waived only by a written instrument executed by the party entitled to the provision's benefit. GoShare's failure or delay in the exercise of any power or right under this Agreement will operate as a waiver thereof. No single or partial exercise of any right or power under this Agreement will operate as a waiver of any right or power. GoShare's waiver of a breach of any provision of this Agreement will not operate or be construed as a waiver of any other or subsequent breach of this Agreement.

d. Severability. Except as expressly provided in this Agreement, if any provision of this Agreement is deemed unlawful, void, or for any reason unenforceable, then that provision will be severable from the remainder of this Agreement and will not affect the validity and enforceability of any remaining provisions.

e. Assignment. You may not assign this Agreement or any of the rights or licenses granted hereunder, directly or indirectly, including by sale, merger, change of control, operation of law, or otherwise, without GoShare's prior written consent. You agree that the Ratable's Terms of Service apply to your use of the Ratable payment processing services.

f. Customer Service. GoShare will provide operators to field your Customers' complaints, communicate with you, and refund requests as appropriate.

g. Active Delivery Professional. An Active GoShare Delivery Professional is an independent contractor who is authorized to receive Projects through the GoShare Service. GoShare reserves the right to deactivate your account for violating the terms of this agreement including our Delivery Pro Dealbreakers or our Anti-Sexual Harassment and Anti-Discrimination Policy

2. Exclusions from the Service. The Service only relates to the GoShare Services described above. The Service does not include anything related to picking-up or delivering objects. You are solely responsible for all of your own tools, equipment, training, licensing, materials or requirements related to picking up and delivering cargo in connection with Projects. GoShare is not, and will not be, responsible for any liability arising out of the pick-up or delivery services you provide, including, but not limited to, injuries to Customers or traffic accidents occurring during a Project. GoShare will also not have any input into your work schedule, time off, or other control over your performance of your work. The Service is not available to any person previously removed from The Service by GoShare.

3. Your Responsibilities. You will supply GoShare with a copy of your current driver's license, other applicable licenses, and any relevant professional certifications. If you elect to use a Car (as defined below) to perform Projects, we may also ask you to provide additional information. You may be required to provide other information we need in order to verify your identity or capacity as an independent delivery professional with your own business. You represent that all information you provide is accurate and complies with relevant law, and, during the term of this Agreement, will immediately notify GoShare of any change in contact,

certification, licensing, or insurance information. You assume complete responsibility for all services provided to each Customer and for compliance with all laws, regulations, hours of service, and standards pertaining to your services. You represent that you are (a) free to enter into this Agreement and perform each of its terms, (b) not restricted (contractually or otherwise) from entering into and performing this Agreement, and (c) not subject to, and will immediately notify GoShare of, any suit, action, claim, arbitration, or legal, administrative, or other proceeding, or government or professional investigation, pending or threatened or affecting your ability to perform services under this Agreement.

a. As an independent delivery professional working with GoShare, you acknowledge and agree to maintain your vehicle to ensure the safe transportation of cargo and the timely completion of deliveries. This includes regular inspections, adherence to recommended maintenance schedules, and the implementation of necessary repairs or upgrades to maintain the optimal working condition of your vehicle. You further understand that any negligence or failure to properly maintain your vehicle may result in potential damage to the cargo or delays in the delivery process. By committing to these obligations, you demonstrate your dedication to providing exceptional service and upholding the high standards of GoShare's customer-centric approach to last mile delivery.

4. Projects; Payment

a. Projects. If a Project becomes available in your Availability, you may be notified of the opportunity via the Service. If you accept a Project, and your acceptance is confirmed by GoShare, you will notify GoShare, through the functionality provided via the Service, when you arrive at the Project, when you start the Project and when the Project is completed to enable GoShare to perform the GoShare Services, including payment processing. The Project will begin when Delivery Professional begins loading cargo and the Project will end once Delivery Professional has safely unloaded all cargo and confirmed the GoShare Fee is correct through the functionality provided via the Service. GoShare is not responsible for any actions performed by Delivery Professional that occur after the Project is complete. All Delivery Professionals within the applicable zone of service may get the opportunity to accept the Project. The first Delivery Professional to respond with

acceptance of the available Project and to have that response confirmed by GoShare will be confirmed as the provider of that Project.

b. Payment. The Projects that you will be notified of via the Service are those for Customers who have agreed to accept the fees calculated by the Service based on the specific Project details submitted by the applicable Customer (the “Base Fee”). You may receive reimbursed fees or gratuities from Customers. You are responsible for any expenses incurred in the normal course of completing your Project, not including any road tolls that are incurred from the pickup address to the drop off address which you may submit to GoShare to be reimbursed for. On a weekly basis, GoShare will transfer to you, through the payment account you specify via the Service, the Base Fee for all eligible Projects completed during the prior week, less the charge for your use of the Service, which will be set forth on the Service (the “GoShare Fee”).

c. Expenses. Except as otherwise specifically provided herein, you and GoShare will each bear your own expenses relating to this Agreement and performance under this Agreement.

d. Claims. If a claim is filed against you with GoShare’s insurance provider or GoShare is otherwise required to pay for damages caused by you, in GoShare’s sole discretion, GoShare may charge you any or all of the deductible or other out-of-pocket expenses GoShare is required to pay as a result of that claim.

e. Cancellations. If a Delivery Professional cancels 2 or more projects they have accepted or does not show up to complete 1 or more projects as scheduled, GoShare may at its discretion impose penalties and fines that include: (a) temporary suspension of your GoShare account; (b) monetary fines not to exceed \$30 per cancellation and \$50 per no show occurrence; (c) permanent deactivation of your GoShare account. Monetary fines will be due the same day of the cancellation. GoShare is authorized to collect these fines by charging the credit card on file or deducting from future payments for Services provided to GoShare customers. Learn more about our driver cancellation policy.

f. Nonpayment/Disputes. If a customer disputes the Project being complete, disputes the cost of service as reported by you or any other fees that a Delivery Professional has submitted to GoShare, the payment to you may be temporarily withheld pending the outcome of an investigation by GoShare to determine if the fees are

appropriate. If GoShare determines that the fees are accurate GoShare will attempt to collect any fees owed by the customer. In the event that a customer refuses to pay the Fees, GoShare will pay the Delivery Professional(s) the amount owed up to \$500 per professional, per project. These payments may be issued through our automatic direct deposit, or manually, through PayPal or a paper check. In order to receive a payment in this scenario, the following conditions must be met. (1) Delivery Professional must provide valid proof of delivery, including a signed bill of lading or an image of the delivered item at the drop off location after the project is complete. An image of the item in the vehicle is not acceptable. (2) There can be no pending damage claims or damage claims settled in the customer's favor on the Project. If a damage claim is settled in the Delivery Professionals favor, you are eligible for payment. (3) No fraudulent manipulation of the final price, including running the clock to increase overtime pay or adding unnecessary fees. (4) No platform rules were violated during the Project, including our zero-tolerance harassment policy or accepting off-platform payments for GoShare projects. (5) Project must have been booked on or after March 1, 2021. We are unable to provide payment protection retroactively for past projects. (6) This policy does not apply to tips or Projects that are canceled or not completed. Delivery Pros may be eligible for cancellation fees in the event of a canceled project.

5. Representations and Warranties; Indemnity. You represent, warrant, and covenant to GoShare that: (a) you are at least 18 years of age; (b) you possess a valid driver's license and are authorized to operate a motor vehicle; (c) you own, or have the legal right to operate, the motor vehicle(s) or bicycle(s) you intend to use or do actually use for Projects (each, a "Car"), and maintain all legally mandated registrations and insurances for such vehicle; (d) in the event of any claim or accident, you will be solely responsible for reporting that accident in compliance with applicable law and your insurance policy; (e) you are solely responsible for any and all liability that results from or is alleged as a result of the operation of the Car you use during a Project, including, but not limited to personal injuries, death, and property damage; (f) if you lift or otherwise move any Item, you do so at your own risk and GoShare has no liability for any claim, loss, or damage related thereto; (g) you will not make any representations regarding GoShare or the Service; (h) you will not, under

any circumstances transport any items that would violate local or federal laws (i) you will not discriminate or harass anyone on the basis of race, national origin, religion, gender, gender identity, physical or mental disability, medical condition, marital status, age or sexual orientation in violation of any applicable law, rule or regulation. You will indemnify GoShare from and against any damages resulting from your performance of Projects, including any personal injury, property damage, or death.

6. Your Business. You affirm, under penalty of perjury, that you operate a licensed pick-up and delivery business and had clients for whom you performed pick-up and delivery prior to entering into this Agreement.

7. Confidential Information. Contractor acknowledges that it will receive certain technical, business, and economic information which GoShare deems proprietary and confidential, including any and all information or data, whether in oral, audio, visual, written or other form, communicated to Contractor which is either identified as confidential or which by its nature is generally considered proprietary and confidential, regardless of whether such information is specifically labeled as such (collectively, "Confidential Information"). Confidential Information includes, without limitation: (i) information and data concerning GoShare's business; (ii) financial information that has not been disclosed publicly by GoShare; (iii) customer names, addresses, and contact persons; (iv) rates, rating methods, and billing practices; (v) vendors names, addresses, and contact persons; (vi) marketing and financial plans; (vii) the names, addresses, and information pertaining to GoShare employees or other contractors; and (viii) methods, formulae, systems, data, processes, designs, technology, tables, calculations, letters, agreements, documents, and know-how.

a. Contractor agrees that it shall maintain the confidentiality of all Confidential Information it receives or otherwise obtains and that it shall not disclose such information or transmit any documents or copies containing such information to any other party, except as permitted under the terms of this Agreement. Contractor shall use at least that standard of care with respect to protecting the Confidential Information that it accords its own proprietary and confidential information, but not less than a reasonable degree of care.

b. Contractor further agrees that at no time shall it use or knowingly permit any other person or entity to examine, use, derive any benefit from, or otherwise exploit the Confidential Information without GoShare's

prior written consent or as permitted under the terms of this Agreement. Contractor shall not disclose any Confidential Information to anyone other than Contractor's employees, agents, and representatives authorized by GoShare: (i) who have a reasonable need-to-know such Confidential Information in connection with the business relationship or transaction to which this Agreement relates, (ii) who have been advised of the confidential nature of the information, and (iii) who have agreed to be bound by the terms of this Agreement. Contractor shall be responsible for any breach of this Agreement by its employees, agents, and representatives.

c. The duty of non-disclosure shall not apply to information when: (i) such information was in the public domain at the time it was communicated to Contractor or subsequently enters the public domain through no fault of Contractor; (ii) Contractor can prove such information was independently developed by Contractor or was already known to Contractor at the time of receipt; (iii) such information was communicated rightfully to Contractor free of any obligation of nondisclosure and without restriction as to use; or (iv) such information is required to be disclosed by Contractor pursuant to judicial order or other compulsion of law, provided that Contractor shall provide to GoShare prompt notice of any such order and comply with any protective or similar order imposed on such disclosure. In the event of unauthorized disclosure of Confidential Information by Contractor, Contractor shall bear the burden of proof of demonstrating that the information falls under one of the above-described exceptions.

d. The purpose of this Agreement and its confidentiality and non-disclosure obligations is to protect GoShare from harm through misappropriation of its trade secrets, proprietary information, and materials, and other forms of unfair competition. Nothing in this agreement prohibits Contractor from reporting an event that Contractor reasonably and in good faith believes is a violation of law to the relevant law-enforcement agency, or from cooperating in an investigation conducted by such a government agency. This may include disclosure of trade secret or confidential information within the limitations permitted by the Defend Trade Secrets Act (DTSA). Contractor is notified that under the DTSA, no individual will be held criminally or civilly liable under Federal or State trade secret law for disclosure of a trade secret (as defined in the Economic Espionage Act) that is: (A) made in confidence to a Federal, State, or local government official, either directly or

indirectly, or to an attorney, and made solely for the purpose of reporting or investigating a suspected violation of law; or, (B) made in a complaint or other document filed in a lawsuit or other proceeding (including arbitration), if such filing is made under seal so that it is not made public. Further, an individual who pursues a claim for retaliation for reporting a suspected violation of the law may disclose the trade secret to the attorney of the individual and use the trade secret information in the proceeding, if the individual files any document containing the trade secret under seal, and does not disclose the trade secret, except as permitted by order of a court of competent jurisdiction or an arbitrator presiding in a dispute between Contractor and GoShare.

e. Unless specified below or otherwise agreed in writing by GoShare, Contractor shall use the Confidential Information solely in connection with its performance of Services contemplated by this Agreement and for no other purpose(s).

f. All Confidential Information shall remain the exclusive property of GoShare, and nothing in this Agreement shall be deemed to grant Contractor any rights in or to the Confidential Information, or any part thereof.

g. Contractor shall not make copies of any Confidential Information, except as may be strictly necessary to carry out the purposes stated herein. Contractor agrees that any copies made shall bear a clear stamp or legend indicating their confidential nature. Contractor agrees not to remove, overprint, or deface any notice of copyright, trademark, logo, or other notices of ownership from any originals or copies of Confidential Information.

h. Upon completion of the purposes stated above, termination of the contractor relation with GoShare, or upon GoShare's earlier request, Contractor shall promptly return all materials incorporating Confidential Information and all copies of the same, and shall cause any third parties to whom disclosure was made to do the same, except any third parties expressly authorized to possess such materials.

i. Nothing in this Agreement shall be deemed to permit access by Contractor's affiliates to Confidential Information provided pursuant to the terms of this Agreement without GoShare's prior written consent. An "affiliate" is any entity which controls, is controlled by, or is under common control with Contractor. For purposes of this definition, an entity shall be deemed to control another entity if it owns or controls, directly or

indirectly, more than fifty percent (50%) of the voting equity or assets of the other entity (or other comparable ownership interest for any entity other than a corporation).

j. In providing Confidential Information hereunder, GoShare makes no representation, express or implied, as to its adequacy, sufficiency, or freedom from defect of any kind, including freedom from any patent infringement that may result from the use of such Confidential Information provided hereunder.

k. In the event of Contractor's breach of this Confidentiality and Non-Disclosure Provision, GoShare shall have the right to: (a) demand the immediate return of all Confidential Information; (b) recover its actual damages incurred by reason of such breach, including, without limitation, its attorneys' fees and costs of suit; (c) obtain injunctive relief to prevent such breach or to otherwise enforce the terms of this Agreement (as more specifically described in the Arbitration Provision, as addressed below); and (d) pursue any other remedy available at law or in equity.

8. Nature of Relationship. Neither this Agreement, GoShare's provision of the Services and performance of the GoShare Services, nor your performance of Projects will create an association, partnership, joint venture, or relationship of principal and agent, master and servant, or employer and employee, between you and GoShare. You will be solely responsible for all tax withholding or payment in connection with the fees paid to you by GoShare. The relationship between GoShare and the Delivery Professional is that of an independent contractor and Delivery Professional agrees that it has not and will not hold itself out as, nor will Delivery Professional or Delivery Professional's contractors, partners, affiliates, employees (collectively, "Delivery Professional Personnel") be deemed to be, an agent or an employee of GoShare. Delivery Professional and Delivery Professional's Personnel shall be free from the direction and control of GoShare. Delivery Professional assumes full responsibility for the acts and omissions of Delivery Professional and Delivery Professional's Personnel. 10. Termination and Term. Either party may terminate this Agreement by giving the other party notice. Notwithstanding the foregoing, Sections 5 – 13 and any liabilities or payment obligations that have accrued prior to termination will survive termination. This agreement will become effective on the first date that Delivery Professional uses the GoShare Services (the "Effective Date") and will continue for thirty (30) days following the Effective Date (the "Initial Term"). Following the Initial term, unless either or both parties elect, in their respective discretion, to terminate this Agreement by written notice to the other party, it will continue on a month-to-month basis until terminated with or without cause, by either party.

11. Changes. Except for changes in the calculation of Base Fees and GoShare Fees (which GoShare may, in its sole discretion, amend from time to time), changes to this Agreement will be binding upon a party who confirms that change in writing, including via electronic mail, if that writing specifically refers to this Agreement.

12. Dispute Resolution. All disputes under this Agreement must be resolved in accordance with the dispute resolution provisions set forth in the EULA. In the interest of resolving disputes between you and the GoShare in the most expedient and cost effective manner, you and GoShare agree that any dispute arising out of or in any way related to this EULA or your use of the Service will be resolved by binding arbitration.

You acknowledge that no statements, representations, warranties, or covenants have been made to you or upon which you have relied that are not set forth in this Agreement, Privacy Policy, or EULA.

c. Amendment; Waiver. Except as expressly provided in this Agreement, this Agreement may be amended only by a written agreement signed by both parties. A provision of this Agreement may be waived only by a written instrument executed by the party entitled to the provision's benefit. GoShare's failure or delay in the exercise of any power or right under this Agreement will operate as a waiver thereof. No single or partial exercise of any right or power under this Agreement will operate as a waiver of any right or power. GoShare's waiver of a breach of any provision of this Agreement will not operate or be construed as a waiver of any other or subsequent breach of this Agreement.

d. Severability. Except as expressly provided in this Agreement, if any provision of this Agreement is deemed unlawful, void, or for any reason unenforceable, then that provision will be severable from the remainder of this Agreement and will not affect the validity and enforceability of any remaining provisions.

e. Assignment. You may not assign this Agreement or any of the rights or licenses granted hereunder, directly or indirectly, including by sale, merger, change of control, operation of law, or otherwise, without GoShare's

prior written consent. GoShare may assign this Agreement without your prior written consent. Subject to the foregoing, this Agreement will bind and inure to the benefit of the parties' permitted successors and assigns. Any assignment in violation of this section is void.

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

This is a great service. We booked online and the request was accepted within minutes. A few hours later our driver picked up our couch at Home Sense with no issues and delivered on time at our home shortly after. Such a great no hassle service and our delivery guy was great!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

I have found pieces of furniture at Home Goods in the past but neglected to purchased due to not having the right truck to transport- yesterday I found 2 gorgeous pieces to use in our rental home at the beach & was so happy to see the advertisement right there on top of the tv cabinet I wanted- I signed up while waiting in line & just had both pieces delivery by Henry! Very professional & punctual! Love this service & will ask for Henry in the future!

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it

was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

This is a great service. We booked online and the request was accepted within minutes. A few hours later our driver picked up our couch at Home Sense with no issues and delivered on time at our home shortly after.

Such a great no hassle service and our delivery guy was great!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

This is a great service. We booked online and the request was accepted within minutes. A few hours later our driver picked up our couch at Home Sense with no issues and delivered on time at our home shortly after. Such a great no hassle service and our delivery guy was great!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

I have found pieces of furniture at Home Goods in the past but neglected to purchased due to not having the right truck to transport- yesterday I found 2 gorgeous pieces to use in our rental home at the beach & was so happy to see the advertisement right there on top of the tv cabinet I wanted- I signed up while waiting in line & just had both pieces delivery by Henry! Very professional & punctual! Love this service & will ask for Henry in the future!

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped

move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

Page: Top 5 Mistakes People Make When Packing Their Car - GoShare

Big box, little car? Whether it's bringing home your new big screen or moving apartments, people can be pretty creative when it comes to moving large or bulky items with small vehicles. Here is a list of things not to do when loading up your car or vehicle with large loads.

1. Don't put the heavy stuff on top of the lighter items

Whether it's groceries or moving boxes, be aware of the order you place items in your car. You may be in a rush, but take time to properly arrange your items in your car. Even while going slow on backroads, items will shift with the movement of your vehicle. Make sure to place heavy items on the bottom and secure them in place to prevent your free weights from destroying grandma's old vase.

2. Don't forget to secure your cargo

Any cargo on the roof of the car or in the bed of a truck should be secured bungee cords, twine, or cargo straps. Ratcheting cargo straps will provide the most secure hold. Securing your cargo not only protects the item, it prevents accidents and injuries. While only 15 states have laws about improperly secured loads, all 50 make it a crime to drop debris from your vehicle, and with good reason. A report released by the National Highway Traffic Safety Administration (NHTSA) found that there were 51,000 crashes, 10,000 injuries, and 440 deaths as a result of debris flying off cars in 2010.

3. Don't block your windows

Minivan so full you can barely close the trunk? If you've stuffed the back seat or passenger seat so full of boxes and cargo that you can't see through the window clearly, you could be risking a costly ticket. Most states and localities have laws on books to ensure that drivers have unobstructed views of the traffic around them – including outside and back windows. Don't risk a ticket or your safety.

4. Don't create a tower on your roof

On average, most cars, SUVs, and trucks are only able to carry around 165 pounds on their roof. That's right, even large SUVs and trucks aren't rated to carry large loads on top of the vehicle. Moreover, large loads on top of the car affect the car's braking performance and may make it more susceptible to high winds.

5. Don't violate overhang laws

Each state has a different law regulating overhang, but the idea is the same. Items strapped to the roof of your car should not be so large as to create a danger to drivers around you, impair your view of the surrounding, or create wind challenges. For example, driving quickly with a mattress on your roof could cause it to be lifted by the wind and even fly off. If you are driving with a long narrow object on your roof or overhanging your truck bed, such as a ladder or lumber, attach a safety flag to the end to help drivers behind you see the item.

If you've got large, bulky items that need to be moved, and your car isn't big enough for the job, don't fret. GoShare is your friend with a truck. Don't risk your safety or a ticket trying to make large loads fit in small vehicles. Contact GoShare or download the app to hire find a local pickup truck, cargo van, or box truck owner to assist you with your move. The drivers are licensed, insured, and background checked. It's simple, affordable, and fast. You can schedule someone to come in under an hour!

Page: On-Demand Senior Moving Services - GoShare Moving and Delivery App

If you or a loved one are moving from the family home to a new residence, retirement community, assisted living facility, or nursing home, there is a lot to do. At times, it can seem overwhelming to sort through and pack up a life-time of possessions and memories.

See our [Top Tips for Senior Moves](#)

On-demand moving services like GoShare are the perfect way to make the experience easier and less stressful for all involved. In addition to being affordable and fast, on-demand moving services can be used to support you throughout the senior move process with more flexibility than traditional movers.

Donation and Junk Runs – While traditional senior moving companies may be available to move the items you are keeping from one home to another, you likely don't need a full-sized moving truck for runs to a local charity group or to recycling and disposal facilities. GoShare's delivery pros are fast and affordable. They can be scheduled in advance or arrive within an hour to help remove items you are downsizing and moving. They will handle the heavy lifting and logistics. If you are making a donation, they will send you a picture of the receipt. For disposal, they can add the dumping fees to your final bill.

Storage Facility Movers – For items that won't fit in the new home, but you don't wish to part with, GoShare provides storage facility moving services. They'll load your items and do the unloading into your storage unit. Storage unit loads are usually far less than a moving truck's load of goods, so GoShare's pickup truck and cargo van options create an easy, affordable option.

Senior Moving Services – All packed and ready to go? GoShare delivery pros are also available to help with your actual move to an assisted living community or other donation. Choose from a pickup truck, cargo van, or box truck to fit the size of your load. The delivery pros will treat every item as carefully as if it were their own.

Last Minute Moves – Some senior moves may come suddenly, as a result of illness or lifestyle changes. Traditional movers like to book weeks in advance. But, GoShare movers can be booked same-day. You won't be charged any fees for last-minute or same-day bookings. You get the same affordable pricing as when you

book in advance.

Affordable Services – Full-service senior movers can provide excellent care during senior transitions, but they are not an affordable or accessible option for everyone. If you prefer to do your own packing and sorting, especially if family members and friends are helping, you can save money by hiring an on-demand service like GoShare to handle the transportation and delivery of your items.

Whether we are able to support you with donation errands or more complete senior moving services, GoShare is proud to be Your Friend with a Truck™ as you transition from one home to the next. [Learn more or get a free quote here.](#)

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. Page: How To Buy Furniture on Craigslist or OfferUp - GoShare

If you have ever tried buying used furniture using Craigslist or OfferUp, you know that you can find great deals on second hand furniture. There are also several headaches that come with shopping and buying online. Hopefully, these tips will help make it easier and safer for you to buy furniture on Craigslist or OfferUp.

1. Be Safe – I believe that most people have good intentions but we all know that there are a bunch of creepers and scam artists on Craigslist. Beware of ads that use stock photos, no photo, have a ton of misspellings, or ask you for some type of deposit to hold an item. Craigslist suggests meeting sellers in a public place and we agree. However, most sellers aren't going to haul a sofa away from their home to meet you. In this case it's better to bring someone with you just in case. One of the advantages of using GoShare is that your driver can be that friend with a truck who goes with you to make sure the seller is legit.

2. Negotiate – Everything being sold on Craigslist is negotiable. Never take the seller's first offer. In my experience, sellers will always list an item at least 10% higher than they are willing to accept for that item. If you have seen the same item posted several times in the last week or two, you will have a great chance of negotiating a better price. Make a low ball offer at first, and if the seller says no, you can always work your way up. Try to agree on the price in advance to avoid wasting time once you meet with the seller. If the price seems very reasonable already, then avoid making too low of an offer as someone else may recognize the deal and offer the seller the asking price.

3. Get A Truck or Van – If you're in the market for a larger item like a bed, sofa, or table you can bet that it won't fit in the back of your Prius or Accord. Back in the day you would need to annoy one of your friends who has a truck and hope that you can buy them a beer and call it even. One of the reasons that we created GoShare was for these types of occasions when your friends don't have time to help and traditional truck renting is too much of a hassle. All you need to do is download the GoShare app and request a driver with a pickup truck or cargo van. Your GoShare driver will meet you at the pickup location, help you load the furniture, and bring it to your house or business. With prices starting at \$0.99 per minute it is usually about the

same price as renting a truck. Having a driver to help you and not having to go out of your way to pickup/drop off the truck and fill up the gas tank makes GoShare an easy choice.

4. Communicate With The Seller – Many online sellers get inundated with email/calls from buyers. To make yours stand out you should be short and sweet in your reply to their ad. State your name and intentions clearly. Be sure to include when you want to pick up the item and how much you are willing to pay. If the seller says to call them, you should call. If they prefer text, you should text them. Make sure you have the customers phone number and a confirmed pickup address before leaving to meet the seller.

5. Inspect The Items – Before handing over your hard earned money, make sure to do a thorough inspection of the item(s) that you are buying. Look for scratches, rips, and bugs. If you see something that was not mentioned in the ad it could be another opportunity to negotiate the price further. If the damage is a deal breaker, politely explain that to the seller and walk away. If you do buy the item we suggest spraying it with bug spray and leaving it in a ventilated area for a few hours before bringing it into your home.

Page: What Size Vehicle Should I Choose? - GoShare

GoShare allows you to select from four different vehicle sizes, depending on your needs. Picking the correct vehicle is important. Larger vehicles have a higher rate. However, if you select a vehicle that is too small for your job, it may require multiple trips, and you'll end up spending more than your estimate. Use the information on this page to pick the correct vehicle size for your project.

You will see all options in most markets. In some markets, box trucks and/or cargo vans are unavailable.

Courier projects are picked up by drivers in passenger vehicles. To select this option, your load should be able to fit comfortably inside a small passenger sedan. We are unable to strap any items to the roofs of courier vehicles. For larger items, please select a truck or van.

Pickup trucks have a bed length of 5 ft – 7.5 ft and a bed width of 4.5 ft – 5.5 ft. They are ideal for moving small pieces of furniture, small appliances, boxes, and big-screen televisions.

Cargo Vans typically have a bed length between 10 and 14 ft. Cargo vans provide the additional benefit of having an enclosed cargo space, protecting your items against the weather. Cargo vans are ideal for large pieces of furniture or moves that involve many boxes, which can be stacked in the van's interior. Cargo vans can also be used for a single pallet.

The box truck is the largest vehicle on GoShare's platform. Box trucks typically range between 12 – 26 ft. Box trucks are ideal for apartment moves, pallets, or multiple pieces of large furniture.

Page: The Rise of Retail Distribution Centers for More Efficient Last-Mile Delivery

In the fast-paced world of retail, the efficiency of last-mile delivery has become a critical factor in meeting customer expectations and staying competitive. As e-commerce continues to grow, so does the demand for rapid, reliable, and cost-effective delivery solutions. Retail distribution centers (RDCs) are at the forefront of this transformation, playing a pivotal role in streamlining last-mile delivery operations.

Traditionally, retailers relied on large, centralized warehouses to manage their inventory and distribution. While this model was effective for bulk shipments to stores, it often fell short in addressing the complexities of last-mile delivery directly to consumers. The rise of e-commerce has necessitated a shift towards a more decentralized approach, giving birth to the modern retail distribution center.

RDCs are strategically located facilities or storefronts designed to optimize the delivery process by reducing the distance between the product and the end consumer. These centers enable retailers to store inventory closer to high-demand areas, allowing for quicker order fulfillment and reducing shipping costs. The benefits of this approach are manifold:

1. **Speed:** By positioning inventory closer to customers, RDCs significantly cut down delivery times. This is especially crucial in the age of same-day and next-day delivery expectations.
2. **Cost Efficiency:** Proximity to customers reduces transportation costs, both in terms of fuel and labor. This cost savings can be passed on to consumers, making competitive pricing possible.
3. **Flexibility:** RDCs provide retailers with greater flexibility to manage inventory levels and respond swiftly to changes in demand, whether due to seasonal spikes or unexpected surges.

As RDCs revolutionize the supply chain, the transportation component remains a critical link in ensuring seamless delivery to customers. This is where GoShare steps in, offering innovative solutions tailored to meet the needs of modern retailers.

GoShare partners with retailers to provide the transportation infrastructure necessary to execute efficient last-mile delivery from RDCs to consumers. Here's how GoShare enhances the RDC model:

1. **On-Demand Delivery Fleet:** GoShare's platform connects retailers with a vast network of delivery

professionals and vehicles, ranging from cars to large trucks. This on-demand fleet ensures that retailers can scale their delivery capacity to meet varying demands without the overhead of maintaining their own fleet.

2. **Technology Integration:** GoShare's API integrates seamlessly with retailers' Transportation Management Systems (TMS), allowing for real-time tracking, automated dispatching, and efficient route planning. This technology-driven approach minimizes delays and enhances delivery accuracy.

3. **Flexibility and Scalability:** GoShare's flexible model supports both high-volume delivery periods and slower times, ensuring that retailers can adjust their delivery operations without incurring unnecessary costs. This scalability is particularly beneficial for managing peak seasons and promotional events.

4. **Customer Satisfaction:** With a focus on reliability and professionalism, GoShare's delivery professionals uphold high standards of service, ensuring that each delivery is handled with care. This commitment to quality is reflected in GoShare's impressive track record, including a damage claim rate of less than 0.01% and a 97% on-time delivery rate.

5. **Sustainability:** By optimizing routes and reducing the number of miles driven, GoShare contributes to more environmentally friendly delivery operations. This not only helps retailers meet their sustainability goals but also resonates with eco-conscious consumers.

To illustrate the transformative impact of GoShare's partnership, consider the case of a Fortune 200 retailer that utilized GoShare for inter-store transfers and last-mile delivery. By integrating GoShare's API with their TMS, the retailer successfully completed over 50,000 deliveries with a damage claim rate of less than 0.01% and a 97% on-time delivery rate. The program expanded from one market to over 65 markets nationwide, demonstrating GoShare's ability to support large-scale operations.

The rising trend of retail distribution centers marks a significant shift in the retail industry, driven by the need for more efficient and responsive last-mile delivery solutions. As retailers continue to embrace this model, partnering with innovative transportation providers like GoShare is essential to achieving operational excellence and delivering superior customer experiences. Through its on-demand fleet, advanced technology integration, and unwavering commitment to quality, GoShare is poised to play a pivotal role in the future of

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

This is a great service. We booked online and the request was accepted within minutes. A few hours later our driver picked up our couch at Home Sense with no issues and delivered on time at our home shortly after. Such a great no hassle service and our delivery guy was great!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

This is a great service. We booked online and the request was accepted within minutes. A few hours later our driver picked up our couch at Home Sense with no issues and delivered on time at our home shortly after.

Such a great no hassle service and our delivery guy was great!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

I have found pieces of furniture at Home Goods in the past but neglected to purchased due to not having the right truck to transport- yesterday I found 2 gorgeous pieces to use in our rental home at the beach & was so happy to see the advertisement right there on top of the tv cabinet I wanted- I signed up while waiting in line & just had both pieces delivery by Henry! Very professional & punctual! Love this service & will ask for Henry in the future!

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we

managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

I have found pieces of furniture at Home Goods in the past but neglected to purchased due to not having the right truck to transport- yesterday I found 2 gorgeous pieces to use in our rental home at the beach & was so happy to see the advertisement right there on top of the tv cabinet I wanted- I signed up while waiting in line & just had both pieces delivery by Henry! Very professional & punctual! Love this service & will ask for Henry in the future!

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it

was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we

simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

This is a great service. We booked online and the request was accepted within minutes. A few hours later our driver picked up our couch at Home Sense with no issues and delivered on time at our home shortly after. Such a great no hassle service and our delivery guy was great!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick,

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of

the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

Very professional & punctual! Love this service & will ask for Henry in the future!

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

We are thrilled to announce that GoShare has been recognized on the prestigious Inc. 5000 list for 2024, ranking as one of the fastest-growing private companies in America! This achievement is a testament to our team's hard work, innovation, and dedication to transforming the logistics and transportation industry. The Inc. 5000 class of 2024 represents companies that have driven rapid revenue growth while navigating inflationary pressure, the rising costs of capital, and seemingly intractable hiring challenges. Inc. 5000 companies have added 874,458 jobs to the economy over the past three years. "It's an honor to be recognized by Inc. as one of the fastest growing companies in America" says GoShare CEO & Founder, Shaun Savage. "Our team's persistence and perseverance were instrumental in helping us achieve this milestone."

Breaking into the Inc. 5000 is no small feat, and GoShare has earned its place at #2506 on the national list. This ranking places us among the top-performing businesses across the country, highlighting our rapid growth and the increasing demand for our services. It's an honor to stand alongside some of the most dynamic and successful companies in the nation. To put it in perspective, as of 2024 there were more than 25,000,000 private businesses in the US according to the Cato Institute.

Our roots are in San Diego, and we are incredibly proud to be recognized as the 46th fastest-growing company in our hometown. San Diego is a hub of innovation and entrepreneurship, and being ranked among the top companies here is a significant achievement. We owe this success to our amazing team and the vibrant San Diego business community that has supported us since day one.

In the competitive field of logistics and transportation, GoShare has proven itself as a leader, securing the #79 spot within this sector. Our innovative approach to on-demand last mile delivery and our commitment to efficiency and customer satisfaction have set us apart in an industry that is constantly evolving. We are excited to continue driving change and setting new standards in logistics.

California is home to some of the world's most successful and innovative companies, and being ranked #361 in the entire state is a huge accomplishment. This recognition reinforces our impact not just locally, but across the entire state, as we continue to expand our reach and influence.

This milestone would not have been possible without the unwavering support of our customers, drivers, employees, and our astute investors. Every delivery completed, every customer satisfied, and every market we expand into contributes to our growth and success.

As we celebrate this achievement, we are also looking to the future with excitement and determination. GoShare is committed to continuing its upward trajectory, innovating in the logistics space, and delivering excellence every step of the way.

Thank you for being part of our journey. Here's to many more milestones together!

Methodology

Companies on the 2024 Inc. 5000 are ranked according to percentage revenue growth from 2020 to 2023. To qualify, companies must have been founded and generating revenue by March 31, 2020. They must be U.S.-based, privately held, for-profit, and independent—not subsidiaries or divisions of other companies—as of December 31, 2023. (Since then, some on the list may have gone public or been acquired.) The minimum revenue required for 2020 is \$100,000; the minimum for 2023 is \$2 million. As always, Inc. reserves the right to decline applicants for subjective reasons. Growth rates used to determine company rankings were calculated to four decimal places.

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquired about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight

from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

Page: Craigslist Scams to Watch out for in 2019 - GoShare

Online marketplaces, such as Craigslist, have empowered individuals to connect with one and other in their communities. Local listings allow you to have a virtual yard sale, from the comfort of your living room couch. The online marketplace is flourishing, with many options to choose from, including Craigslist, Letgo, and OfferUp.

Most of the transactions that take place on these open marketplaces are legitimate connections. Neighbors selling and buying from neighbors. Unfortunately, scammers and con-artists also target purchasers on these sites, hoping to make a quick buck and scam you out of your goods or cash. Last year, we wrote about the 10 Most Common Craigslist Scams. While these scams are still common, creative fraudsters have come up with new ways to con unsuspecting individuals out of their money.

In 2019, be on the lookout for these new Craigslist scams. And, always remember, if it seems too good to be true, it probably is.

By exercising common sense and caution, you can find great deals and make a little extra change selling your unneeded items on Craigslist and other online marketplaces. Be on the lookout for con-artists and stay safe when using these sites.

As you know, GoShare works with independent contractors to help them find and manage deliveries and transport cargo in their own vehicles. While this provides flexibility and freedom, it also comes with certain risks. That's why we strongly urge you to contact your insurance agent and make sure that your insurance coverage protects you and your delivery business. This includes having proper liability insurance, commercial automotive as well as workers compensation insurance.

Workers compensation insurance is especially important in the event that you are injured while completing a project. It provides coverage for medical expenses, lost wages, and other related expenses. We understand that obtaining insurance can be a daunting task, but we want to assure you that it is a recommended step to protect yourself and your business.

We have worked with insurance providers such as FounderShield and CSAA (a division of AAA) in the past, but of course you are free to choose any insurance company that suits your needs. We recommend that you speak with a licensed insurance agent to determine the best coverage for your specific situation.

We are here to support you and ensure that you have the resources you need to be successful in your work.

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

This is a great service. We booked online and the request was accepted within minutes. A few hours later our driver picked up our couch at Home Sense with no issues and delivered on time at our home shortly after. Such a great no hassle service and our delivery guy was great!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

This is a great service. We booked online and the request was accepted within minutes. A few hours later our driver picked up our couch at Home Sense with no issues and delivered on time at our home shortly after. Such a great no hassle service and our delivery guy was great!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

Independent couriers and small business owners have the potential to earn more, especially if they build a loyal client base and offer specialized services.

Income can also vary depending on whether you work as a freelance courier, run your own business, or work for a larger courier company. Freelance couriers and business owners often have more control over their earnings, while those working for larger companies may have a more stable income but less flexibility.

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

This is a great service. We booked online and the request was accepted within minutes. A few hours later our driver picked up our couch at Home Sense with no issues and delivered on time at our home shortly after. Such a great no hassle service and our delivery guy was great!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery!

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquired about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquired about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it

was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery!

Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with

great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

I have found pieces of furniture at Home Goods in the past but neglected to purchased due to not having the right truck to transport- yesterday I found 2 gorgeous pieces to use in our rental home at the beach & was so happy to see the advertisement right there on top of the tv cabinet I wanted- I signed up while waiting in line & just had both pieces delivery by Henry! Very professional & punctual! Love this service & will ask for Henry in the future!

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

I have found pieces of furniture at Home Goods in the past but neglected to purchased due to not having the right truck to transport- yesterday I found 2 gorgeous pieces to use in our rental home at the beach & was so happy to see the advertisement right there on top of the tv cabinet I wanted- I signed up while waiting in line & just had both pieces delivery by Henry! Very professional & punctual! Love this service & will ask for Henry in the future!

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in

such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and

reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

Very professional & punctual! Love this service & will ask for Henry in the future!

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Page: Driver Community Guidelines - GoShare

At GoShare, we strive to create a safe and supportive environment for all our delivery professionals. Our driver community plays an essential role in our mission to transform the way goods are transported, and we greatly value their commitment and dedication to providing reliable and efficient delivery services.

To maintain the integrity and wellbeing of our platform, it is crucial that all delivery professionals adhere to the GoShare Driver Community Guidelines. These guidelines outline the expectations and responsibilities that drivers must follow to ensure a positive and respectful experience for everyone involved.

While the vast majority of drivers contribute positively to our community, it is important to address actions that are not in the best interest of the GoShare community. In some cases, certain actions can undermine our mission, compromise customer satisfaction, or jeopardize the safety and reputation of fellow delivery professionals.

This document serves as a clear outline of the actions that may result in a delivery professional being removed from the GoShare platform. It is essential that all drivers familiarize themselves with these guidelines to prevent any misunderstandings or unintended consequences.

By adhering to these guidelines, our delivery professionals show their commitment to providing the highest level of service to our customers and reinforce the values of safety, professionalism, and respect for the GoShare community.

We are dedicated to fostering a positive and supportive environment where every delivery professional feels valued and can thrive. Together, we can build a strong and reputable community that consistently exceeds customer expectations.

Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it

was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

This is a great service. We booked online and the request was accepted within minutes. A few hours later our driver picked up our couch at Home Sense with no issues and delivered on time at our home shortly after. Such a great no hassle service and our delivery guy was great!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery!

Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquired about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery!

Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquired about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

Page: Does My Vehicle Qualify for GoShare? - GoShare

Thinking about signing up with GoShare, but not sure whether your vehicle is the right fit for our platform? Read the following guide to learn more about vehicle qualifications to accept projects on the GoShare platform.

GoShare has projects for a wide variety of vehicles, from passenger cars to trucks and cargo vans. See our vehicle types below to learn more about the projects you will be eligible for:

Any vehicle that doesn't fit into one of the other categories below is considered a sedan vehicle on our platform. Sedans are eligible to deliver small parcels, packages, and documents. Drivers of sedans may also act as a helper on a project that requires multiple delivery pros. As a helper, they will assist with loading and unloading. They will not carry cargo. Projects intended for trucks and cargo vans are generally too large for sedans.

The SUV vehicle type includes larger vehicles that are not a full sized truck or cargo van. This includes vehicles such as SUVs, minivans, and compact cargo vans. These vehicles are eligible to deliver larger parcels and packages. Drivers of the SUV vehicle type may also act as a helper on a project that requires multiple delivery pros. As a helper, they will assist with loading and unloading. They will not carry cargo. Unfortunately, we don't currently have an option for SUVs + trailers.

Pickup trucks should have a bed length of at least 5 feet. Trucks with shortened bed lengths, or modifications that shorten their bed lengths or widths, may not qualify for the "pickup truck" classification on the GoShare platform. This includes, but is not limited to, the Honda Ridgeline Gen1 models (before 2017) and Chevrolet Avalanche (all models). You may be asked to provide measurements of your vehicle bed if you have modifications, such as a permanent toolbox, that change the length of the vehicle. Any standard trucks that don't meet the 5 ft. requirement are still eligible to join the platform as sedans or SUVs (see above).

Full-size cargo vans are dedicated moving and delivery vehicles with no passenger seats behind the driver cab. Minivans, SUVs, passenger vans, and compact cargo vans do not have enough cargo space to accept GoShare cargo van projects. Compact cargo vans that do not qualify for the "Cargo Van" classification may include but

are not limited to:

If you drive one of the vehicles mentioned above, you may still sign up to work for GoShare. You will be able to accept SUV projects and assist as a loading/unloading helper on 2 person projects.

GoShare accepts a range of box trucks on the platform, commonly between 12 and 26 feet. Tractor-trailers are not currently accepted on the platform. If you have a box truck that is less than 12 ft, you may sign up under the Cargo Van vehicle type.

Read below to learn if there are any restrictions that might prevent you from joining the GoShare platform.

Most after-market accessories will not disqualify your vehicle from the GoShare platform. However, if modifications to your vehicle impact cargo space or shorten bed-length, you may be asked to reclassify your account to that of a sedan or SUV.

If you have a hard cap installed on your pickup truck, you may still sign up for the GoShare platform. Please read project descriptions carefully and do not accept any projects that would not fit in your truck bed.

Vehicles must have a model year of 2002 or newer. This is an insurance requirement and we are not able to make exceptions, even for excellently maintained vehicles.

GoShare allows rental cargo vans and box trucks on its platform if the rental agreement is for a period of at least 30 days. If your rental period is for 30 days or more, then you can sign up with that vehicle.

Unfortunately, GoShare is not able to accept any vehicle with a rebuilt or salvage title.

Whether you are signing up as a driver or a helper, your vehicle must still be verified in order to get your account activated on the GoShare platform. You will be asked to provide clear images of the front, back, and sides of the vehicle. You must also provide proof of insurance and registration.

The vehicle should be registered and insured within the state you wish to accept projects in. This documentation will be verified during your sign up process. If the vehicle is registered under another name, you may still use it with permission from the owner. Our driver onboarding team may request a letter from the owner verifying that you have their permission to use the vehicle on GoShare's platform.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

Very professional & punctual! Love this service & will ask for

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquired about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it

was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

This is a great service. We booked online and the request was accepted within minutes. A few hours later our driver picked up our couch at Home Sense with no issues and delivered on time at our home shortly after. Such a great no hassle service and our delivery guy was great!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

I have found pieces of furniture at Home Goods in the past but neglected to purchased due to not having the right truck to transport- yesterday I found 2 gorgeous pieces to use in our rental home at the beach & was so happy to see the advertisement right there on top of the tv cabinet I wanted- I signed up while waiting in line & just had both pieces delivery by Henry! Very professional & punctual! Love this service & will ask for Henry in the future!

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

Page: Top 10 Most Common Craigslist Scams - GoShare

Online marketplaces have enabled individuals to connect directly with others in their community. Local listing services, including Craigslist, Letgo, and Offerup, allow you to conduct a virtual yard sale in the comfort of your own home. The benefits of using these services over print classifieds or yard sales are numerous.

Free listings allow sellers the opportunity to wait and relist until they find a buyer willing to pay the item's real value. No longer are you forced to accept half of what something is worth, just to get it off your front lawn at the end of your garage sale. Sellers can also list a lot or a little. No need to wait until your pile has grown large enough for a garage sale. If you only have one item to sell, sell just that item. Online marketplaces benefit buyers too, allowing them to search quickly for the items they want, and negotiate a price before they drive to the location to purchase and pick up.

Unfortunately, there are scammers out there ready to take advantage of a convenient, public platform to steal, defraud and scam. Craigslist scams can be difficult to spot. Criminals are crafty and creative in designing their scams to look as real and legitimate as possible. Be on the lookout for anything that looks or feels off, and when in doubt, don't meet up or purchase an item.

Below is a list of the ten most common Craigslist scams and how you can avoid them.

Craigslist is a helpful marketplace that facilitates the easy exchange of used goods in many communities. By using it with caution, you can still find great deals and make extra money by selling your unneeded items.

Following these guidelines to help stay safe on Craigslist.

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

This is a great service. We booked online and the request was accepted within minutes. A few hours later our driver picked up our couch at Home Sense with no issues and delivered on time at our home shortly after. Such a great no hassle service and our delivery guy was great!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

Page: How to Find Help for a Last Minute Move - GoShare

Sometimes, life comes at you fast. You may need a quick move because of a new job, a breakup, or because a great deal opened up on the perfect apartment. Whatever the reason, you need a moving truck and you need it fast.

Unfortunately, most furniture movers and traditional delivery companies often book jobs six to eight weeks in advance. And, for a last minute move, they may be unavailable or charge premium rates.

You may be able to rent a truck from a company like Penske or Budget Truck Rental. These companies recommend booking at least two weeks out to ensure availability. So, last-minute movers may find that they have limited options, or that the vehicle they need is unavailable. If you do rent a truck, you'll need to do all the loading and unloading yourself. Or, try the age-old trick of offering pizza to any friend that stops by to help.

One last minute option you should avoid is overfilling your car. Stacking cargo precariously on the roof of a car, or filling the back seat so high you can't see through the windows, is illegal in many areas. Anything that obscures the driver's view of the road and other cars, including out of back and side windows, can earn you a ticket. Most importantly, it's not very safe. So, don't risk it.

Fortunately, there is an option for people with last-minute move needs that is safe, affordable, and fast. New iPhone and Android apps leverage the power of the sharing economy to help connect individuals with owners of pickup trucks, cargo vans and box trucks. Using these apps, last minute moving and delivery professionals are only a tap away.

Simply enter a little information into the GoShare app, and your moving job will be sent to a database of thousands of qualified, background checked, and insured professionals. Within moments your job will be accepted by a peer-reviewed professional. Read their reviews and you can choose to accept that professional, or look for another. You can request a driver to arrive in as little as thirty minutes. It's perfect for last minute moves.

These professionals will not only take your stuff where you need it to go, they will help load and unload too.

Website: goshare.co

The cost is more affordable than traditional moving companies with no up-charges for last minute moves.

GoShare makes hiring last minute furniture movers easy.

How it Works:

Last minute moves don't have to be stressful. Using the apps like GoShare, you can find local moving professionals that will help you get what you need, where you need it.

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it

was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

This is a great service. We booked online and the request was accepted within minutes. A few hours later our driver picked up our couch at Home Sense with no issues and delivered on time at our home shortly after. Such a great no hassle service and our delivery guy was great!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery!

Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

I have found pieces of furniture at Home Goods in the past but neglected to purchase due to not having the right truck to transport- yesterday I found 2 gorgeous pieces to use in our rental home at the beach & was so happy to see the advertisement right there on top of the tv cabinet I wanted- I signed up while waiting in line & just had both pieces delivery by Henry! Very professional & punctual! Love this service & will ask for

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquired about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

I have found pieces of furniture at Home Goods in the past but neglected to purchased due to not having the right truck to transport- yesterday I found 2 gorgeous pieces to use in our rental home at the beach & was so happy to see the advertisement right there on top of the tv cabinet I wanted- I signed up while waiting in line & just had both pieces delivery by Henry! Very professional & punctual! Love this service & will ask for Henry in the future!

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we

simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

This is a great service. We booked online and the request was accepted within minutes. A few hours later our driver picked up our couch at Home Sense with no issues and delivered on time at our home shortly after. Such a great no hassle service and our delivery guy was great!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick,

super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of

the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

Very professional & punctual! Love this service & will ask for Henry in the future!

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

Page: How Much to Tip for Furniture Delivery - GoShare Furniture Delivery App

It is common to tip your waiter at a restaurant or your pizza delivery guy, but should you tip your furniture delivery professional?

Tipping is not required, but it is customary to tip your delivery guys as a way to say thank you for a job well done. This is especially true in the case of a difficult or demanding job, or when a professional goes above and beyond to provide a high level of service.

Furniture delivery professionals do hard, backbreaking work. So, if you wouldn't hesitate to tip the delivery person bringing your pepperoni pizza, you should also consider giving a little extra something to the delivery person or persons who carried your new dresser up a winding flight of stairs and down the hall to its new spot in your bedroom.

While when and how much to tip your furniture delivery drivers is up to you, it can be helpful to have some guidelines. Below are recommendations from various etiquette guides for common tipping practices and how much to tip movers or delivery professionals.

There are no real hard and fast rules for giving a tip to your furniture delivery professionals. At the end of the day, the decision to tip a delivery person always be up to the customer. While GoShare delivery people are grateful for tips, they never expect a tip from their customers. If tipping isn't in your budget, you will still enjoy the same courtesy and service as any other customer.

You may add a tip to your final payment after the project is complete. You may also tip your GoShare delivery professional with a cash tip. Whether you tip them through the app or give them a cash tip, GoShare delivery professionals keep 100% of their tips.

Need to book a furniture delivery or moving project? Use GoShare's website or apps to connect with thousands of local delivery professionals. It only takes about a minute to enter in your project details and get a free estimate. Book your project from the estimate page and it will be sent out to our network of moving and delivery professionals, all who are background checked and covered by GoShare's cargo insurance policy. GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

I have found pieces of furniture at Home Goods in the past but neglected to purchased due to not having the right truck to transport- yesterday I found 2 gorgeous pieces to use in our rental home at the beach & was so happy to see the advertisement right there on top of the tv cabinet I wanted- I signed up while waiting in line & just had both pieces delivery by Henry! Very professional & punctual! Love this service & will ask for Henry in the future!

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

Very professional & punctual! Love this service & will ask for

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquired about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

This is a great service. We booked online and the request was accepted within minutes. A few hours later our driver picked up our couch at Home Sense with no issues and delivered on time at our home shortly after. Such a great no hassle service and our delivery guy was great!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

I have found pieces of furniture at Home Goods in the past but neglected to purchased due to not having the right truck to transport- yesterday I found 2 gorgeous pieces to use in our rental home at the beach & was so happy to see the advertisement right there on top of the tv cabinet I wanted- I signed up while waiting in line & just had both pieces delivery by Henry! Very professional & punctual! Love this service & will ask for Henry in the future!

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquired about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it

was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery!

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

This is a great service. We booked online and the request was accepted within minutes. A few hours later our driver picked up our couch at Home Sense with no issues and delivered on time at our home shortly after.

Such a great no hassle service and our delivery guy was great!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Page: Can UBER® Pick Up Furniture? - GoShare Can UBER Pick Up Furniture?

Are you looking for a delivery app like Uber to help pick up furniture or other large items?

If you've got a large item to move, and not a lot of time to move it, you may have wondered, can Uber pick up furniture? Could I use Uber XL for moving?

Rideshare apps like Uber are intended for arranging the transportation of passengers, not cargo. And, while some may have used them to carry small items in a pinch, the vehicles are generally not large enough for large items like furniture.

Further, drivers are cautious of any activities that might damage, scratch, or rip the interior of their vehicle. The quality and cleanliness of their vehicle is important to achieve high-ratings on the app platform. And, moving furniture could put their vehicle interior at risk of being scuffed or marred.

Even Uber XL vehicles are unlikely to be large enough for your job. These passenger vehicles include SUVs and minivans. They have 6 or more seats and are intended to move large groups. Even if the driver was willing to remove seats and risk scratching or scuffing the interior of their vehicle; couches, tables, and other large items are unlikely to fit.

Further, rideshare drivers are hired with the expectation of transporting customers, not goods. They are unlikely to want to, or may not be physically able to, help you load or unload any heavy items. At the end of the day, there is currently no Uber moving van or Uber truck delivery service.

Fortunately, there is a delivery app like Uber that caters to large moving and delivery projects. GoShare connects individuals and businesses with local pickup truck, cargo van, and box truck owners to help with on-demand delivery and moving projects.

The vehicles on the GoShare platform are much larger than those on typical rideshare apps, including the Uber XL offering. They are capable of hauling and carrying large items, including furniture, pallets, or a room full of moving boxes. The delivery pros come equipped for the job, bringing ratcheting straps, moving blankets, and dollies. In addition, the delivery professionals will include loading and unloading your items as part of their service.

How it Works

Similar to Uber, GoShare has built a network of local, independent contractors. Using the GoShare app, enter the details of your move. This includes the pickup location, drop off location, time requested, and item. You have the option to select one delivery professional, or to add a second to help with lifting large items. You can schedule in advance or request your pro to arrive in 30 minutes.

Once you complete your order, the project will be sent out to the thousands of truck and van owners on GoShare's network. Most projects are accepted in less than two minutes. At this point, you will get your delivery pro's name and be able to call and contact each other. You can track the status of your project, rate your delivery pro, and complete your final payment – all through the app. It's just as easy and convenient as a rideshare app, but with the capability of moving your big stuff.

You can be confident in the delivery drivers that will assist with your moving and delivery project. All delivery professionals pass strict background and driving history checks as well as vehicle inspections. Like Uber or Lyft, they also must maintain high customer ratings on the app to continue to accept projects. Plus, GoShare protects all projects with cargo and liability insurance. If an accident does occur, we will do our best to make it right and repair or replace your item.

Getting started with GoShare is easy. Simply visit our website or download our app for iOS or Android. You will fill out a quick and easy order form that includes the pickup and drop off location, pick up time, item to be moved, type of vehicle, number of delivery pros, and any extra details you'd like to provide us.

It takes most people less than a minute to enter their project information. Once you have completed this, you will get an estimate based on the time expected to do your project. If everything looks good, simply confirm your project.

If you have not previously created an account with us, you will be asked to enter payment information. Your

Website: goshare.co

card will be pre-authorized for the amount of the estimate, but no charges will be made until the project is complete.

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

This is a great service. We booked online and the request was accepted within minutes. A few hours later our driver picked up our couch at Home Sense with no issues and delivered on time at our home shortly after. Such a great no hassle service and our delivery guy was great!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight

from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

I have found pieces of furniture at Home Goods in the past but neglected to purchased due to not having the right truck to transport- yesterday I found 2 gorgeous pieces to use in our rental home at the beach & was so happy to see the advertisement right there on top of the tv cabinet I wanted- I signed up while waiting in line & just had both pieces delivery by Henry! Very professional & punctual! Love this service & will ask for Henry in the future!

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local

Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

Page: What is On Demand Delivery? - GoShare Moving and Delivery App

On demand delivery is the latest trend in the logistics and last mile delivery space. But, you may wonder what this latest buzz term means, what exactly is “on demand delivery”?

With new technological advances, more and more services are becoming available on demand. When a service is available “on demand” it is available whenever you want it. For example, a video on demand service allows you to stream a movie or show of your choice, whenever you choose. You don’t need to wait for a scheduled broadcast time and you don’t need to be at a certain location. With a streaming-enabled device, you can access the content wherever you are. You can stream in your living room on your smart television. You can stream on your mobile phone or tablet while on a flight. On demand means you get the service when you want it and where you want it. You get instant gratification.

Delivery on demand is a similar concept. Businesses and individuals needing moving and delivery help can request a delivery professional whenever they need one. The customer determines the pickup time, as well as the pickup and drop off locations.

When scheduling a traditional delivery service, your ability to choose the date and time of your delivery will be limited. The delivery company may only give you the option of receiving your item on a day or time when your address is on their route. They may ask you to be available at home to receive the item during a multi-hour delivery window. If you are able to pick the date and time window of your delivery, it is usually scheduled days or weeks in advance.

The advantage of an on demand delivery services company is that you have the freedom to schedule when your delivery will take place. A true on demand delivery company will not limit your options with time windows or require you to schedule in advance. A local delivery professional can be dispatched to you immediately if those are your needs.

There are several apps and companies that claim to offer on demand, door-to-door delivery. However, it’s important to do your research. When evaluating a service provider, you should ask the following questions:

GoShare provides true on demand delivery services. Using the GoShare app or website, individuals and

businesses can request a delivery and moving professional to arrive in as little as half an hour. GoShare's delivery professionals pass strict, 3rd party background and driving history checks as well as vehicle safety inspections. Every project is insured by our comprehensive cargo and liability policies.

It takes less than a minute to get a free estimate. If you place a project order, it will be sent to our network of thousands of local on demand delivery couriers and professionals. The average project is accepted by a delivery professional in less than two minutes. Track the status of your project and pay online or in the app.

Anti-Sexual Harassment and Anti-Discrimination Policy

Effective Date: 11/05/2020

GoShare believes all our employees, contracted workers and customers deserve to be treated with dignity, decency, and respect. We created this policy to set forth our standards for those using our service, as well as our expectation that all interactions will be free of bias, prejudice, discrimination, and harassment.

Any victims of harassment or discrimination – whether customers, contractors, or employees – are encouraged to contact human resources immediately, by using the form found at: <https://goshare.co/harassment-or-discrimination-complaint/>. Any complaint or violation of GoShare's policies and standards will be investigated in a timely manner and resolved appropriately.

Scope of This Policy

Any individual using GoShare's platform, contracting with GoShare, or employed by GoShare is covered by and expected to comply with this policy. Failure to do so will result in disciplinary action, which may include verbal or written reprimand, suspension or termination of employment, and suspension or termination of access to GoShare's platform. The severity of the consequences will be determined by the seriousness of the situation.

Managers and supervisors who knowingly allow or tolerate discrimination, harassment or retaliation, including the failure to immediately report such misconduct are in violation of this policy and also subject to discipline, including termination or employment.

Prohibited Conduct Under This Policy

Our organization complies with all applicable federal, state and local anti-discrimination and harassment laws and regulations and our policy adheres to the following definitions and guidelines:

Discrimination:

Discriminatory treatment, in whole or in part, based on an individual's race, color, national origin, age, religion, disability status, gender, sexual orientation, gender identity, genetic information, or marital status will not be tolerated.

A variety of federal, state, and local laws strictly prohibit such forms of discrimination, including Title VII of the Civil Rights Act of 1964, the Age Discrimination Act of 1967, and the Americans with Disabilities Act of 1990. This policy is intended to comply with the prohibitions stated in these anti-discrimination laws.

Harassment:

Our organization prohibits harassment of any kind, including sexual harassment. Harassment is defined as any verbal or physical conduct designed to threaten, intimidate, or coerce.

The following examples of harassment are guidelines only and not exclusive when determining whether there has been a violation of this policy:

Verbal harassment includes comments that are offensive or unwelcome regarding a person's national origin, race, color, religion, gender, sexual orientation, sexual identity, age, body, disability or appearance, including epithets, slurs and negative stereotyping.

Nonverbal harassment includes distribution, display or discussion of any written or graphic material that ridicules, denigrates, insults, belittles or shows hostility, aversion or disrespect toward an individual or group because of national origin, race, color, religion, age, gender, sexual orientation, pregnancy, appearance, disability, sexual identity, marital status or other protected status.

Hitting, hurting, or otherwise intending to cause physical harm or injury to another person is never allowed.

Sexual harassment:

GoShare has zero-tolerance for any form of sexual harassment.

According to the Equal Employment Opportunity Commission (EEOC), sexual harassment is defined as "unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual

nature ... when ... submission to or rejection of such conduct is used as the basis for employment decisions ... or such conduct has the purpose or effect of ... creating an intimidating, hostile or offensive working environment.”

Sexual harassment may take different forms. The following examples of sexual harassment are guidelines only and are not exclusive when determining whether there has been a violation of this policy:

Verbal sexual harassment includes innuendoes, suggestive comments, jokes of a sexual nature, sexual propositions, lewd remarks and threats; requests for any type of sexual favor (this includes repeated, unwelcome requests for dates); and verbal abuse or “kidding” that is oriented toward a prohibitive form of harassment, including that which is sexual in nature and unwelcome including but not limited to: derogatory comments, epithets, slurs, or jokes.

Nonverbal sexual harassment includes the distribution, display or discussion of any written or graphic material, including calendars, posters and cartoons that are sexually suggestive or show hostility toward an individual or group because of sex; suggestive or insulting sounds; leering; staring; whistling; obscene gestures; content in letters, notes, facsimiles, e-mails, photos, text messages, tweets and Internet postings; or other forms of communication that are sexual in nature and offensive including derogatory comments, epithets, slurs, or jokes.

Physical sexual harassment includes unwelcome, unwanted physical contact, including touching, tickling, pinching, patting, brushing up against, hugging, cornering, kissing, fondling, and forced sexual intercourse or assault.

Delivery professionals and customers using the GoShare’s Platform are advised to:

Avoid behaviors and comments that would make others uncomfortable, including nudges, winks, and whistles.
Do not touch or flirt with someone you don’t know.

Avoid asking personal questions, such as if the other person is in a relationship or about their gender identity or sexual orientation.

Do not discuss your own sex life, use explicit language, or make jokes about sex while interacting with others using the GoShare platform.

All sexual contact is prohibited while using GoShare's apps, website, or services, including during a project.

Unwanted Contact:

All contact should end once the delivery is complete, unless it is sanctioned through the GoShare platform as part of a follow-up service, such as returning a missing item, or as a result of a newly booked GoShare project.

Texting, calling, visiting, or trying to visit a GoShare user in person after a project is complete is not allowed.

Retaliation

No hardship, loss, benefit or penalty may be imposed in response to:

Filing or responding to a bona fide complaint of discrimination or harassment;

Appearing as a witness in the investigation of a complaint; or

Serving as an investigator of a complaint.

However, filing groundless or malicious complaints is an abuse of this policy and will be treated as a violation. Any person who is found to have violated this aspect of the policy will be subject to discipline up to and including termination of employment and removal from the platform.

Confidentiality

GoShare treats all complaints and investigations confidentially to the extent possible, and discloses information strictly on a need-to-know basis.

The identity of the complainant is usually revealed to the parties involved during the investigation, and the investigating manager or director will take adequate steps to ensure the complainant is protected from

retaliation during and after the investigation.

Complaint Procedure

GoShare has established the following procedure for submitting a complaint of harassment, discrimination or retaliation.

Submit a complaint as soon as possible after an incident has occurred, preferably in writing. Complaints should be submitted through the form at <https://goshare.co/harassment-or-discrimination-complaint/>. Complaints reported to GoShare's customer service team, or other GoShare employees, including team managers and directors, will be forwarded to the appropriate HR contact.

Upon receipt of a complaint the investigating manager or director will notify senior management and review the complaint with the organization's legal counsel.

The investigating manager or director will initiate an investigation to determine whether there is a reasonable basis for believing the alleged violation of this policy occurred.

Depending on the seriousness of the complaint, the customer or contractor involved may be temporarily suspended from using the platform during the course of the investigation.

During the investigation of the complainant, the respondent and any witnesses to the alleged incident will be interviewed to determine whether the conduct occurred.

Upon conclusion of an investigation, the manager or director conducting the investigation will submit a written report of his or her findings to human resources. If it is determined that a violation of this policy has occurred, the report will recommend appropriate disciplinary action. The appropriate action will depend on the following factors:

The severity, frequency, and pervasiveness of the conduct;

Prior complaints made by the complainant;

Prior complaints made against the respondent; and

The quality of the evidence (e.g., firsthand knowledge, credible corroboration).

If the investigation is inconclusive, or if it is determined that there has been no violation of policy, but potentially problematic conduct may have occurred, the report may recommend appropriate preventive action.

Senior management will review the investigative report and any statements by the complainant or respondent and decide what action, if any, to take.

Once senior management makes a final decision, the complainant and the respondent will be notified of the findings of the investigation. If the organization is to take disciplinary action, the respondent will be informed of the nature of the discipline and how it will be executed.

Alternative Legal Remedies

Nothing in this policy may prevent the complainant or the respondent from pursuing formal legal remedies or resolution through local, state or federal agencies or the courts.

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

I had been looking for a service that could provide on demand courier and freight services for my business. Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

I have found pieces of furniture at Home Goods in the past but neglected to purchased due to not having the right truck to transport- yesterday I found 2 gorgeous pieces to use in our rental home at the beach & was so happy to see the advertisement right there on top of the tv cabinet I wanted- I signed up while waiting in line & just had both pieces delivery by Henry! Very professional & punctual! Love this service & will ask for Henry in the future!

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it

was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

Overtime, Tolls, Parking, and Extra Equipment such as a dolly or lift gate can cause your project cost to exceed its initial estimate. The overtime rate is determined by the vehicle type and will be provided to you with our initial estimate.

Projects can go over time where there are undisclosed obstacles that weren't included in the original estimate, such as staircases or additional cargo added to your project. The clock starts when the driver arrives at the pickup location and begins loading your item(s) into their vehicle. The clock stops when your item(s) have been safely delivered to the drop-off location and the delivery professional has finished unloading. Each estimate includes a max-time. The majority of projects are completed before the max-time. If your project goes over the maximum allowed time, an overtime rate will kick in to ensure the delivery professionals are fairly compensated.

You will not be charged before your project is completed. GoShare puts a temporary hold on your card for the estimated amount or \$100.00, whichever is greater. A hold is not a charge, and no money is taken from your account. When a hold is placed on your account, an estimated amount is temporarily “held” back from account funds available for spending. This ensures that when your card is billed, there is enough money in the account to handle the transactions. It prevents declined payments, which can hurt your credit score. Once your project is complete, the hold is released and your card is charged the final billable amount. GoShare releases the hold immediately upon issuing the final bill. While most card issuers release the funds within minutes of the hold being released, some banks may delay releasing funds for one to two business days. Unfortunately, this is at the discretion of the card issuer and GoShare is not able to influence how quickly they release the funds for use after the hold is lifted.

Placing a hold on credit cards is a common practice by companies that provide goods and services before issuing a bill or charge. For example, hotels will place a hold on your card 24-hours before your stay to cover estimated room costs. Gas stations place a hold on your card before you begin pumping, to help prevent gasoline theft. Only after you finish pumping and the final amount is known does the gas station bill your card.

A hold is not a charge, and no money is taken from your account. When a hold is placed on your account, an estimated amount is temporarily “held” back from account

funds available for spending. This ensures that when your card is billed, there is enough money in the account to handle the transactions. It prevents declined payments, which can hurt your credit score. Once your project is complete, the hold is released and your card is charged the final billable amount. GoShare releases the hold immediately upon issuing the final bill. While most card issuers release the funds within minutes of the hold being released, some banks may delay releasing funds for one to two business days. Unfortunately, this is at the discretion of the card issuer and GoShare is not able to influence how quickly they release the funds for use after the hold is lifted.

Placing a hold on credit cards is a common practice by companies that provide goods and services before issuing a bill or charge. For example, hotels will place a hold on your card 24-hours before your stay to cover estimated room costs. Gas stations place a hold on your card before you begin pumping, to help prevent gasoline theft. Only after you finish pumping and the final amount is known does the gas station bill your card.

Page: How to Rent a Truck for Moving and Delivery - GoShare

If you are considering a do-it-yourself move or looking for a way to bring home a large, bulky purchase, you might consider renting a truck to move your stuff. But, researching moving truck rental options may quickly give you such a headache you might rethink whether or not you really need that new patio set.

Moving is one of the top causes of stress in the United States, and the complicated process of truck rentals doesn't make it any easier. But, don't worry. We've done the first step and gathered together the research you need to get started. No headaches.

Want a headache free move? Get a free estimate from GoShare for a Delivery Pro and truck or cargo van, available on demand.

There are many moving companies that offer rental trucks for local moving projects. When looking for a truck rental, you have three basic organizations that you can work with.

Truck Rental Company – A truck rental company specializes in nothing but rentals. They often provide a wide variety of vehicles, from pickup trucks to large box trucks. If you work with a national company, you may be able to rent vehicles for long-distance moves, being able to pick up and drop off at rental locations in different cities and even states.

Home Improvement Company – Recognizing a need in their local communities, many home improvement companies have started offering truck rental options. Home improvement companies tend to have smaller vehicles, such as pick up trucks. Your options may be limited, but because these stores are located near local neighborhoods, this may be a more convenient option than a traditional truck rental company.

Sharing Economy Apps – One affordable way to rent a truck is to use a sharing economy app. The sharing economy allows individuals to connect through technology (like apps) to share and exchange goods. In this marketplace, you can find companies that will coordinate truck rentals directly between individuals within your community. Others may allow you to hire a local truck owner in your community to help with your project. Best for local projects, this option is often the most affordable.

Depending on your needs, you may consider vehicles of a variety of sizes. Keep in mind, that larger vehicles

frequently cost more than smaller vehicles, like pickup trucks. However, if you have to take multiple trips, your time and mileage costs will also increase. So, to get the most value, try to pick the vehicle that best matches the size of your project.

Pickup Truck – Pickup trucks are ideal for small moves, such as one or two pieces of furniture, several boxes, or a single pallet. Keep in mind that different pickup trucks have different bed lengths. The Nissan Frontier can have a 5-foot bed, whereas some models for the Ford F150 go up to 8 feet. Depending on the size of your item, you may want to inquire about the length of the bed prior to signing the rental.

Cargo Van – A true cargo van is much larger and more capable than the standard passenger vans you see on the road. Cargo vans typically have an interior length of 10.5 feet, more than enough room for large boxes and items. And, because they are enclosed, you have extra weather protection and the ability to “lock up” your stuff if you need to make a pit stop during your move.

Box Truck – If you are moving an apartment or small home, or a very large item (like a swing set), consider upgrading to a box truck. You can find these trucks in a range of sizes, ranging from 10 foot to 26-foot options. If working with a traditional company, you’ll need to book ahead for these larger vehicles. A gig app (like GoShare) will still allow you to book the same day. Because of the size of these vehicles, not everyone is comfortable driving them. If you have any concerns about taking such a large vehicle on the road, consider using a service that also provides a delivery professional.

The cost to rent a truck will vary depending on your location, seasonality, and even fuel costs (which can lead to surcharges and extra fees). For example, moving companies have been known to raise rates between 20-100% in summer months over the summer months, when demand is higher, than in winter months.

When renting a vehicle from a traditional company, it’s important to be aware of all the fees. Generally, companies will market a base price that is very attractive. A typical ad may read, “Get this truck, starting at just \$19.99.” While this base price is meant to get you in the door, it’s not reflective of the total you will actually pay.

In addition to the base fee, you should also expect to pay a mileage fee. This can range from \$0.79 to \$1.29

per mile. So, the base fee is what you pay if you never drive off the lot. As soon as you start on the road, your costs will go up. You may also be offered supplemental insurance to cover any potential damage to the vehicle. Don't forget to also budget a small amount for added sales tax.

Also be aware, you are responsible for filling up the vehicle. The renting company will mark how much gas was in the tank prior to the rental. If you fail to refuel the vehicle to the same point prior to returning, the company will refill it and bill you at a premium rate.

When renting from a sharing economy company, fees may be structured differently. These companies often bill by time, instead of mileage. And, insurance may be included in the cost of your estimate. For example, GoShare bills based on the time a delivery professional begins loading to when the item is safely unloaded in your home. There are no mileage or fuel fees and cargo insurance is included with the service.

In order to rent a truck or any vehicle, you will need to meet some basic qualifications and provide documentation to ensure you are able to legally and safely drive the vehicle.

The minimum age to rent a truck is 18 years of age. Some companies may charge premium fees to drivers under 25. You will also be required to show proof of a valid driver's license. Some companies may also ask to see proof of insurance if you do not purchase their optional insurance package. Rental companies will ask for a deposit, which will be returned if the vehicle is undamaged, or a credit card to keep on file for future charges.

If you work with a sharing economy company that provides a delivery professional, you will not need a license or proof of insurance. You will simply need to provide a credit card for the final payment.

Once you've identified when you need a truck, the size you need, and the general budget, you are still faced with the task of renting the vehicle, which will involve a large stack of paperwork (digital or in person) and driving to the rental location.

The easiest way to get a pickup truck is to use an app, like GoShare. Simply enter your location and the item(s) you need moved. It takes less than a minute to get a free estimate. Delivery pros can arrive within the

Website: goshare.co

hour. They'll do all the loading and unloading. You can track the status of your project, and pay, in the app. Your project is automatically covered by our supplemental insurance policy. It's fast, it's easy, and often more affordable than do-it-yourself truck rental where you are providing all the muscle and manual labor.

Smooth Transition

This was the coolest service ever! I live alone and have a small car, so this was very helpful. Within 30 minutes of requesting service, someone was there to help. – Katelyn Jewell (Source: Google Business Listing)

Support the Local Economy

Such an amazing app. Helped me save \$600 on furniture by buying secondhand instead of relying on Amazon for free delivery. I’ve already recommended this to a bunch of my friends. With GoShare I can purchase those items I want and have them delivered right to my door. I purchased a beautiful outdoor set today at 11am signed up for GoShare at 2:30 and my furniture was at my house by 4:45pm. I love this service. John my delivery man was awesome too”

– Weston Purdell (Source: Android App)

Helpful Apartment Movers

“I can’t say enough great things about this company. I just moved here from the east coast and have been struggling to get all my furniture in my apartment by myself. I know for sure I’ll be using them again in the future!”

– Melissa K. (Source: Yelp)

Great App and Customer Service

I’ve used the service a few times now and will keep using it. Highly recommend! Also, the customer service has been fast and friendly. Something that isn’t as common as it used to be. Their chat has helped me get questions answered super quick.”

Easy to Use Solution for Furniture Delivery

“I have found pieces of furniture at Home Goods in the past but neglected to purchase due to not having the right truck to transport – yesterday I found 2 gorgeous pieces to use in our rental home at the beach & was so happy to see the advertisement right there on top of the tv cabinet I wanted – I signed up while waiting in line and just had both pieces delivered by Henry! Very professionals and punctual! Love this service & will ask for Henry in the future!”

-B. Cavaciuti (Source: iOS app)

“We just used @goshare for the first time getting a giant patio set from Costco to our house. It was such an easy and efficient experience. I highly recommend it.”

-Sheli Higgins (Source: Twitter)

Amazing Experience

“Have to admit, I was a tad nervous about hiring rando guys to come move my bed from one house to another, but it was an amazing experience. I chose to have a mover and helper because I seriously just didn’t want to do anything but open doors and make sure they had clear pathways. (I requested a dolly also just to keep it easy.) The app shows you pics of the movers who accepted your job and gives you their names and a handy little button to push if you need to contact them (call or text).”

-Dawn A. (Source: Android App)

Smooth Delivery

“Delivery was smooth overall. I have requested to have one driver with pick up truck, and one additional helper for my leather couch. They called me 10 mins before the meet up time for follow up, and moved the couch safely. Price was reasonable for 30 minutes service, and I am looking forward to use this app again”

-B. Lee (Source: Android App)

Fast Costco Delivery

“I used GoShare for the first time last week and was delighted at the service I received. I was at Costco contemplating how I could get a patio set home that was too large to put in my car. The set was not available for online delivery. One of the Costco employees told me about GoShare and within a few minutes, I had the app downloaded on my phone and had placed an order for a driver with a truck to pick up the patio set and deliver it to my house. I didn’t even have to wait at Costco for the driver to arrive. My patio set was delivered within the hour and placed right in my backyard by the driver. The delivery cost was very reasonable and the service was excellent. What a great concept!”

Page: How to Reduce Stress When Moving - GoShare

Moving ranks as one of the topmost stressful events in a person's life. And, most of us will move more than once. According to the the US Census, the average American moves 11 times in their lifetime. That's 11 times more stress than you need or want in your life. And, last minute moves can add even more stress to the event. So, if you are facing a stressful move, take a few moments to review the following tips and tricks to reduce moving stress.

Whether you are hiring full-service movers or doing everything yourself, moving takes time. Hiring moving companies, packing boxes, cleaning the house, making arrangements to buy or rent your next home... moving is a time-consuming process. Feeling like you are running behind will add to your stress. Give yourself even more time than you think you need (you'll probably find that you really needed all that extra time after all).

Even if your move is weeks away, start marking tasks off your checklist early. The more you leave to the end, the more stressed you will be. Start interviewing and hiring moving companies, or packing away items you won't need until after the move. Clean out closets and donate or sell what you aren't taking with you. You'll be thanking yourself when crunch time hits.

Create a plan and get organized. Set reasonable deadlines and goals. Organize, sort and label your moving supplies. Decide on your labeling system so the contents are clear when your pack and unpack boxes. Taking the time do these things upfront will make the work easier and help you avoid the stress of lost items and missed steps.

If you feel overwhelmed, start small. The little things will lead up to big things. And, making progress, even if it's just a small amount, will help propel you forward and ease your stress. So, make a phone call, pack up a drawer, or drive a box of old clothes to the Good Will. You are on your way already!

If you are feeling stressed, ask for help. Perhaps a friend or neighbor can watch the kids while you get some work done. Maybe your bestie is up for a packing party. Or, maybe you just need a friend to meet up for lunch and take your mind off the move for a little while. And, be sure to return the favor when it's their turn to move by being available to help or lend a listening ear.

No matter how carefully you plan or diligently you check tasks off your list, moving is stressful. Stress is a natural response to difficult circumstances, and it's okay if you feel a bit frazzled. When you are feeling on edge, recognize where that feeling is coming from. And, if you can, take breaks. Go grab a meal, call a friend on the phone, take a walk, and then you'll be more ready to focus again.

Moving locally? Perhaps GoShare can help relieve some moving stress. GoShare can help! Our network of moving professionals is only a tap away. Download the app or get a quote online to connect with a local professional that is licensed, insured, and background check. With more affordable rates than traditional moving companies, GoShare may be the moving help you've been waiting for.

Page: The Benefits of Diversifying Your Last Mile Carrier Network - GoShare

In today's dynamic retail environment, customer expectations for delivery are higher than ever. The "last mile" of the supply chain, the final leg of the delivery journey from a distribution center or retail store to the customer's doorstep, has become a crucial battleground for retailers. A successful last mile delivery strategy not only delights customers but also strengthens brand loyalty and boosts sales. However, relying on a single carrier can pose significant risks and limitations. This is where diversifying your last mile carrier network comes into play, and why GoShare's aggregator model is the solution you need.

1. **Risk Mitigation** Relying on a single carrier for last mile delivery exposes your business to unnecessary risks. Carrier disruptions due to strikes, weather events, or operational issues can lead to delayed deliveries, dissatisfied customers, and lost sales. By diversifying your carrier network, you spread the risk across multiple providers, ensuring that if one carrier faces issues, others can step in to maintain seamless delivery service.
2. **Flexibility and Scalability** Different delivery scenarios require different capabilities. A diversified carrier network allows you to match the right carrier to the right delivery job. For instance, while one carrier might excel at handling large, bulky items, another might specialize in same-day delivery for smaller packages. This flexibility ensures that your deliveries are always optimized for efficiency and customer satisfaction.
3. **Cost Optimization** Carriers often have different pricing models, which can vary based on the type of service, delivery distance, and package size. By leveraging a network of carriers, you can compare costs and choose the most cost-effective option for each delivery. This approach not only saves money but also enables you to offer competitive delivery pricing to your customers.
4. **Enhanced Customer Experience** A diversified network means you can offer a broader range of delivery options to your customers. Whether they need on-demand delivery, white-glove service, or delivery to remote areas, having multiple carriers ensures you can meet their needs. This level of service enhances the customer experience and can set your brand apart from competitors.

GoShare's aggregator model takes the concept of a diversified final mile carrier network to the next level. Here's how:

- 1. Unified Platform, Multiple Carriers** GoShare's platform connects you with a network of vetted, professional drivers and carriers, all accessible through a single, easy-to-use interface. This means you can manage and dispatch deliveries across multiple carriers without the hassle of juggling multiple contracts, invoices, or software systems.
- 2. Real-Time Visibility and Control** With GoShare, you gain real-time visibility into all your deliveries, regardless of which carrier is handling them. This transparency allows you to monitor delivery progress, communicate with drivers, and address any issues as they arise. The ability to track everything from one platform simplifies logistics management and improves operational efficiency.
- 3. Data-Driven Insights** GoShare's platform provides valuable data and insights into your last mile operations. You can analyze performance across different carriers, identify trends, and make data-driven decisions to optimize your delivery strategy. This level of insight helps you continuously improve service quality and cost-effectiveness.
- 4. Seamless Integration** GoShare's API seamlessly integrates with your existing systems, whether it's your e-commerce platform, POS, ERP, or transportation management system. This ensures that your logistics operations are streamlined and that your customers enjoy a smooth, hassle-free delivery experience.
- 5. Scalable Solutions for Every Business** Whether you're a small retailer just starting to expand your delivery options or a large enterprise managing thousands of deliveries a day, GoShare's aggregator model scales to meet your needs. As your business grows, GoShare grows with you, providing access to more carriers, more drivers, and more delivery options.

In an era where customer expectations are constantly evolving, a diversified last mile carrier network is no longer a luxury – it's a necessity. By leveraging GoShare's aggregator model, you not only diversify your carrier network but also gain access to a powerful, scalable, and data-driven platform that enhances your delivery operations.

With GoShare, you're not just adding more carriers; you're adopting a strategic advantage that will help you meet customer demands, reduce risks, optimize costs, and ultimately drive your business forward. Don't let the

last mile be your weakest link – make it your strongest with GoShare.

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

This is a great service. We booked online and the request was accepted within minutes. A few hours later our driver picked up our couch at Home Sense with no issues and delivered on time at our home shortly after. Such a great no hassle service and our delivery guy was great!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

I have found pieces of furniture at Home Goods in the past but neglected to purchased due to not having the right truck to transport- yesterday I found 2 gorgeous pieces to use in our rental home at the beach & was so happy to see the advertisement right there on top of the tv cabinet I wanted- I signed up while waiting in line & just had both pieces delivery by Henry! Very professional & punctual! Love this service & will ask for Henry in the future!

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it

was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

This is a great service. We booked online and the request was accepted within minutes. A few hours later our driver picked up our couch at Home Sense with no issues and delivered on time at our home shortly after. Such a great no hassle service and our delivery guy was great!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery!

Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

I have found pieces of furniture at Home Goods in the past but neglected to purchase due to not having the right truck to transport- yesterday I found 2 gorgeous pieces to use in our rental home at the beach & was so happy to see the advertisement right there on top of the tv cabinet I wanted- I signed up while waiting in line & just had both pieces delivery by Henry! Very professional & punctual! Love this service & will ask for

Henry in the future!

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquired about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

I have found pieces of furniture at Home Goods in the past but neglected to purchased due to not having the right truck to transport- yesterday I found 2 gorgeous pieces to use in our rental home at the beach & was so happy to see the advertisement right there on top of the tv cabinet I wanted- I signed up while waiting in line & just had both pieces delivery by Henry! Very professional & punctual! Love this service & will ask for Henry in the future!

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

Get the equipment you need to be safe and protect the cargo you're handling. Our most successful Delivery Professionals keep these items in their truck/van at all times. Click the category below to see the recommended options.

Ratchet straps are also known as cargo straps or tie downs. They are the most secure way to tie down your cargo.

Also called furniture pads and moving pads, furniture blankets protect items and prevent damage.

Moving dollies are ideal for moving very heavy items, including large pieces of furniture.

Ideal for securing items together, onto dollies, or for providing extra support to items secured with ratchet straps.

Wrap items securely to protect them while moving. Stretch wrap, also called pallet wrap is ideal for protecting furniture and appliances.

Safely transport large items and avoid back injury using a dolly or hand truck. There are several types of dollies, including: furniture dolly, four wheel dolly, appliance dolly, platform dolly, and hand trucks.

Loading Ramps or walk ramps allow for easier loading and unloading of large items into the back of trucks.

Shoulder lifting straps, also called moving straps or furniture moving straps, help more evenly distribute the weight of heavy loads while you carry them.

A durable pair of work gloves protect your hands from moving-related injuries including scrapes, splinters, and cuts. They provide an extra level of protection in case you come across something sharp or unclean.

Install a utility rack, also called a bed rack, ladder rack or lumber rack, on the top of your truck bed for extra room and carrying capacity.

Keep items secured in your pickup truck bed with a cargo net. Mesh cargo nets provide extra protection for items at risk of falling out during transport.

Wearing booties, or disposable shoe covers will protect the client's home from dirt and grease.

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

This is a great service. We booked online and the request was accepted within minutes. A few hours later our driver picked up our couch at Home Sense with no issues and delivered on time at our home shortly after.

Such a great no hassle service and our delivery guy was great!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

Very professional & punctual! Love this service & will ask for Henry in the future!

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

When additional equipment is requested for a project, such as a tool kit for assembly, the driver will bill the customer an additional fee for bringing and using the item. We understand that some of our Delivery Professionals may own and have a license to carry firearms or guns. As fellow Americans, we respect your second amendment right to own a firearm. With that being said, we highly recommend that you leave your firearms at home or in your vehicle while completing a GoShare project. Several of our retail partners prohibit carrying weapons on their property. Some customers may be uncomfortable by the presence of a firearm and request to have you removed from their project. We want to

avoid situations where a customer might cancel a project or leave you with a poor review. If you ever come across a GoShare project that you feel is not safe enough to complete without carrying a weapon, we suggest canceling that project and reporting the circumstances to us at here. We will contact the customer to help make a determination if the situation is safe to proceed. Thank you for understanding and for your cooperation.

You may see some GoShare projects offered through our business partners that are considered hazardous materials. Hazmat refers to cargo that contains material or substances that pose a danger to life, property, or the environment if improperly stored, shipped, or handled. These hazardous items require special handling. GoShare expects every delivery professional who accepts a Hazmat designated project to have taken the Hazmat 101 review, which can be accessed [here](#). Once you have taken the Hazmat 101 review there is a short assessment, which you must pass. GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

This is a great service. We booked online and the request was accepted within minutes. A few hours later our driver picked up our couch at Home Sense with no issues and delivered on time at our home shortly after. Such a great no hassle service and our delivery guy was great!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery!

Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

I have found pieces of furniture at Home Goods in the past but neglected to purchased due to not having the right truck to transport- yesterday I found 2 gorgeous pieces to use in our rental home at the beach & was so happy to see the advertisement right there on top of the tv cabinet I wanted- I signed up while waiting in line & just had both pieces delivery by Henry! Very professional & punctual! Love this service & will ask for

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquired about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it

was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery!

Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquired about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

Page: Driving Sustainability Forward: GoShare's Green Initiatives - GoShare

At GoShare, we're committed to more than just transforming the way goods are moved; we're dedicated to making that transformation sustainable. As we continue to grow, so does our responsibility to the environment. We're proud to share some of the key initiatives we're undertaking to ensure that GoShare becomes a greener, more eco-conscious company over time.

One of the simplest yet most impactful ways to reduce carbon emissions is to ensure that every delivery is as efficient as possible. At GoShare, we've implemented a strategy to use the most fuel-efficient vehicles for each job. For example, using a cargo van to deliver 1-2 pallets, which would have previously required a less efficient box truck, significantly reduces fuel consumption and emissions. This initiative not only lowers our carbon footprint but also optimizes the operational efficiency of our drivers, leading to faster and more cost-effective deliveries.

We are excited to announce that, as of August 2024, GoShare has activated about 400 drivers with electric vehicles (EVs). These vehicles produce zero tailpipe emissions, contributing directly to the reduction of greenhouse gases and air pollutants. By encouraging the use of EVs within our driver network, we're taking a significant step toward cleaner transportation. Our goal is to continue increasing the number of EVs in our network, aligning with global efforts to combat climate change.

Efficiency is at the heart of sustainability. To further reduce our environmental impact, GoShare is investing in researching and developing AI-powered route optimization technology. This cutting-edge tool will allow us to minimize the distance traveled and reduce the number of trips required for deliveries. By optimizing routes, we can significantly decrease fuel consumption and carbon emissions, while also enhancing the speed and reliability of our service. This initiative is set to launch soon and promises to be a game-changer in our sustainability efforts.

Sustainability isn't just about the vehicles on the road; it's also about how we work. GoShare's team is fully remote, which means fewer cars on the road and lower emissions from commuting. This model not only supports a better work-life balance for our team members but also contributes to reducing the overall

environmental impact associated with traditional office spaces.

Our commitment to sustainability doesn't stop here. We are continually exploring new ways to minimize our environmental footprint. This includes potential initiatives such as:

At GoShare, we believe that every company has a role to play in protecting our planet. As we continue to innovate and grow, we remain dedicated to integrating sustainability into every aspect of our operations. By reducing carbon emissions, expanding our use of electric vehicles, optimizing delivery routes with AI, and maintaining a fully remote team, we're proud to be driving toward a greener future.

Join us on our journey to sustainability—because every delivery counts.

Delivery Pros with active accounts are invited to join our private Facebook group. It's the perfect place to collaborate with other drivers and contractors, get tips, learn about new features, and share feedback with our team.

Get project requests five minutes before other pros when friends, family, and favorite customers use your promo code

Earn monthly prizes and bonuses when you are at the top of the driver leaderboard

Market your services with cards and truck magnets

GoShare strongly suggests that all delivery pros have ratcheting straps and moving blankets to protect and secure their cargo. Some jobs require additional special equipment. Consider investing in a furniture, appliance or moving dolly to be eligible for more projects. A regular hand truck dolly is the most commonly requested piece of extra equipment.

At GoShare, we strive to create a safe and supportive environment for all our delivery professionals. Our driver community plays an essential role in our mission to transform the way goods are transported, and we greatly value their commitment and dedication to providing reliable and efficient delivery services.

To maintain the integrity and wellbeing of our platform, it is crucial that all delivery professionals adhere to the GoShare Driver Community Guidelines. These guidelines outline the expectations and responsibilities that drivers must follow to ensure a positive and respectful experience for everyone involved.

While the vast majority of drivers contribute positively to our community, it is important to address actions that are not in the best interest of the GoShare community. In some cases, certain actions can undermine our mission, compromise customer satisfaction, or jeopardize the safety and reputation of fellow delivery professionals.

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

I have found pieces of furniture at Home Goods in the past but neglected to purchased due to not having the right truck to transport- yesterday I found 2 gorgeous pieces to use in our rental home at the beach & was so happy to see the advertisement right there on top of the tv cabinet I wanted- I signed up while waiting in line & just had both pieces delivery by Henry! Very professional & punctual! Love this service & will ask for Henry in the future!

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased

with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

GoShare is my now go-to for transporting materials. We manufacture building materials that require testing at 3rd party test facilities. Before we would fly someone into the town and rent a truck. Now with GoShare we simply arrange a day before and the next morning materials are delivered with no hassle and reduced cost on our end. Thank you GoShare!!!

Love GoShare! I purchased furniture at Homegoods. I was in direct communication with a GoShare rep as it was July 2 a holiday weekend. I driver accepted for next day when Homegoods opened. I spoke to the driver and you get updates to your cellphone. I will continue to use GoShare for all me delivery needs. The cost of transport was very reasonable too!

This is a great service. We booked online and the request was accepted within minutes. A few hours later our driver picked up our couch at Home Sense with no issues and delivered on time at our home shortly after. Such a great no hassle service and our delivery guy was great!

Super easy. Convenient and fast. I was needing a pickup and delivery of a package so of course I went to Google and found GoShare. Being reluctant, I did it, and the outcome was great. If you are in need of a quick, super easy and convenient delivery company GoShare is your company. I'm from Atlanta, GA I did try reaching out to other companies before this with no response. GoShare allowed me to do everything straight from the app, including track my package. Thank You GoShare.

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Great service! Downloaded the app and my furniture was picked up and delivered in about an hour! Musa, our driver, was helpful and professional. It's kinda like the Uber for furniture (or other heavy duty items) delivery! Highly recommend.

I had been looking for a service that could provide on demand courier and freight services for my business. I came across GoShare through a Google search and could not be happier with the service thus far. I've done about a dozen orders in the past few weeks and each time the driver has been on time or early, friendly, and very helpful.

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

Very professional & punctual! Love this service & will ask for Henry in the future!

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

GoShare is the Uber of when you need a "truck or a van and a guy". Great App. Fast Response. and reasonably priced. This will become more & more popular when the word gets out. I had a guy come out with a beautiful new cargo van he bought just to be a GoShare Driver. Great attitude and excellent service.

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquired about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving

GoShare was recommended in store by Bob's Discount Furniture. Signing up through the Apple iPhone App Store was easy. The process is intuitive and as simple as possible. I requested a service before we left the store - 10 minutes from start to finish. We were linked to a transport company within 10 minutes before we managed to leave the plaza. The service we received was prompt, professional, friendly, accurate and with great care. Will recommend to any friend who needs fast, reliable transport avoiding the overpriced premiums of others. Will definitely use again.

GoShare is incredible. I have used them three times now and every time they are getting me out of a bind in such an efficient and cost effective way! This third time I used bigger truck - with one day's notice! - that was clean and big and the driver and helper were fantastic. And it was a long distance delivery! I am so tired of the pricing and rigidity of the traditional moving industry. I am so grateful for GoShare.

Loved my first experience with this company and app. The driver was able to pick up the furniture on his own without me having to meet at the store I bought the furniture from, which was convenient with my busy schedule. The driver took very good care of the furniture, using blankets and tie downs. The driver also helped move it into my house, and wow was it heavy. The driver went above and beyond, I couldn't be more pleased with this app. Thanks for running a great service.

Had a wonderful experience using GoShare to get a power recliner sofa with 6 big boxes delivered from local

Costco store to my apartment. The individuals were very professional and punctual. The Goshare platform was simple and straight forward and I got response within minutes of submitting move request. I would recommend anyone looking to do moves or pickup to use their services. In fact while at Costco many people enquires about how and what I am using to move. The plus was that the platform allows you to add a helper to your request. Happy Moving
