Solutions

Our Services

Our Work

Blog

More

OnDemandStartup.com specializes in API integrations and automation between different apps. We provide you with fixed-cost integrations from your favorite tools, so you don't have to pay recurring charges on a per task basis. Ideally suited for companies running more than 5k tasks per month.

Hubspot Integrations

Integrate Hubspot with QuickBooks, zapier, your own CRM, SendGrid, Twilio, and many others. We will connect your HubSpot with any third-party API.

Quickbook Integrations

Integrate Quickbooks with your favorite CRM, make invoices from within your CRM, and Check payment status from within your CRM.

PipeDrive integrations

Integrate Pipedrive with stripe, google ads, Mailchimp, Calendly, active campaign, or your webhook. Sync Contacts and Deal Data with your own CRM or any other system.

MailChimp

Enable Custom integration with Mailchimp to map custom fields to your CRM. Show Mailchimp contact Activities as notes/or tasks in your system.

Waleed, Founder EaseFix.com

OnDemandStartup integrated our leads into our CRM, twilio, sendgrid. Our integrations allow us to save tons of money as we just pay for the server and not for per task as Zapier was costing us a lot.

Page: Privacy Policy | OnDemand Startup

This privacy policy has been compiled to better serve those who are concerned with how their 'Personally identifiable information' (PII) is being used online. PII, as used in US privacy law and information security, is information that can be used on its own or with other information to identify, contact, or locate a single person, or to identify an individual in context. Please read our privacy policy carefully to get a clear understanding of how we collect, use, protect or otherwise handle your Personally Identifiable Information in accordance with our website.

What personal information do we collect from the people that visit our blog, website or app? When ordering or registering on our site, as appropriate, you may be asked to enter your name, email address or other details to help you with your experience.

When do we collect information? We collect information from you when you subscribe to a newsletter or enter information on our site.

How do we use your information? We may use the information we collect from you when you register, make a purchase, sign up for our newsletter, respond to a survey or marketing communication, surf the website, or use certain other site features in the following ways

:

• To send periodic emails regarding your order or other products and services.

How do we protect visitor information?

We do not use vulnerability scanning and/or scanning to PCI standards. We do not use Malware Scanning. We do not use an SSL certificate

• We do not need an SSL because: We are not processing any payments or keeping sensitive information on site.

Do we use 'cookies'?

Yes. Cookies are small files that a site or its service provider transfers to your computer's hard drive through your Web browser (if you allow) that enables the site's or service provider's systems to recognize your browser and capture and remember certain information. They are also used to help us understand your preferences based on previous or current site activity, which enables us to provide you with improved services. We also use cookies to help us compile aggregate data about site traffic and site interaction so that we can offer better site experiences and tools in the future.

We use cookies to:

• Understand and save user's preferences for future visits.

• Keep track of advertisements.

• Compile aggregate data about site traffic and site interactions in order to offer better site experiences and tools in the future. We may also use trusted third-party services that track this information on our behalf. You can choose to have your computer warn you each time a cookie is being sent, or you can choose to turn off all cookies. You do this through your browser (like Internet Explorer) settings. Each browser is a little different, so look at your browser's Help menu to learn the correct way to modify your cookies. If you disable cookies

off, some features will be disabled It won't affect the user's experience that make your site experience more efficient and some of our services will not function properly. However, you can still place orders .

Third-party vendors

Third party vendors, including Google, use cookies to serve ads based on a user's prior visits to your website. Google's use of the DoubleClick cookie enables it and its partners to serve ads to your users based on their visit to your sites and/or other sites on the Internet. Users may opt out of the use of the DoubleClick cookie for interest-based advertising by visiting Ads Settings http://www.google.com/ads/preferences/ and aboutads.infoYou must disclose clearly any data collection, sharing and usage that takes place on any site, app or other property as a consequence of your use of any Google advertising service. To comply with this disclosure obligation with respect to Google's use of data, you have the option to display a prominent link to How Google uses data when you use our partners' sites or apps

Third-party links Occasionally, at our discretion, we may include or offer third-party products or services on our website. These third-party sites have separate and independent privacy policies. We therefore have no responsibility or liability for the content and activities of these linked sites. Nonetheless, we seek to protect the integrity of our site and welcome any feedback about these sites.

Facebook

We comply with facebook policies at https://web.facebook.com/policies/ads#. We use facebook leads to generate leads. We use these leads for our personal business and do not sell these leads to anyone including our partners, affilates. The data captured from the leads may be used to send information updates about our products.

Google

Google's advertising requirements can be summed up by Google's Advertising Principles. They are put in place to provide a positive experience for users. https://support.google.com/adwordspolicy/answer/1316548?hl=en We use Google AdSense Advertising on our website. Google, as a third-party vendor, uses cookies to serve ads on our site. Google's use of the DART cookie enables it to serve ads to our users based on previous visits to our site and other sites on the Internet. Users may opt-out of the use of the DART cookie by visiting the Google Ad and Content Network privacy policy.

We have implemented the following: • Google Display Network Impression Reporting • Demographics and Interests Reporting • DoubleClick Platform Integration We along with third-party vendors, such as Google use first-party cookies (such as the Google Analytics cookies) and third-party cookies (such as the DoubleClick cookie) or other third-party identifiers together to compile data regarding user interactions with ad impressions and other ad service functions as they relate to our website. Opting out: Users can set preferences for how Google advertises to you using the Google Ad Settings page. Alternatively, you can opt out by visiting the Network Advertising initiative opt out page or permanently using the Google Analytics Opt Out Browser add on.

California Online Privacy Protection Act CalOPPA is the first state law in the nation to require commercial websites and online services to post a privacy policy. The law's reach stretches well beyond California to require a person or company in the United States (and conceivably the world) that operates websites collecting personally identifiable information from California consumers to post a conspicuous privacy policy on its website stating exactly the information being collected and those individuals with whom it is being shared, and to comply with this policy. – See more at: http://consumercal.org/california-online-privacy-protection-act-caloppa/#sthash.0FdRbT51.dpuf According to CalOPPA we agree to the following: Users can visit our site anonymously. Once this privacy policy is created,

we will add a link to it on our home page or as a minimum on the first significant page after entering our website. Our Privacy Policy link includes the word 'Privacy' and can be easily be found on the page specified above. Users will be notified of any privacy policy changes: • On our Privacy Policy Page Users are able to change their personal information: • By emailing us

How does our site handle do not track signals? We honor do not track signals and do not track, plant cookies, or use advertising when a Do Not Track (DNT) browser mechanism is in place.

Does our site allow third-party behavioral tracking? It's also important to note that we do not allow third-party behavioral tracking

COPPA (Children Online Privacy Protection Act) When it comes to the collection of personal information from children under 13, the Children's Online Privacy Protection Act (COPPA) puts parents in control. The Federal Trade Commission, the nation's consumer protection agency, enforces the COPPA Rule, which spells out what operators of websites and online services must do to protect children's privacy and safety online. We do not specifically market to children under 13.

Fair Information Practices The Fair Information Practices Principles form the backbone of privacy law in the United States and the concepts they include have played a significant role in the development of data protection laws around the globe. Understanding the Fair Information Practice Principles and how they should be implemented is critical to comply with the various privacy laws that protect personal information. In order to be in line with Fair Information Practices we will take the following responsive action, should a data breach occur: We will notify the users via email • Within 7 business days We also agree to the Individual Redress Principle, which requires that individuals have a right to pursue legally enforceable rights against data collectors and processors who fail to adhere to the law. This principle requires not only that individuals have

enforceable rights against data users, but also that individuals have recourse to courts or government agencies to investigate and/or prosecute non-compliance by data processors.

CAN SPAM Act The CAN-SPAM Act is a law that sets the rules for commercial email, establishes requirements for commercial messages, gives recipients the right to have emails stopped from being sent to them, and spells out tough penalties for violations. We collect your email address in order to: • Send information, respond to inquiries, and/or other requests or questions. • Process orders and to send information and updates pertaining to orders. • We may also send you additional information related to your product and/or service. • Market to our mailing list or continue to send emails to our clients after the original transaction has occurred. To be in accordance with CANSPAM we agree to the following: • NOT use false or misleading subjects or email addresses. • Identify the message as an advertisement in some reasonable way. • Include the physical address of our business or site headquarters. • Monitor third-party email marketing services for compliance, if one is used. • Honor opt-out/unsubscribe requests quickly. • Allow users to unsubscribe by using the link at the bottom of each email. If at any time you would like to unsubscribe from receiving future emails, you can email us at • Follow the instructions at the bottom of each email. and we will promptly remove you from ALL correspondence
